

Chapter 1031 – 1036 of Punished by His Love Novel

Chapter 1031

Then you sit up and put the only one in your arms. She said in tears, “As long as my mother is alive for one day, my mother will never let anyone hurt my only one, never! Isn’t it the old man surnamed Shu!” Her kindness to your father has been wiped out in the past few days! Today, my mother told him at the hospital that if he dares to covet my kidneys, I will kill him on the spot!”

Lilly also looked at his mother firmly: “Yeah! D*mn it, badass!”

Suzi murmured to the only one: “Mom can’t die, mom must be healthy, mom must protect my baby, must!”

If it was necessary, she forced herself to prop herself up and got off the bed. She wiped her forehead, not feeling hot anymore.

She is going out to find food now, and she is going to make herself strong.

Only if you are strong can you deal with everything in the outside world.

Seeing Suzi’s improvement, everyone was extremely happy.

“I’m hungry, Arron.” Suzi said to her husband.

“Okay, I’ll serve it for you right away.” Arron went to the kitchen personally and gave Suzi the porridge and side dishes.

Sitting at the dining table, the two colleagues spoke.

“Suzi, I think about it...”

“Arron, I’m thinking about it...”

The two looked at each other at the same time.

Suzi smiled: “Arron, you speak first.”

Arron: “I have made a decision...”

In order to make this decision, he thought all night, all night.

At this moment, Arron’s tone was extremely cold: “I think it’s good, Mr. Shu certainly saved my life, saved my mother, and saved our family, but this cannot be his threat to me. Capital.”

Suzi: “...”

She looked at Arron with tears under her eyes.

This is exactly what she wants to say to Arron.

Arron continued: “After you have eaten, the doctor will come to see you. You can rest at home and let the only one sleep. She didn’t sleep well last night.”

Suzi: “Arron, you...”

Arron’s tone was calm.

He even laughed: "Suzi, do you know that since you and the only two of you came back, I...have rarely been killing them, and today...I will be bold once. "

Suzi: "..."

"I will make the Lin family of three and not see the sun tomorrow." Arron said.

Suzi: "..."

"In this way, Lanita can be regarded as fulfilled, she can suffer a lot less." The man's tone was extremely calm.

Suzi knows her husband very often.

It's hard to change what the husband decides.

Not to mention that her husband had this decision in his heart, even she Suzi thought so!

She touched her husband's hand: "I will go with you!"

Arron: "..."

Just as he was about to persuade Suzi to let her stay home well, and he would do it smoothly, the doorbell rang.

Sister Li, who was busy in the kitchen, hurried to open the door.

It was the security in the community that passed the message at the door.

Security usually seldom goes upstairs to disturb the owners. This morning, Mrs. Li was also very surprised and asked: "What's the security? Did something happen?"

After speaking, Sister Li sighed, “Hey, don’t let anything happen. There has been enough family affairs in these two days.”

However, the security guard said in a panic: “It’s not good Aunt Li, is Mr. Fu here? Something happened at the gate!”

Hearing someone calling him, Arron immediately got up and went to the door, and asked, “What’s wrong? What happened?”

Security hurriedly said to Arron: “Fu Siye, you...hurry up and take a look at the gate of the community. The gate of the community is already...”

Before finishing talking about the security, Arron rushed into the elevator, and then Suzi also rushed out. The two went downstairs together and came to the gate of the community together.

When they saw the crowd at the door, the two were stunned.

Chapter 1032

At the gate of Arron’s community, Wuyangyang gathered no less than dozens of reporters.

They are carrying SLR cameras, microphones, cell phones, recorders, all kinds.

These reporters are all looking forward to watching the community.

Some could not wait, they asked the security guard: “Excuse me, when will Mr. Fu and Mrs. Fu come out?”

Seeing such a scene, Arron was stunned.

Calm and fierce like Arron, I really didn't expect such a scene at my door.

"What's the matter?" Arron turned around and asked the security.

Security guard said tremblingly, "Four Lord, we...we don't know what happened. Just now, so many reporters suddenly swarmed in. These reporters all said that they had received some exemption cards. , It seems that Elder Shu asked them to come."

Arron: "..."

Only then did he realize that when he was still in the company meeting to discuss the incident between Suzi and Lanita yesterday morning, Mr. Shu called in.

The content is very simple: "Arron, you are determined not to let Suzi donate a kidney to Lanita, do you?"

Arron said in a very calm tone: "Yes! It is impossible to give it to her!"

Elder Shu said again: "Arron, one less kidney, it doesn't matter."

"That's not for her either!"

"Is it just that you can't save me?" Old man Shu asked in an old voice.

Arron asked in turn: "Master, let me ask you, if Suzi needs a kidney transplant, she needs a kidney from Lanita, will you or the Lin family agree to give a kidney from Lanita to Suzi?"

Elder Shu: "... " Arron sneered: "Master, don't rush to answer me, you should think carefully! You are not a big lie in your life, you should consider it carefully before answering me!"

At that end, Elder Shu remained silent.

He doesn't need to answer.

Of course he wouldn't let Lanita's kidney be given to Suzi.

After a pause, Grandpa Shu said quietly, "Arron! You know, Grandpa Shu, I'm not that kind of person. If anyone's life is a day away and needs a kidney to save his life, I'll convince my granddaughter to save my life. One lives."

Arron immediately said, "But Suzi alone can't, right?"

"Yes!"

Elder Shu said angrily: "Arron, you look back at Nancheng in the past six years, how chaotic the whole upper circle is? You, A Zhen, the Xu family boy, Joan, and your twins on Jiaying Island. Brother, you are all used by her!"

"Who has she let go of you?"

"Even, even during your mother's years in prison, I suspect she was using your mother!"

"Your mother died right after she was released from prison, don't you doubt Arron?"

"And Sanford, his legs are paralyzed!"

"Joan, I almost lost my life!"

"I heard that Siu, the daughter of your Uncle Jun Chengyin, almost died because of her!"

“Arron, Suzi is just a woman who cannibalize human flesh, drink human blood, and don’t spit out bones! Why do you brothers, one by one, have to drill her full set? Can’t you wipe bright eyes? “

“Arron! I asked Suzi to take out a kidney to Lanita, not only to save Lanita’s life, but also to make atonement for Suzi. Suzi owes this city, owes you, and owes your mother. Yes, she always pays it back!”

Hearing this remark of Old Man Shu, Arron’s angry hair became rooted.

Chapter 1033

He bluntly said to Old Man Shu: “Old man, you are right. No matter what you say to me, I won’t blame you, right?”

“Yes!” Old man Shu said sharply, “I know your mother Shanna very well! She is a woman of good conduct! The son she has educated can’t have no principles and no bottom line! It’s impossible to be ignorant of grace!”

Arron: “...”

“Arron, you grew up when I watched you. I know your temperament better than you! You can bleed, you can lose flesh, you can behead decapitated, and you will treat your enemies without mercy, but you also speak very well. Credit and loyalty.”

What Elder Shu said was true.

She Arron does speak of loyalty.

Seeing that Arron was silent, Elder Shu continued: “Arron, if you didn’t talk about loyalty, how could you have such a close relationship with the Jun family’s Kraig? How could you have such a strong relationship with Zhong Muzhan in the southwest? And the northeast? Jiang Chenhe?”

Arron had to admire it.

He smiled indifferently: “Master, do you even know this?”

“How many friends do you have, some of the hardest friends of life and death, I know.”

Ginger is indeed old and spicy.

This is Arron’s evaluation of Mr. Shu.

Hearing that Mr. Shu finished his analysis, Arron also slowly said: “Father, what you said is correct. I am indeed very loyal.”

After a pause, he said: “I am not only very loyal, since I have a daughter and a wife, I also have a chance not to kill. But what does this mean? You want Suzi’s kidney, it’s impossible!”

Elder Shu: “You...”

Arron didn’t wait for what Elder Shu said, and cut off what Elder Shu said: “What do you call atonement? Suzi does not owe this city, it is the city that owes her! The Lin family owes her! And she owes no one. As long as I’m here, no one can even take her kidney away!” Elder Shu: “You...”

“Father, for the safety of your granddaughter, I hope you can find a suitable kidney for your daughter during this month. If you don’t look for it again, I am afraid that time will be too late.”

Arron hung up the phone decisively.

At that end, Jarod and Moira in the hospital looked at Elder Shu anxiously: “Master, look at this...”

Elder Shu's expression was very calm: "For my granddaughter Lanita, I have a way to treat her. This woman controls the men in the upper circle of Nancheng with her own strength. If I don't get rid of her this time, I won't Surname Shu!"

Hearing the words of Old Man Shu, Jarod's family of three was overjoyed.

Especially Lanita, she had forgotten that she was a D*mn person.

She asked Elder Shu excitedly: "Grandpa, can you...give me both of her kidneys? So that I can be a perfectly healthy person, and also her blood. ..."

Old man Shu smiled and said, "As long as you two are sisters, everything about her is yours. A woman like her who has harmed her for thousands of years, she shouldn't leave anything behind."

Lanita: "Hehe..."

Elder Shu walked out of the ward as he said, he called his own stop, and ordered one by one to go down.

No one knows, what he ordered, no one knows how much work he has done behind his back.

Until the night passed, so many reporters were blocked at the gate of Arron's community.

At this moment, when Arron and Anbao came to the gate of the community together, reporters swarmed around.

"Excuse me, Mr. Fu, is your wife Suzi really Miss Lanita's sister?"

"Mr. Fu, how can your wife be so cruel that she can't even save her own sister?"

Arron: "..."

Chapter 1034

"Mr. Fu, please answer our questions. If you can't answer, please come out with your wife."

"Mr. Fu, I heard that your wife has been in the Lin family for eight years. Couldn't it be true that she has been in the Lin family for eight years?"

"Mr. Fu..."

Watching these reporters questioning him without fear.

Arron had an urge to open the killing ring.

Just then, his cell phone rang again.

He picked it up and saw that it was Mr. Shu calling.

Arron immediately connected, and his tone was still calm: "Hey..."

"Arron, have you seen the reporters at your door?" Old Man Shu asked.

Arron: "You got them all?"

Elder Shu: "I told them that the law does not suppress the masses. As long as they attack in groups, you won't do anything to them. Besides, with me behind them, they can ask you questions unscrupulously."

Arron: "..."

"Arron, what I want is very simple, Suzi's kidney."

Arron: "Aren't you afraid of driving my wife to death?"

Father Shu: "That's exactly the result I want."

Arron: "..."

Elder Shu continued: "Your father, Fu Zhengxiong, dare not care about you. Your grandfather is older than me. He is a hundred years old. I know they can't help you. Especially your father. He feels guilty for you. Heart. But I am different."

After a pause, Elder Shu said: "Let me replace your grandfather, your father, give you a tight bone, I will lose your wife, and if Suzi is forced to die, I will pay. Give you a wife!"

This is extremely domineering.

So domineering, Arron had nothing to say.

Not only that, but Elder Shu also figured out the next step.

"Arron, I'm sure you won't be as decisive as you used to be, simply and mercilessly, do you know why?"

Arron: "Listen carefully!" "The only one!"

Arron: "..."

"If you have the only one, you can no longer slaughter like before, kill people when you want to kill, between talking and laughing, because at that time you didn't put your own life in your eyes, let alone the lives of others?"

"But now it's different, you have the only one."

“The only thing is your biggest weakness in this life, Arron. Now that you have a weakness, you must be softened.”

No!

What Elder Shu said is the truth.

Since the only one came to him, Arron had a daughter, and he could no longer run wild like before.

“Arron, I know one more thing.” Old Man Shu said on the other end of the phone again.

Arron: “...”

“After I talked to you yesterday about Suzi’s kidney transplant for Lanita, after a whole night of deliberation, you have actually decided to kill the Lanita family. Promise, right?”

Arron was silent.

He did think so.

He plans to do the same.

However, Arron never expected that he would be blocked by reporters from Nancheng and the whole country early in the morning.

Elder Shu used moral high ground to kidnap him and Suzi.

If it were in the past, when he saw these reporters, Arron would behead these reporters without leaving any sc*m.

But now, as Mr. Shu said, he has weaknesses.

The only thing is his weakness.

Coincidentally, at this moment, Shen Only came behind Arron.

The little girl had spent the night with her mother in her mother's room, but she didn't fall asleep next to her until early in the morning.

However, although the child is small, he is very persevering.

Maybe it was because of worrying about his mother's condition. Just now the house was a little noisy, and Lilly was awakened.

Chapter 1035

When she crept out, all she saw was the security guard calling Arron.

Arron got down from the elevator.

Before the door was closed, the little girl in a small floral pajamas ran up and down the stairs.

Li Sao and Suzi behind them both shouted in unison: "The only one, what are you going to do with the only one?"

Lilly has already gone downstairs.

Li's old arms and legs couldn't catch up.

Suzi's fever has gone, but she was extremely weak when she had a fever one day yesterday. She took a few steps and couldn't keep up with her breathing.

Even so, she went downstairs.

And Galia and Rayna sitting in the living room.

They also followed one after another downstairs.

The only kid Shen, who runs with light arms and legs, runs very fast.

She ran in front, but several people from behind were not catching up.

Within three or two minutes, Lilly ran to the door of the community and saw dozens of people at the door holding microphones to his father.

Dad did not answer.

Dad is answering the phone.

However, the only thing Shen could hear from the questions asked by the reporters was that it was about his mother's kidneys.

Upon hearing these two words, the little girl's eyes were red with resentment.

Why?

She doesn't understand why they all bully her mother?

Why do we need mother's kidney?

The six-year-old girl still doesn't know what a kidney is.

She tugged at Arron's clothes behind her: "Dad..." Seeing her daughter suddenly appear behind her, Arron felt even more sad.

"Dad, are they all here to ask mother for a kidney?" the little girl asked Arron pitifully.

“Only, go home! Listen to my father and go home immediately!” Arron immediately ordered Lilly.

He wants to deal with these reporters here, he can't let the children show up in front of the reporters.

Lilly shook his head firmly: “I want to protect mom, dad, does mom owe them their kidneys?”

Arron: “...”

The little girl has her own set of theories: “Dad, even if mom owes their kidneys, she doesn't owe them deliberately. Mom must be all for me.”

Thinking of the past, the little girl's eyes were red: “We have had a hard time for several years. In order to let me wear a beautiful foreign dress, my mother asked the boss on the construction site to ask for the wages in advance several times. .”

“On another occasion, in order to buy a wheelchair for uncle, my mother asked others to borrow money. At that time, some people forced her to pay back the money. It's the same as forcing her to pay back the kidney now.”

The little girl's explanation made the father in front of him even more urge to kill.

To Arron, killing a person is not blinking at all.

But now for his daughter, he can only calm down now.

Must be calm!

Lilly said to his father again: “Dad, I asked Aunt Rayna yesterday, and Aunt Rayna told me that everyone has kidneys, and I have them too. I can hold my kidneys and give them back.”

With that, the little girl turned around and walked towards the gate without fear.

“The only one!”

Lilly didn't look back.

She came to the door and looked up at the reporters.

The reporters were stunned.

“Are you here to ask for a kidney from my mother?” Shen Only asked in a childish voice.

She is very clear in her words.

It was so clear that the reporters could not answer her questions.

Seeing no one answered, Lilly said again: “I am my mother's daughter, I can give you my kidney.”

Chapter 1036

Reporter: “...”

So many reporters, as well as some people watching the excitement outside, were all speechless by the little girl's words.

The little girl has messy hair and squiggly eyes. She has a round face and a baby fat peculiar to a five- or six-year-old child. She wears a small floral pajamas and has a pair of feet on her feet. Pink rabbit head small cotton drag.

That appearance is so cute.

Cute and well-behaved, crisp, can make people's hearts cute.

The little girl looked at these reporters innocently and seriously.

Seeing that they did not speak, Lilly continued: "My mother has had a fever all day and night. You will wake up my mother at this door. I am my mother's daughter. My mother owes your kidneys. I can help her. Give it back to you."

Reporter: "..."

At this time, someone in the passing crowd couldn't help but utter a voice.

"For the first time in my life, people do not drink water and press their heads forcibly. The kidneys grow on the people themselves. They give it if they want, but don't give it if they don't want to. Why do they want to force them like this!"

Immediately afterwards, someone said: "Nowadays, cyber violence is really violent. You can say that black is white, and white can be black. They all follow the wind and kidnap others morally, eh. ..."

"Eh... what a nice little girl, she is only five or six years old, and already knows to protect her mother, I want to have a second treasure too."

"Poor girl doll..."

"I can't watch this, I can't watch it here."

"Wait, wait a few hours, the whole network will be overwhelming news coming out, all accusing this woman of having no conscience, regardless of the life and death of her sister..."

"For the sake of my own sister, I took my life? What is this called!"

“No wonder the children nowadays don’t agree that their parents want a second child!”

“Ethical kidnapping is terrible!”

“Thank you, this is what I saw with my own eyes. If I didn’t see it with my own eyes, what I saw on the Internet, after editing by those media promoters, was a certain number of tears, saying that the patient is pitiful. , This young woman who I don’t want to donate is cruel. My God...”

Many bystanders sighed and left.

This is because at the scene, I saw such a scene with my own eyes.

Especially when the tearful little girl wants to give them her kidneys, her tone is innocent and serious, but it reveals the helplessness and pity of a mother.

Some of the words of a little girl left these reporters speechless, which suffices to explain the fact that the interviewee was kidnapped by morality.

In the crowd, a ragged and cowering wanderer who couldn’t distinguish between men and women was blocked in front of a passing car.

The woman who was driving also stopped to take a look at the excitement. When she came over, she was embarrassed. She couldn’t bear to see this scene and had to drive away. The front was blocked by a dirty and sloppy wanderer.

“What are you doing!” the woman snapped.

The wanderer’s dull voice was almost speechless, and the woman driving the car jumped as soon as she uttered it.

“Don’t be afraid, don’t be afraid, I...I don’t harm people.” The wanderer’s eyes were full of pleading expressions.

The woman driving the car relaxed a little: "What are you doing!"

"Girl...I just wanted to ask, what happened at the gate of this community?" the wanderer asked.

The driving woman glanced at the tramp: "You, a tramp, also care about this?"

The wanderer nodded, her eyes were filled with muddy tears, and her tone was extremely pleading: "Girl, please tell me..."

"Are you a woman?" The woman driving the car looked at the wanderer incredulously.
