

# Chapter 1025 – 1030 of Punished by His Love Novel

## Chapter 1025

After a pause, he calmly said, “I have forced her to serve this purpose. Isn’t it enough for her to resist?”

Elder Shu sneered again: “What did we force her to do?”

“They are sisters! My sister is dying! My sister has two good kidneys. Shouldn’t I donate one to my sister?” Old Man Shu said very righteously.

At this moment, he simply forgot that he had loathed Suzi, disliked Suzi, and persecuted Suzi so many times.

Had it not been for Suzi’s strong survivability, perhaps Suzi would have died long ago.

Is it possible to donate a kidney to them if he is dead?

Darius was angrily laughed by Mr. Shu: “Why did you kidnap her to the moral high ground?”

“As they are sisters!”

Darius: “...”

He didn't want to talk to Grandpa anymore, and Darius left angrily.

"A Zhen..." Mother shouted.

Darius paused and looked at his mother: "Mom, are you okay?"

Darius's mother said: "Go and persuade your cousin Rayna, this is not Rayna's business after all, she is like this..."

Darius sneered: "Mom, have you ever thought about what it's like to Suzi? After persecuting others for so long, six or seven years, now you need someone else's kidney. If someone treats your son like this, would you promise you?"

Darius's mother said: "I will fight him hard!"

"That's all right..."

Sure enough, Darius turned around and left in a stride. He was going to Arron's house to take a look at Suzi.

He can't control that much.

When he got out of the hospital, Darius called Galia. On the other end, Galia was connected quickly: "Hey! The son of the Shu family!"

Darius laughed at himself: "Galia, don't ridicule me. Why are you calling me Young Master Shu?"

Galia sneered, "Darius! Although I love you very much, I can't just watch your grandpa bullying Suzi. I'm going against your grandpa. Your grandpa won't let you marry me. Break early!"

Darius: "..."

It took a few seconds before he said, “Galia, now is not the time to make a fool of yourself. Although you almost killed Lanita just now, you just let out a little bit of anger. We are now going to discuss how to help. Suzi, how is Suzi now? I’m rushing to Suzi’s house now, let’s go together!”

Galia: “...”

There was a pause for a few seconds before she said: “Yeah.”

After a pause, Galia said again: “I really hope that Lanita will be pissed to death this time. It’s best to be pissed to death today. The big deal is that we go to jail!”

Darius: “I know...I hope she can die of anger today.”

“Then tell me how is Lanita now?” Galia asked.

“When I came out, she was still rescued.” Darius said.

Galia immediately became happy: “It’s great! Tell Suzi the good news.”

Darius: “...good.”

After hanging up the phone, Darius drove towards the residences of Suzi and Arron.

Arron lives in the most upscale community in Nancheng, and Darius has only been here once. When he came outside the community, he stopped the car and planned to call Suzi Alive Galia. He needs someone to lead him from the security. , He can come in.

At the moment he called, he inadvertently looked out of the car window, and Darius suddenly burst out: “Sister-in-law...”

# Chapter 1026

Darius has never seen the little aunt.

He was not born in the year my aunt ran away from home.

But when she saw those eyes, he blurted out for some reason.

However, when he hurriedly pulled the door and walked out of the car, those eyes were nowhere to be found.

People?

Darius looked around.

But I can no longer see the ragged figure.

He stood there, feeling melancholy.

An old lady carrying a basket happened to pass by Darius. The old lady mumbled alone: "Hey, I don't know what's going on at this intersection. Yesterday there was a girl here crying and crying to her mother. The one who was crying was called a Pathetic."

Darius: "What did you say, old man?"

The old lady continued: "Today, there is another person here called Auntie."

After finishing speaking, the old lady didn't look at Darius, she just hobbled away with a basket on her back.

Darius was left alone, and suddenly burst into tears.

Auntie!

Is it possible that sister-in-law is still alive?

Is it possible that my sister-in-law is moving around here?

Thinking of this, Darius couldn't wait to see Suzi even more.

He originally wanted to call Suzi, but when he thought about it, Suzi was in a bad mood these past few days, so Darius took out his phone and called Arron.

On that end, Arron got through quickly.

Arron's tone was still very calm, as if nothing had happened: "Hey."

Darius's tone was extremely apologetic: "Fu Si Ge, how is she Suzi?"

"Not good!" Arron said.

Darius: "... " After a pause, he said: "What I say to apologize now? I apologize for my grandfather. These words are all false. I am outside of your community. I am here. Discuss how to deal with my grandfather and the Lin family."

Arron: "... "

Darius said, "Fourth brother, tell the security guard, I will come in?"

Arron sighed, "Okay! Come in now."

"Good."

After closing the line, Darius called Galia again. On the other end, Galia said, "I'm at Suzi's house now."

Darius drove into the community quickly. The security of the community did not stop him. He drove all the way to the door of Arron, and when he saw Arron, he was waiting downstairs.

“Four brother, you... didn’t go to the company today?” Darius asked.

Arron: “Suzi became ill. He started to have a fever yesterday. He went to the hospital to get an IV and the fever went down, but now he has a fever again.”

Darius: “...I’m sorry, brother four.”

Arron asked, “Is Lanita dead?”

Darius: “I don’t know. When I came, I just came out of the rescue room. It seems that my condition has deteriorated.”

After a pause, Darius said: “Four brother, in view of the agreement between you and my grandfather, I know you are very embarrassed. He can only admit his fate, maybe when Suzi comes back, Lanita will be dead.”

Arron nodded: “At present, there is only this way to go. But...”

After Arron said half of his words, he stopped.

He did not tell Darius that the reason why Suzi was reluctant to go out and hide was because of his mother.

Suzi was sure that his mother was nearby.

It must be near here.

If Suzi leaves home for half a year, what will his mother do?

Although her mother is unwilling to show up now, at least Suzi knows that she is alive, and the only thing her mother can see Suzi every day is her hope of continuing to live.

However, if Suzi took the only one to hide for a while, she couldn't think of the consequences.

Suzi didn't dare to think, could he still be in this life

See the mother.

## Chapter 1027

Darius asked puzzledly: "But what?"

Arron said nothing: "Come up first."

Darius followed Arron up.

In the huge living room, sitting Galia, Rayna, Lenny, Dalia and Kraig.

Seeing Darius coming in, Lenny immediately bounced up. He ran up to Darius and grabbed Darius by the collar: "Old Shu! You Shu's family is not human anymore!"

If you speak, Darius will be beaten by slap too much.

Darius did not resist.

He looked at everyone and focused his gaze on Galia: "How is Suzi now?"

"Fever, sometimes talking nonsense, constantly yelling 'Mother', sometimes shrinking into a fright, constantly yelling, 'Don't dig my kidney, don't!'"

When Galia said this, Darius's eyes were red.

"Take me to see her." Darius said.

Galia took Darius to the outside of the bedroom.

Standing outside the door, Darius glanced.

The girl was lying on the wide bed, covered her with the quilt, making her look very thin, only a pale face appeared outside the quilt.

She fell asleep.

It looks very quiet.

However, her brows frowned tightly.

She lay alone on a bed that was so big and so big, and she looked lonely, very depressed.

This made Darius couldn't help but think of when he first saw her six years ago.

She is so lonely and helpless, living in this city, like a joke, a plaything, kicked like a ball by the upper class in the city.

In the end, he splashed dirty water on her.

However, it was just such a little girl in a passive environment, but she survived unswervingly. Because at that time there was a child in her belly.

For this child, she managed to bravely rush to Arron's wedding scene, trying hard to fight for a good future for her child.

For this child, Suzi almost died in his life.

How hard was she at that time?

In the most difficult time, she was a girl working as a plasterer on the construction site.

In such a poor day, she still took a child, and with a paralyzed brother Sanford, Suzi still survived.

She is very strong.

Many men admire her strong vitality.

However, it was such a strong girl who lost her vitality at this time.

She was lying on the bed, motionless, with a small face, almost not as big as a half-slap of Darius.

Darius didn't dare to step forward and touch Suzi.

I just feel extremely guilty in my heart.

They all owe Suzi to the Shu family.

Even owed her mother.

This afternoon, Darius stayed at Arron's home. In the afternoon, the doctor came to check for Suzi.

Arron asked the doctor: "My wife..."

"Don't worry, Fourth Master Fu, his wife is just eager to attack her heart. In fact, she is not seriously ill. You should take care of her. Don't stimulate her

again these days. Slowly recuperate and she will recover.” The doctor’s words made Arron rest assured. A lot.

It wasn’t long after the doctor left, it was already half afternoon.

At this time, Christopher also happened to pick up Lilly.

The little things were gloomy along the way. At first, Christopher teased her, but Shen only kept silent, so Christopher stopped teasing her.

When he returned home, Shen Only ran to his mother’s room to take a look.

She did not cry, and came out of her mother’s room.

When he came to the living room and saw Darius, Lilly suddenly said with tears: “Uncle, you can ask your grandfather, can you use my kidney?”

## Chapter 1028

Darius: “...”

Everyone present: “...”

Arron got up suddenly and hugged Shen Zuo-qin in his arms.

Galia also glared at Darius: “Young Master Shu, you can let your grandfather go to death!”

“Galia!” Christopher scolded Galia angrily: “Why are you talking to Master Shu Family!”

“Brother!” Galia looked at Christopher.

Christopher said: “Young Master Shu and Grandpa Shu are two different things. You can’t blame the Young Master Shu, this will affect your feelings!”

“I don’t want this feeling! Because I can’t serve his grandfather like this!”

Christopher: “...”

Darius: “...”

He looked around, Rayna was crying.

Dalia also has red eyes.

Su Darius suddenly said: “All these things are caused by the Shu family. The woman Lanita is also the granddaughter my grandfather insists on. Darius will decide this matter! Tomorrow, listen to my good news. !”

As long as the words were necessary, Darius left Arron’s house.

He drove all the way home.

When he got home, Darius made another call with Mr. Shu: “Grandpa, you come home, I have something to discuss with you.”

At that end, Mr. Shu said impatiently: “A Zhen, what are you going to mess with? Your cousin just pulled back from death this morning, what are you messing with!” “My cousin, my cousin! Is it your granddaughter? My grandson, I’m not your relative anymore!” Darius yelled angrily on the phone.

At that end, Old Man Shu calmed down, “A Zhen, what’s the matter with you?”

Darius’s tone calmed down: “Grandpa, you come back. I want to discuss with you about the replacement of Lanita’s kidney.”

Elder Shu was immediately surprised: “What do you mean?”

“I went to Suzi’s house this afternoon.” Darius said.

Elder Shu immediately asked hopefully: “She... did she promise to give Lanita a kidney?”

Darius: “That’s roughly what it means, so you come back first, and I will sum up this matter with you.”

“Okay!” Elder Shu said happily immediately.

After closing the line, he returned to the ward and said: “Good news, good news, Lanita, you are saved.”

Lanita immediately moved her eyes in surprise, “Really...really Grandpa?”

Elder Shu nodded: “Suzi promised to donate a kidney for you.”

Lanita rushed to ask: “Should you give me two? I want two! She won’t be able to live like this! And I will be very healthy. After Suzi’s death, I can still marry Arron! Grandpa! , You must convince Arron to let Suzi give me both kidneys!”

“Yes! Both kidneys were dug for her! Let her die!” Moira said viciously.

Jarod: “...”

Elder Shu: “...”

If Lanita said something like this before, Elder Shu might scold her granddaughter, but now, especially when Galia, Rayna and Dalia came to make a fuss this morning, Elder Shu became even more sick of Suzi.

Their kind of troubles clearly wanted Lanita’s life!

Elder Shu said: “Okay! Grandpa must dig out both of her kidneys and use them for my granddaughter.”

## Chapter 1029

Lanita asked, “Can you take me to grandpa?”

“Of course!” Elder Shu said with confidence.

Lanita immediately smiled happily: “Thank you, grandpa.”

Elder Shu comforted Lanita a few more words before leaving the hospital, and the driver drove him back to Shu’s house.

At this moment, Darius was sitting in the living room waiting for Mr. Shu.

Seeing the old man come in, he looked at his own grandfather with a cold face.

Elder Shu could also tell the difference from Darius’s expression.

His tone fell into a low tone: “Did you specifically call me to come back and discuss your cousin’s condition with me? Didn’t you go to Arron’s place today? You told me on the phone that Suzi agreed to give Lanita Kidney?”

Darius sneered: “Grandpa, don’t you think that being benign will hurt?”

Elder Shu also sneered: “Your grandfather, I have been upright and upright throughout my life, and I have never done anything that hurts my conscience!”

“Then why do you treat Suzi so much!” Darius looked at Elder Shu with anger.

“Because she robbed your cousin’s husband! Because she bewitched you so that you can’t forget her like this! Because I disgusted her!” Master Shu said bluntly.

Darius: “Since she is so disgusting, don’t worry about her kidney!”

“That can’t be done!” Elder Shu said, “Using her kidney to save Lanita’s life, it is her own atonement!”

“Grandpa!” Darius gritted his teeth: “Aren’t you just relying on Arron’s promise to you to bully Suzi!”

“Yes!” Elder Shu admitted frankly.

He looked at Darius with no guilt: “If it weren’t for my kindness to Arron to reinvent, I would really not dare to be so presumptuous in front of Arron, but when Arron owes me, I need him to pay it back. He could not return me for the rest of his life, but it is different now.” “Now, your cousin is lying in the hospital and needs help. Can I take care of that much?” Elder Shu asked Darius.

Darius: “Okay! In that case, I will dig out my kidneys now, and both of them will be dug out for your granddaughter!”

Sure enough, Darius suddenly pulled out two daggers. Without even thinking about it, he raised his hand and stabbed him in the waist.

“Stop! You’re crazy!” When he said that it was too late and then it was fast, and with a blink of an eye, Old Man Shu actually grabbed the knife in Darius’s hand.

Darius looked at Elder Shu in shock: “You... why are you so strong?”

Old man Shu sneered: “When I was young, I came out on the battlefield with bullets and bullets. It’s not a problem for your grandpa to beat one or two people with my bare hands!”

Darius: "..."

Elder Shu sneered at Darius again: "You want to die? No way!"

Yubi, as soon as he turned around, Elder Shu shouted to the door: "Come here, tie him up for me, and give her three times a day to eat! When will my granddaughter's kidney change succeed, let him go, I see How could he be bewitched by Suzi!"

When Mr. Shu finished speaking, four sturdy men overpowered Darius.

Darius snarled, "Grandpa, without my persuasion, you would never want to persecute Suzi! Neither Suzi nor Arron would agree! You will die!"

Elder Shu sneered: "..."

Darius continued to roar: "Grandpa..."

Without waiting for Darius to speak, Elder Shu asked four big men to crush Darius down.

And he, sitting alone in the huge living room of Shu's family, said to himself: "Boy! Do you think I will count on you to convince Suzi?"

"You thought I would expect a woman like Suzi to donate kidneys to Lanita? If you want a kidney, I naturally have my own way!"

Finally, Mr. Shu said calmly: "Suzi, it's time for you to pay your debts!"

## **Chapter 1030**

This evening, apart from Darius and Lin's family, no one knew what Elder Shu had done to Suzi.

Arron and Suzi were even less likely to know.

This night, Suzi's fever gradually receded.

People are sometimes very enigmatic and mysterious animals. Suzi has been feverish and keeps going back and forth again and again.

But, this night, Lilly has been waiting by her mother's side, and she kept yelling in her childish milky voice: "Mom, mom."

After a while, Shen only took up water and wet his mother's lips with a cotton swab.

Little child, only six years old, her father and the domestic helper persuaded her to go to sleep, but Shen said that she was not tired.

I don't want to sleep either.

She has to take care of her mother.

When she was younger, she also took care of her mother.

These words directly struck Rayna and Galia, who had stayed to take care of Suzi, crying.

However, it was Shen's only care for his mother. This night, Suzi finally had a fever.

Although her face was pale, she felt a little bit of recovery from a serious illness.

In the early morning of the next day, Suzi slowly opened his eyes.

She felt like she had passed a century for as long as he had many dreams.

Most of them are nightmares.

She dreamed that many people were holding knives and chasing them continuously behind her, but she was pregnant with a big belly. She ran and ran, but at the end she ran to the edge of the cliff.

Taking a step forward, she will chase like an abyss.

But behind them, so many people with knives, they stared at her closely and approached her step by step.

In the end, several knife colleagues penetrated her waist.

They took her kidney alive.

Two were taken away.

She can't live anymore.

But her baby.

“Only, what about my only? If I die, what about my only? The only, the only...”

When the six-year-old Lilly wiped Suzi's mouth over and over again, Suzi also called the only name over and over in his dream. Suzi relied on this bit of perseverance to support herself. When she woke up from the nightmare, she told herself that this was just a dream, it was not true.

She is still alive.

Her only is by her side.

She is a mother, she can't be so sad, decadent, and spirited down.

She can't.

Her only was six years old.

Suzi slowly opened his eyes.

The fever on her forehead subsided, and she opened her eyes and saw a small face lying on her stomach, a pair of small hands opening and hugging her.

Lilly was already asleep.

Little things are too tired.

Suzi didn't dare to move.

However, as if telepathically, Suzi woke up, and Lilly woke up too.

"Mom!" Lilly was extremely surprised: "Mom, are you awake?"

Suzi suddenly burst into tears: "The only one...sorry baby, mom...sorry, are you scared?"

Lilly shook his head: "I'm not afraid of mother, I will take care of you, mother, I know why you are sad, you don't want that big bad old man to dig your kidney, mother, I think of a good way, you can not let it She digs your kidney."

Suzi's heart was extremely gentle, and she asked with a weak smile: "Then the only thing to tell her mother, how can we not let the old man dig her mother's kidney?"

"Dig mine." Lilly said bravely.

Suzi: "..."

She burst into tears.
