

# Chapter 1167 – 1172 of Punished by His Love Novel

## Chapter 1167

He is still a man of spine.

Leaving his wife, Collin looked for his mother near the hotel.

He really found it.

Mother lives in a small hotel that costs only twenty or thirty yuan.

“Mom, you are so capable. You can come to Nancheng by car alone, and you can find me.” Collin hugged his mother and burst into tears.

The mother smiled and said, “Silly baby! Your mother, I’m only in my fifties, and I’m not too old. I’m hunched back and have a little white hair. If I’m a person of my grade in the city, I can’t be called an old woman.”

“I know the words again. I take the money you sent me. First go to town, take a car to the county seat, then take a car to the county seat, go to the railway station, step by step, can mother still find a big city? “

Collin: “...”

The old mother must have used all her life’s wisdom.

She has never been out of the mountains.

The words he knew were learned from him when he was in elementary school.

He graduated from elementary school, and his mother also had elementary school literacy.

He graduated from junior high school, and his mother also had the literacy level of a junior high school student.

Until he went to high school and lived in school, his mother's work stopped.

However, this is enough for her to understand the text when she is out.

The mother hunched back and dragged her weak body to Nancheng for a long distance, just to take a look at her son's wedding.

"Son, mom has seen your wedding now. Mom is very satisfied. Mom has gone back. You don't have to worry about mom. Mom can take care of herself by herself. Mom came to Nancheng to take a look at you, as if you proved this." Mother said kindly.

Collin shook his head: "Mom, we are not the same as her. We are right to talk to each other in this world. If the dream is not right, we can't understand other people's thoughts. People never treat us as human beings. It's boring."

My mother burst into tears: "My son, Mom sees that it's better for you to get married and start a family than anything else. It's the biggest wish of my life that you can get married and start a family. Mom is very happy now. What are you going to do?"

"Is it possible that you want to abandon your pregnant wife, and you want to divorce her?"

Collin: "I have filed for divorce."

"No! No, I won't agree! You ba5tard! The child in her belly is yours, how can you be so unfeeling!"

"Mom! People don't treat us as human beings!"

His mother slapped him: "You are a man, so you can't even bear this kind of grievance! Go back! Go back to me, go and admit a mistake with your wife, and don't affect the fetus in her stomach."

Collin: "Mom!"

"Go back! Go back, don't ruin a good home! Mom is fine! Mom can take care of yourself! If your quilt is beaten with a bachelor, Mom will be the most uncomfortable! Mom is not uncomfortable now!"

Collin remained unmoved: "Mom, I won't go back! If she gives birth to a child, I will take the child back to my hometown and do a little business in my hometown. The three of us will live forever. I will not marry."

The old mother burst into tears.

At this moment, someone knocked on the door outside the small hotel where my mother was staying.

Collin thought it was the hotel attendant who knocked on the door, so he got up and opened the door.

After opening the door, I saw that it was his father-in-law and his mother-in-law standing in front of him.

"Since your mother-in-law is here, why don't you go and sit at home?"  
Father-in-law said to Collin in a polite and estranged manner.

# Chapter 1168

Collin: "..."

Zheng Suzi distinguished a few sentences from his father-in-law, and then asked for a divorce, but his mother spoke up: "Dashan, your wife is pregnant. It is wrong for you to ask for a divorce. Apologize to your father, and then go home with your father!"

Although my mother has never been out of the mountains in her life, she also understands the truth and understands that peace is the most important thing.

As soon as the mother had finished speaking, the father-in-law also taught Collin: "You kid! Too shameful! Quarrel between husband and wife is a quarrel, how can you file for a divorce after a few quarrels? File a divorce with a woman who is pregnant with your child, You are also a man!"

Collin was a little bit unreasonable, so he bowed his head to admit his mistake: "Dad, I'm sorry."

"Go home!" his father-in-law scolded.

Collin: "..."

The father-in-law said again: "Since your mother-in-law is here, please come to the house together. I think her mother-in-law should not go back. After all, Xiaowan is pregnant now, and there is a two or three-year-old child in the family. Each family always needs to be managed. You Right, in-laws?"

The mother nodded and said, "My father-in-law, you are right. Just don't trouble you."

"No, no. Mother-in-law, let's go." Father-in-law shouted.

Just like that, Collin and his mother went back together with Collin's prepaid Deng Kunming.

Back home, the wife was still crying angrily, and the little boy in front of her also glared at Collin and his mother.

Seeing that Collin brought back an old lady who was vomiting, the little boy didn't even ask about it. Thousands of them just stomped on the old lady's feet.

Collin: "..."

The old lady smiled: "It's okay, it's okay, are the kids naughty, grandson, what's your name, can grandma coax you to sleep?"

After all, it was Collin's father, and the old lady also took the little boy as her grandson.

"Who wants you to sleep, it's so dirty!" The little boy turned and ran to look for his mother.

The old lady smiled awkwardly.

His wife Deng Wan rolled her eyes and said nonchalantly: "Um...auntie! That's it. Our family doesn't raise idlers. Since we are here, we can stay here, but we must be diligent and not lazy. ."

Collin: "Deng Wan! You are too much!"

Deng Wan immediately stood up and stared at Collin with angrily: "Collin! My patience is also limited! It is impossible, you let our family hand over a lot of Ajia's assets and tens of millions of assets to you. In our hands, our family still has to support your family!"

"I hired my son-in-law to marry you! But I didn't marry your family!"

“When a woman marries a man, she has to marry, and the family has to bring so many dowry. Isn't it true that a man marrying a woman is trying to plot the family property of this woman, not to mention that he wants to marry his family together? Let us raise the family? Right?”

“Collin! You deceived so much!”

“You think,

It's our family who begs you, I'm the one who is in love with you, so you can be so unscrupulous? I'm pregnant with your baby, you are looking for things like this and making things difficult for me! Okay! Are you divorced! Count me Deng Wan is blind! I met two sc\*mbags in a row! “

Speaking of words, Deng Wan suddenly got up and wanted to leave this home to live with her parents.

As a result, she felt her stomach ache together: “Oh...”

“What's the matter, what's the matter, daughter-in-law?” The mother immediately stepped forward to support Deng Wan: “You are not feeling well?”

“Get up!” Deng Wan slammed Collin's mother abruptly, and she also threw herself far away. Deng Wan said, “Oh...”.

“Dashan, you dead child! Your wife is pregnant with your child! Why are you so awkward, you hurry up, send your wife to the hospital, hurry!”

Collin reacted and drove to the hospital with his wife.

Fortunately, the child was saved.

The doctor scoffed at Collin.

Collin also admitted his mistake on the spot.

This family dispute ended with Collin's confession and his mother's confession.

Then, for that month, Deng Wan was bedridden because of the fetal medicine, and her mother was always taking care of Deng Wan's daily life.

Feed her on the bed, give her shit and urine.

## Chapter 1169

One month passed, Deng Wan's month was older, and her mother cleaned at home and did rough housework.

And it's the kind without salary.

Every time Collin saw his mother's appearance, his heart was cut.

However, Deng Wan's belly is getting bigger and bigger. Collin couldn't make trouble anymore.

In October, when she was pregnant and gave birth, Deng Wan gave birth to Collin, who was another boy.

The boy's surname is Deng.

Although the boy was born, the family was very happy, but there was one person who was not very happy.

This child is a four-year-old brother.

The elder brother is very repulsive of his younger brother's arrival, and often beats his younger brother when the adults are not paying attention.

This kind of thing has been seen by Collin several times.

As a stepfather, Collin was not good at scolding his brother, so he told his wife Deng Wan about it.

However, Deng Wan embraced her elder brother and said very proudly: "Our eldest prince is brave and good at fighting. Our eldest prince will be assisted by the gods of the father and the quilt. My mother has the protection of the prince. No one will think about it in the future. Bully mother."

Collin: "..."

Deng Wan also rolled her eyes over Collin: "What are you making a fuss about! You sc\*mbag! You said well before getting married that you want to see my son as your own son. As a result, you despise my eldest son so much!"

Collin was annoyed: "If your child laughs like this, you encourage her to fight and fight. When you grow up, how do you care about him? I treat him as my own son, so I don't want to indulge him!"

Deng Wan: "Wait for the youngest son, you can also discipline one and let me see!"

After that, because of her anger, Deng Wan immediately kicked her broomstick, and then looked at Collin's mother: "The ground is so dirty, what are you doing today? Are you corpse? The family cares about eating and drinking, but it's not for you. Come here for a corpse!"

Collin raised his slap and scolded angrily: "Deng Wan!"

The mother held Collin: "Collin, it is not easy for you to have a home. The child is so small, you have to pinch your nose."

Collin just pinched his nose like this.

I have been in the Deng family for fifteen years.

He graduated from a high school, a young and young migrant worker, and became an out-and-out middle-aged man with no temper and no status at home.

Not only that, the Deng's factory also closed down due to the rush.

Wait for the family to live on the wealth of the family.

After Collin went home from unemployment, he also drove a taxi.

The monthly expenses earned are only seven to eight thousand yuan.

For these expenses, he still has to hand in most of them to his wife.

The money I can keep on my own every month is only one thousand yuan. Sometimes I want to buy a new dress for my mother, but I can't.

My mother is almost 70.

The old man walks incomparably staggering, but he still has to sweep the floor in this home, carrying shit and urinating.

Sometimes Collin feels that his life is really useless.

Useless!

He had already thought it through, and tolerated for another three or four years. When his son was admitted to college, he immediately divorced Deng Wan, and then took his old mother back to his hometown in Northeast China.

In his entire life, he would just have to have a son.

The son is obedient and sensible, and his academic grades follow his father. He is very smart and takes the first place every year.

This is Collin's greatest hope.

However, this hope was soon dashed.

## Chapter 1170

Collin's son has good academic performance, is obedient, sensible, and has a good temper.

This is a far cry from the eldest son.

The eldest son was three and a half years older than the younger son. After graduating from junior high school, he dropped out of school and fell into society. Collin wanted to strictly discipline him, but he was blocked by his wife every time.

Even so, the eldest son still thinks that the whole family likes the younger son.

Grandma has always regarded her youngest son as a darling.

Grandpa and grandmother also praised his brother's good academic performance when he went out.

Even the mother who has always liked his, thought that his younger brother was proud.

Eighteen or nine-year-old boys were the most difficult time to provoke. On the second day after his younger brother was admitted to Nancheng's best key

high school, his elder brother raised his knife and stabbed his younger brother with more than a dozen knives.

When the doctor and the ambulance arrived, my brother had no vital signs.

The older brother was also sent directly to the police station.

My brother is eighteen and a half years old.

There is no less legal responsibility at all.

For a time, there were two boys in the Deng family, but now, none of them are gone.

While Deng's family was heartbroken, Collin and his mother passed out crying many times.

However, both his mother and Collin, who had passed out, were blasted out by the Deng family.

The father-in-law pointed to Collin's nose and cursed: "You white-eyed wolf, you are not familiar with the wolf! How did you become a stepfather to your child, and treat your child equally, but you only care about the one who loves you, if not The child has no sense of security in this home, how can he do such a thing!"

The wife also pointed to Collin's nose and cursed: "Collin, divorce! We are divorced. From then on you get out of this house for me! You ruined my two sons, two!"

The painful Collin really wanted to blow the heads of his wife and his parents-in-law.

But he has to take care of his weak mother.

He can't do impulsive things.

"Divorce!" Collin in pain unexpectedly felt relieved.

The divorce is handled very quickly.

Collin cleans himself and leaves home.

After spending nearly two decades, Collin went from a hairy boy to a 40-year-old middle-aged man. He worked hard in the Deng family in Nancheng for seventeen or eighteen years. In the end, he had nothing.

He cleaned himself out of the house.

Collin felt nothing.

My own son is gone. What use is it to ask for the property?

However, on the day she left the Civil Affairs Bureau, her mother was waiting outside the Civil Affairs Bureau.

The mother, who is over seventy years old, hunched back like a monkey, standing only half a person tall. She blocked in front of Deng Wan and Deng Wan's family members, and said hoarsely: "Your family is all evil spirits, evil spirits who drink human blood! What have you done to my son! The evil spirits... ."

Evil spirits?

Ha!

Deng Wan looked at Collin's mother frivolously: "You dead old woman! I have been a domestic helper in our house for 17 or 18 years, and I haven't taken a cent. Haha, are you crying?"

“But isn’t it your own initiative, old lady?”

“What is the ba5tard! You are like this! You voluntarily come to our house to be a domestic helper, a domestic helper who doesn’t need money, you voluntarily give me poop and pee, and my two sons pee and pee!”

“You old and immortal thing, you are a dead star! I have impersonated both of my sons to death!”

“Bang!” Collin raised his hand and punched Deng Wan in the face.

One punch knocked out Deng Wan’s three front teeth.

This is still incomprehensible, he slapped Deng Wan on the right cheek again, bleeding Deng Wan.

It was at the door of the Civil Affairs Bureau, on the street.

Within five minutes, Collin was taken away by the police.

He is to be held criminally liable.

## **Chapter 1171**

Also compensate ex-wife Deng Wan.

He was sentenced to eight months in prison, and because of compensation, he usually saved a little bit of pocket money for his mother. The 5,000 yuan that his mother saved for more than ten years was all compensated for my ex-wife. .

During the eight months in the detention center, my mother has been wandering outside the detention center, relying on other people’s facilities, and having a meal without taking a rest.

It lasted for eight months. When Collin came out, his mother was less than 80 catties thin.

The mother and the son are penniless.

The most important thing is that Collin went out to look for work, and no one wanted him. They all said that he was the murderer who killed his two sons and the sc\*mbag who beat his wife.

In this way, Collin, who came out of the detention center, took his mother and was hungry for three days and couldn't find a bite to eat.

Later, Collin met his ex-wife.

The ex-wife who had a disabled leg hit him when she saw him.

Scold while beating.

He scolded and cried and said to the magistrates: "I am a disabled person who gave birth to him. He also beat me and knocked out several teeth."

After being said by his ex-wife, those who passed by made accusations against Collin.

In desperation, Collin carried his mother on his back and fled little by little to an uninhabited place.

Has fled to this old forest deep in the mountains.

Collin found some wild fruits for his mother in the woods. Temporarily satisfy your hunger.

However, with his mother on his back, he wanted to find a cave temporarily, but he didn't see the cave but saw this stone house.

I don't know who owns this house, and Collin can't manage so much, so he took his mother to live first.

He didn't go down the mountain anymore, every day he just chopped some firewood to find some wild meat and wild fruits.

Occasionally, I will take a pheasant and send it to the foot of the mountain, so I can exchange some money, buy some quilts, and buy some happy clothes.

The simple life is maintained like this.

The mother's weak body can be slightly better, but more than ten years of work has left a 70-year-old man with no ability to survive.

But my mother still feeds some chickens, ducks and geese outside the stone house.

This can be exchanged for a little more money.

More than half a year has passed since Collin and his mother were in the old forest deep in the mountains, and they also saved more than one thousand yuan.

They are reluctant to eat well.

In this way, Collin came out every night to find some pheasants and ducks.

Sometimes when he can't catch it, he also catches the snake.

Just like that, he was hitting straight, he used a few snakes to scare away the men who wanted to kill Dalia, and saved Dalia's life.

Collin originally felt that his life was already bitter enough.

But after hearing Dalia's life, Collin couldn't help but sympathize.

Not only that, Dalia also felt that Collin's life was really bitter.

After 20 years of wasting, he had nothing left.

At this moment, a man in his early forties and a woman in thirty-five years old, both have experienced vicissitudes of life.

The man is very rough, he looks like a mountain guy.

But for women, even if they were so downhearted, Collin could tell at a glance that this was a pampered woman. Her skin was white and delicate, like silky milk.

The complexion is also clean and pure.

This woman is very gentle, like a child, ignorant of world affairs.

It's not easy for a woman of her grade to maintain such a personality.

This is very different from Collin's disabled, sophisticated, and powerful ex-wife who called him Han Honest while calling him a white-eyed wolf.

"Are you...willing to go north with me? Ours is also in the mountains, but I have a few acres of land." Collin looked at Dalia mildly.

Dalia nodded: "Well, I...I do!"

## **Chapter 1172**

Collin: "Really, really?"

In fact, he has no other ideas.

He just feels that if a girl's family can't support themselves in this deep mountain, nothing more should happen.

However, at this moment, Dalia felt warm.

Her heart was broken by Kraig.

She just wants to live a peaceful life now, it doesn't matter no matter how miserable.

Dalia said mildly: "I... my parents never wanted me since I was a child. I always wanted a mother to love me. Now I accept my old mother what you are doing, and then I will return to the Northeast. I'll also go out and find a job, so I can just wash the dishes and bowls. I'll take care of you."

"Eh, girl..." The old mother was very happy.

She has been very hard all her life.

Especially when I came to Nancheng, I suffered from hard work and frustration, but in the end, my only grandson was gone.

The old man's life is boring.

She felt that she couldn't die when she thought of her son.

It's fine now, and I picked up a daughter for nothing.

The mood of the elderly is much better.

After making this decision, Collin took Dalia, carrying his old mother, and walked out of the big city of Nancheng a little bit over the hills and ridges.

However, in the city closest to Nancheng, they took the slowest train and returned to their home in the Northeast.

At the same time, at the other end, Kraig was looking for Dalia in a carpet style in Nancheng.

He didn't even let go of a small and inconspicuous hotel.

Later, Kraig even searched for hair salons that were hidden and cheap.

Dalia was not found.

Kraig was decadent day by day.

He has not returned to Kyoto for a month.

A lot of affairs in Kyoto are waiting for Kraig to deal with. However, Kraig did not have a half-hearted state of mind.

Fortunately, there is a good brother like Arron.

Arron can handle everything Kraig can handle, and Arron can give her full authority. Even if Kraig is so decadent, his official business in Kyoto will not fall behind.

This is a good brother.

A month ago, when Suzi was forced into desperation by Mr. Shu and almost taken away by the Lin family, Kraig also helped Arron and Suzi day and night.

Therefore, at this moment, although Suzi felt sorry for Dalia because she could not find Dalia and hated Kraig, she did not stop Arron from helping Kraig.

Seeing Kraig sitting in Arron's office in such a decadent manner, when Suzi, who was off work, brought Lilly to Arron's office, she also specially made Kraig a pot of tartary buckwheat.

"Drink some tartary buckwheat and get mad, you are angry now, hold it in your heart, and you will be ill later." Suzi looked at Kraig not angry.

Kraig raised her godless eyes and looked at Suzi: "She didn't live in the city. If she leaves me, anyone can cheat her away. If she sells her, she will pay for the number of people. If she leaves me, what will she do? Live?"

Suzi was angry, a pot of boiling water splashed Kraig's hands.

Hot Kraig's hands trembled.

Regardless of Suzi, she still coldly angered Kraig: "Mr. Jun! You know that Sister Shan is not viable, and you know that she is easily deceived like a piece of white paper, and you don't even have any signs. Drove her away."

"A woman who has been with me for so many years, even if she just sleeps! Don't you even have any feelings? You are so cold-blooded!"

"But, let's say you are cold-blooded. You can treat a woman who has been away from you for so many years and never cares about your life and death, and give her everything you can give. !"

Kraig: "..."
