

# Chapter 1013 – 1018 of Punished by His Love Novel

## Chapter 1013

She had never dealt with Darius's parents, and for a while, Suzi didn't know what to say.

At this time, Darius stepped forward and said to Suzi: "Suzi, don't be afraid, my parents really want to recognize you as their niece."

"Hmm!" Darius's father nodded three times in a row: "I want to admit it! I have to admit it! Son, it was our fault before. A Zhen mentioned it in front of us more than once, saying that you are very similar to his aunt. , But we just don't believe it, we..."

Darius paused halfway through his father's words, and he sighed for a while.

Only then did I say with difficulty: "We...Your aunt and I used to listen to other people's slander too much, so we lost our judgment..."

Darius's mother also looked at Suzi frankly: "My aunt is also at fault, son, we shouldn't listen to those people's words that have caused prejudice against you. Children, uncles, aunts, and cousins all support you not to change Lanita. Kidney."

Suzi: "..."

Darius took the words of his mother and said to Suzi: “Suzi, it doesn’t matter if you don’t recognize my cousin, or your uncle and aunt. We just told you, don’t be sad, you don’t have no relatives, you have relatives now. Now, we will work together to protect you, and we will never let you donate a kidney to Lanita!”

Suzi’s eye circles were red.

My aunt’s eyes were red: “Child. No matter how stupid we are, we can still hear it, but we don’t know which tendon is in the old man?”

Suzi smiled slightly: “Thank you, I am still very touched by you for being able to treat me like this, but I am sorry Mr. Shu, Mrs. Shu, and Mr. Shu, I...”

She spit out a sullen breath: “I’m really not what you are looking for, your nephew, I don’t know who is Mr. Shu’s little aunt. I have nothing to do with your Shu family.”

Darius’s family of three: “...”

Suzi said again: “Mr. Shu, please tell Elder Shu, I will not selflessly donate my organs to anyone, let him die of this heart.”

Darius nodded: “Okay!”

“Thank you!”

“Suzi, you can be happy!” Darius said emphatically.

Is she happy?

Although she was laughing outside Lanita’s ward just now, she was not happy.

At this moment, Suzi just wanted to cry.

She didn't even say goodbye to Darius, but buried her head in Arron's arms and let Arron forcibly drag her into the elevator.

Get off the elevator.

Then get in the car.

"Buckles! They are all ba5tards! They are all fcuking ba5tards! uuu..." Suzi finally couldn't help it, she leaned on the passenger seat, howling.

Crying like a neurotic.

Along the way, Arron didn't say anything, because he knew that at this time, he couldn't persuade him, he wanted to let Suzi's anger come out.

If not, he even worried that Suzi would be ill.

When the car drove fast into the community, Suzi suddenly said to Arron: "Arron, you stop the car, I will get off here, and then you can go to the company to deal with the affairs. I haven't been to work for half a month. The company must have a lot of affairs after only one day at work."

Arron: "I don't worry about you. I won't go to the company today."

"A lot of Qin, you don't have to worry about me. I am a very strong person. Nothing can hit me. I have you. I have the only thing to feed. I am fine. I must fight them to the end. I Coming down here, I want to call my mother. I hope she can show up." Suzi looked at Arron and said.

Arron nodded: "That's fine."

He put Suzi down and drove to the company.

Standing outside the gate of the community, Suzi suddenly shouted: "Mom..."

“Mom, you can’t hear me, mom, where are you, mom...” She cried and yelled like a child who couldn’t find a home.

## Chapter 1014

“Mom, are you here?”

“Mom, do you blame me for not looking for you for six years, so I have not come out?”

“Mom, I’m sorry, Suzi is sorry for you, you love me so much, but Suzi has not been able to protect you. After so many years, Suzi doesn’t know how you lived alone?”

You have been wandering, right? “

“Ouuu, mother, I really deserve to die.” Suzi cried and squatted on the ground.

On the way, many pedestrians were watching her, but Suzi didn’t care.

Just when she was crying silently, the phone in her bag rang suddenly.

Suzi immediately opened and glanced at it, Galia called.

Today is normal working hours. Originally, Suzi was also going to work, but early in the morning, because of a phone call from Mr. Shu, she ran into the hospital. At the same time she made herself heartbroken, the class forgot to go to work.

At this moment, seeing Galia’s call, Suzi wiped away tears in a hurry, and said to the phone: “I’m sorry Galia, I was a little in a hurry and couldn’t go to work today.”

“What!”

Galia smiled on the other end of the phone: “Suzi, the only little black box that I bought for me, there are many young girls younger than me who want to be in the company, do you know what they say?”

Galia’s tone was too excited.

Because of the excitement, she didn’t hear the sadness in Suzi’s tone.

Suzi didn’t want Galia to worry about him, so he forced a smile and said, “They are all very knowledgeable.”

“That is!” Galia said proudly: “Suzi, I don’t know if I don’t check it. Who made me a poor person? I went home yesterday and checked the relevant information to find out how valuable this small black box is. The black gold wood of Gasing Island is a hundred times more expensive than gold.”

Suzi smiled reluctantly: “Could it be that you want to sell this little black box in exchange for Dayang?”

“Huh! No! Actually I know what you mean by giving me this precious gift.” Galia said.

“The only one sent...”

Galia angrily said: “If it weren’t for your approval, how could there be millions of dollars if the only one is so small? I believe that lipstick and nail polish must be the only ones given to me, but this little black man must be you Suggestion.”

Suzi simply admitted: “Well, you are my best friend, it’s me... The first friend I made after Shanna’s mother died.”

“Thank you Suzi, thank you so much!”

Galia said earnestly: “I know you want me to marry into Shu’s house with an object at the bottom of the box, so that Shu’s family won’t look down on me.”

Galia is a smart girl.

As long as she thinks about everything,

You can figure out Suzi’s intentions.

Suzi no longer concealed: “The Shu family is a high-end compound. We common people marry into a wealthy family. It is really unassuming. There are not many dowries that are a little understated.”

Galia couldn’t help crying: “Sister Suzi! Galia, thank you, thank you.”

Suzi’s tone was very tired: “Galia, if you want to...I’ll hang up.”

Galia was relieved: “Oh, yes, I used to see you at the door of the company every day, why didn’t I see you today? You wouldn’t be absent from work, right?”

The more he said, the more doubts Galia felt: “Suzi, your tone of voice is wrong, you...what happened to you today?”

Suzi pretended to smile lightly: “Look at you little pepper seed with no conscience. I caught a cold today and didn’t go to work at the company. I’m resting at home.”

Galia: Suzi, why did you catch a cold? Was it too busy at work on the first day yesterday? Or have you been in Gasing Island for a while and haven’t taken care of yourself? Suzi, are you okay? I will ask for leave later, and go to your house to have a look...”

“It’s okay Galia, it’s okay. Don’t come here...” At this moment, Suzi really couldn’t hear anyone caring about her.

She was close to the brink of collapse.

## Chapter 1015

She trembled and tried her best to keep herself from crying: “Galia, you can go to work with peace of mind. I’ll just take a rest...”

The more Galia listened to Suzi’s tone, the more wrong it became.

She was even more puzzled: “Suzi, are you crying...”

At this moment, Suzi passed by an old lady carrying a basket to buy vegetables. The old lady squatted in front of Suzi and asked concerned: “Little girl, what did you tell grandma about you crying for? What difficulties have you encountered? Yes? Tell your grandma, maybe grandma can help you.”

Suzi: “Wow...”

“Suzi! What’s wrong with you! Didn’t you catch a cold, right?! What happened to you! Hurry up, are you going to dying me!” Galia yelled anxiously on the other end of the phone.

Suzi couldn’t help it anymore.

She immediately wailed: “Galia! They... They want my kidneys! They are all damned! All ba5tards! All ba5tards! I curse them!”

Galia: “...”

Only then did she realize the seriousness of the matter.

Who is Suzi?

Suzi has always been the backbone of Galia and Rayna.

Suzi rarely gets angry, rarely impulsive, and rarely feels vulnerable.

But at this moment, she was crying like a child.

“Suzi, don’t cry, tell me what happened, what’s wrong with you Suzi, tell me quickly, don’t cry...”

“Jarod... he finally admitted that I was his biological daughter, but it was because I wanted to change my kidney. Their daughter, Lanita, Moira’s daughter, had uremia, and she still had a month’s life. Life, Jarod wants me to give Lanita the kidney.”

“I’m... fcuking...” Galia opened his mouth and said foul words.

After a pause, she yelled: “Jarod! I curse his family for not having a good life!”

Suzi: “...”

“Suzi, don’t cry, I’ll come right now!” Galia said this and hung up the phone.

She hurriedly asked for leave from the company, and then went to the design department to find Rayna.

Rayna, who was busy seeing Galia coming over angrily, immediately asked her: “What’s wrong with Galia?”

“Someone bullied Suzi!”

Rayna: “Who! Which b!tch dares to bully Suzi, I will sit to death her!”

Rayna was used to being rude in the past, but now when he is in a hurry, he still speaks a lot of rude words.

Unexpectedly, Galia immediately responded: “Yes, that’s a bltch

Son raised! ba5tard! Go, now go to Suzi’s house, first to comfort Suzi. “

Rayna immediately packed up his work, and then went to Suzi’s residence with Galia.

At this time, Suzi was crying enough outside the community. Just when she got home, Sister Li saw what Suzi looked like. She was shocked and immediately called Arron: “Siye, what’s the matter with Madam?”

Arron at the other end said calmly: “Boil her some white fungus and lotus seeds to make her cry. She will feel better when she cries.”

Sister Li nodded and said, “Eh, good fourth master.”

Seeing Suzi’s loss of soul, Li’s heart felt uncomfortable. She carefully helped Suzi into the bedroom and washed her face with water.

Just then, the doorbell rang.

Sister Li went out immediately.

The door opened, and she was stunned: “You are...”

## Chapter 1016

“Fu’s relatives,” the woman said.

Sister Li: “...”

After a pause, Sister Li blocked the door: “I don’t know you!”

The woman smiled dismissively: "I don't know you either!"

Aunt Li trembled with anger, but she did not dare to raise her voice. She was afraid that she would startle the heartbroken Suzi: "You, who are you? Our community is so strict, how did the guard let you in?"

The woman sneered again: "I have said that, I am a relative of the Fu family, of course the guard has to let me in!"

"You...hurry up, and I'll call the police if you don't leave!" Li's wife said to the woman unwillingly.

The daughter shrugged: "Since I won't let me in, you can come down with me."

Sister Li: "..."

Suspiciously, she followed the woman downstairs and saw that Arron's father, Fu Zhengxiong, was in the car.

And Mrs. Fu Qin Wenyu.

Sister Li immediately greeted him: "Master, old lady, you two... But there are days when I haven't come here in person, you..."

Fu Zhengxiong: "I don't even go to the old house when I come back from Gasing Island! Is it true or false what Elder Shu said?"

Sister Li: "Wh...what is it?"

Fu Zhengxiong: "..."

Fu Zhengxiong already knew an important secret that Elder Shu and Arron talked about in the home.

But he didn't know what the secret was.

He originally wanted to ask Elder Shu, but as soon as Elder Shu came back, he hadn't been repaired and went to the hospital. He heard that his most beloved granddaughter was sick.

Under these circumstances, how could Fu Zhengxiong bother the elderly?

He also didn't want to come to his son's home.

Because I knew that there was no one in my son's house during the day.

Fu Zhengxiong went to the Fu Group Company first, but his son did not see him as a result.

The son's secretary replied: "The president is having an emergency meeting, please go back first, father!"

Fu Zhengxiong took out his cell phone again and made a call to his son. However, he did not expect that when he received his father's call, he only said one sentence: "Wait when I free my hands and settle the account with you!"

The son is looking for Laozi to settle accounts!

What is this called!

Fu Zhengxiong turned around and let the driver come to Arron's residence.

Qin Shuang was actually sitting in his car.

Qin Shuang has been honest for a long time.

This time I heard that Arron and Suzi came back from Jiaxing Island with a big secret, and Qin Shuang also wanted to know what the secret was.

She has always wanted to marry Suzi.

Therefore, Qin Shuang teased her aunt and followed her aunt in Fu Zhengxiong's car to come to Arron's residence. Qin Shuang volunteered to go up and knock on the door.

She wanted to behave better in front of her aunt and uncle.

At this moment, Qin Shuang was very happy when he saw Arron's domestic helper replying to Fu Zhengxiong's words.

As long as there is turbulence within the Fu family.

Then Qin Shuang's opportunity came again.

"Master, it's useless for you to ask me an old domestic helper. We are domestic servants who can't deal with the master's affairs. You should wait for the Fourth Young Master to come back and ask him again." Li said.

"Where is that woman? Is she home? I asked her!" Fu Zhengxiong asked.

Sister Li: "Wh... that woman?"

"Suzi!"

Fu Zhengxiong had planned to admit Suzi in his heart, but when he came back from Jiaxing Island, his son's attitude towards him was as cold as nine days.

This is not the woman Suzi instigating discord in the middle, but what is it?

Sister Qin said embarrassingly: “You said... my wife.”

Fu Zhengxiong: “Where did she go!”

“Madam...she goes to work, and she goes to work as soon as she comes back. She doesn’t ask for leave much.” Aunt Li said without changing her face.

She is a relatively late domestic helper from the Fu family. She doesn’t know much about the Fu family. She only knows that she is the foremost wealthy family in Nancheng.

## Chapter 1017

But Sister Li knew Suzi very well.

The wife is a good person.

When his wife was heartbroken, Sister Li didn’t want these people to disturb her.

It can be regarded as a kind of protection for his wife.

Fu Zhengxiong sighed: “Tell Suzi! If she wants to enter the Fu’s house again in the future, let her persuade my son as soon as possible and let the family of three come back to the old house!”

Sister Li: “...”

“I went to Gasing Island, shouldn’t I go home and talk about the situation there?”

Sister Li: “Hey, good sir, I see.”

Fu Zhengxiong didn't talk to Sister Li again, but looked at Qin Shuang:  
"Shuang'er, let's go!"

Qin Shuang followed Fu Zhengxiong into the car and left.

Here Li Sao breathed a sigh of relief.

She had to go back to see how her wife was. Her mental breakdown was so bad today.

What difficulties did the wife encounter?

Sister Li was about to go upstairs, and the security in the community stopped her again: "Sister Li, Sister Li."

As soon as Sister Li turned her head, she saw Anbao followed by two little girls.

"Sister Li, these two little girls said they were guests in your house?" Security asked.

Aunt Li met Galia and Rayna.

Galia asked anxiously: "Aunt Li, what happened to Suzi, what happened?"

Sister Li sighed: "Hey, the Fu family just left, he came to Xingshi and asked him a crime, but he left without letting him in, my wife..."

Thinking of Suzi's appearance, Sister Li wiped her tears.

She didn't say anything, so she took Galia and Rayna upstairs.

When I saw Suzi, Suzi was already asleep.

She almost collapsed from crying outside just now.

When she was tired, she was sleeping very heavily now.

However, Suzi's face was extremely pale.

Galia and Rayna felt extremely uncomfortable.

"What to do?" Rayna cried and said, "We can't watch Suzi being bullied like this!"

Galia: "We must kill the Lin family! Didn't Elder Shu intercede in front of Fourth Master Fu? Arron can't kill them, we can kill them!"

Rayna said: "Let her sleep for a while, let's go out to discuss a countermeasure!"

Galia nodded.

In order not to affect Suzi's rest, the two came out of Suzi's house again.

Before leaving the community, Galia suddenly thought of someone: "Rayna, we have to deal with the Lin family of three. This is really necessary to discuss a countermeasure. I know who can discuss it."

Rayna also thought: "Dalia?"

"Well! She is a little older than us, and has been following Kraig. Let's discuss with her first to see if there is the best countermeasure."

"Good!"

Galia took out his mobile phone and called Dalia.

Hearing what happened to Suzi, Dalia was stunned.

She immediately said: “I happen to have not yet returned to Kyoto, you come to me now, we have a good discussion, three women can also be a head cobbler, this time, we must severely punish the Lin family! We have to tell Jarod, Suzi There are friends too!”

Galia nodded: “We will go to you right away.”

After closing the line, Dalia waited for Galia and Rayna at home.

About an hour later, when someone rang the doorbell at the door, she immediately got up to open the door.

Du Huanshan was stunned when he saw the people at the door.

At the door stood a woman in olive-green overalls.

The woman’s eyes smelled like a fox.

Her tone was strange at times, as if she was asking: “Are you Dalia?”

## **Chapter 1018**

Dalia looked at the woman up and down.

The woman looked like a female soldier.

But, it’s not very similar.

Because it’s just the color of the clothes.

Her clothes are more like work clothes.

“You are...” Dalia was sure he didn’t know the woman in front of him.

Moreover, the villa she and Kraig live in is considered a holiday place for Kraig. Most of them live in Kyoto. The reason why they live here this time is because they are waiting for Arron and Suzi to return.

“Courier.” The woman said.

Dalia: “Women also deliver express delivery? But...I haven’t ordered express delivery either!”

She went to the mall and came back when she bought some clothes and jewelry. She had never ordered express delivery.

The woman raised her eyebrows and smiled, with a frivolous tone in her tone: “I’m sorry, there are many occupations in this world, maybe all housewives like you who don’t leave home have heard of it.”

Dalia: “...”

This woman, why did she speak with a gun and a stick?

Dalia is a steady and gentle woman. At this moment, her own man, Kraig, is discussing matters with Arron at the Fu Group Company. She is the only one at home, so she can only patiently ask: “Miss, what do you have? Something?”

“I said! I’m here to deliver the courier!” The woman glanced at Dalia.

Dalia rose up: “Sorry! I didn’t order express delivery, please leave here immediately!”

The woman laughed and her tone eased: “You did not order the express delivery, but Mr. Jun ordered it, and this is an international express delivery. I

am also a professional international courier. The express delivery I sent is an extremely important confidential document. I advise you to accept it.”

Dalia: “...”

I was a little nervous.

She is just a little woman.

She has never been involved in Kraig’s business affairs. At this moment, Dalia can’t think about why such confidential documents are sent to this leisure villa?

Instead of sending it directly to your home in Kyoto?

Dalia didn’t think about it.

She only turned out the documents in the woman’s hands and said politely: “I’m sorry, I...thank you for sending the documents. Don’t worry, I won’t look at such confidential matters. When my husband comes back, I will Give him the documents.”

“Your husband?” the woman asked in a lightly mocking tone.

Dalia’s little face blushed: “...”

She was a little guilty.

However, to a stranger she doesn’t know, she can’t explain to others that Kraig is not my husband, and we have no status?

After a few seconds, she nodded: “My husband.”

“Heh!” The woman smiled: “I have given Mr. Jun several confidential documents. I have known him for more than ten years. I haven’t heard of him yet. Kraig has married?”

Dalia: “...”

Before Dalia could react, the woman turned and left.

He didn’t even say hello.

Dalia looked at the back of the woman walking. Although the woman was wearing an olive-green overalls, she had a small waist, as if a man could pinch it with a big hand.

Especially the posture of women walking.

The waist is twisted like a water snake.

Dalia couldn’t help but said: “True Sao.”

How can such a woman...deliver courier?

She doesn’t understand.

Did not think about it.
