

# **Chapter 1183 – 1188 of Punished by His Love Novel**

## **Chapter 1183**

**Suzi couldn't help but wonder: "Mr. Shu, you are..."**

**Darius will give Suzi a very comforting smile: "Don't worry about Suzi, what I let you see will definitely make you very comfortable."**

**Suzi: "..."**

**Make her extremely comfortable?**

**Did Sister Shan find it?**

**Or is your brother Sanford back?**

**I was expecting something in my heart, but Suzi didn't ask either.**

**So let Darius drive her to a place.**

**About half an hour later, the car had deviated from the city and came to a secluded place.**

**Suzi was even more puzzled. At this moment, Darius turned a corner and stopped the car.**

**Suzi looked out of the car window.**

**In front is a high-walled compound.**

**On the outside of the compound read: Medical Treatment Center for Inmates.**

**Suzi was startled, she looked at Darius.**

**Darius Zhen said: “Yes, they are serving their sentences!”**

**Suzi: “She...isn’t dead yet?”**

**This month, Suzi was too busy, so he didn’t have time to pay attention to the death of his big enemy.**

**For Suzi, the living, relatives and friends are far more important than enemies.**

**Darius: “Let’s talk about it when you come in.”**

**Suzi nodded.**

**Followed by Darius, the huge supervision center is actually very quiet inside. Most of the people who come here to see a doctor are seriously ill.**

**Some have been nursing here for a period of time, but they are basically dead.**

**Suzi felt a gloomy feeling when he walked on this quiet path of dissatisfaction with the creeper.**

**“It’s a bit like...” Suzi looked at Darius, and said softly: “It feels like a madhouse.”**

**Darius smiled and said, “Almost.”**

**The two walked for about five minutes, then came to a quiet ward outside, and Suzi heard a voice.**

**The figure is a bit like a ghost, and a bit like the cry of a wild ghost in the middle of the night: “Doctor, I want to ask you, I... why am I not dead?”**

**The doctor said calmly: “How could you possibly die? You have already had a kidney transplant, miss.”**

**“But why am I so uncomfortable?”**

**“Well, rejection, it’s normal to be uncomfortable, so bear with it.”**

**“But, I have nightmares every night, terrible nightmares, when can my nightmare be a big one?”**

**The doctor said: “This is a pharmacological effect. The medicine you take will cause you to have nightmares...”**

**“Why give me this medicine?”**

**The doctor asked incredulously: “Miss, someone provided you with this medicine, and you are not happy that you are alive. You have to know how many people in this world want to live, but they are all dead.”**

**“But...” the woman cried, “I’m so tormented to live, I might as well die, as long as I close my eyes, I keep having nightmares, even if I wake up, my joints It also hurts, I can’t eat every day, I keep vomiting, I...”**

**Doctor: "..."**

**The woman pleaded again: "Doctor, is there... a better medicine?"**

**The doctor replied: "Of course, there are medicines without any side effects."**

**The woman immediately asked eagerly: "I...why don't you give me medicine that has no side effects?"**

**Doctor: "..."**

**When they heard this, Suzi and Darius had also come outside the window of the ward, and Suzi then saw a bald, withered face, looking at someone who looked like a man, a ghost, a man, and a woman.**

**She really is Lanita.**

**At this moment, an old voice at the door asked coldly: "Do you... think, do you use that kind of medicine?"**

## **Chapter 1184**

**Lanita trembled with irritation, and then she saw the old man at the door a little out of focus.**

**"Foreign...Grandpa?" Lanita shouted.**

**Then, as if seeing a savior, she threw herself at the feet of Grandpa Shu: "Grandpa, you love me the most, don't you?"**

**Master Shu ruthlessly kicked Lanita aside: "It is my granddaughter that I love, are you my granddaughter?"**

**Lanita: "..."**

**Elder Shu coughed violently twice, and then said to Lanita word by word: "You knew from the beginning that you are not my granddaughter!"**

**"But you tried every means to pretend to be my granddaughter. Not only did you pretend to be my granddaughter, you, your whole family would also ask me to help you, persecuting my biological granddaughter again and again! In this world, there are more vicious and more vicious than you. Your family of three?"**

**Speaking of this, Darius smiled suddenly.**

**After laughing, he continued: "For so many years, how many things have I done against my conscience for your granddaughter? You just used my hand to cover the sky."**

**"I can indeed cover the sky with one hand."**

**"But, have you ever thought about it. Since I can help you to mutilate my biological granddaughter time and time again, I can also use it on you?"**

**Lanita looked at Elder Shu with a frightened expression:**

**"Foreign...Grandpa?"**

**"I'm not your grandpa!"**

**In the old tone of the old man Shu, there was an unparalleled calm:**

**"Your kidney was found for you by searching the sources across the country, just to keep you alive."**

**"But! Living is not for you to enjoy."**

**Lanita: "..."**

**“This medicine you are taking, do you know that it is the first generation, the first generation anti-rejection drug developed about fifty years ago, this drug can save your life, but the side effects are so big , You can’t imagine.”**

**Lanita knelt in front of Elder Shu, crying and pleading: “Grandpa, I have already tasted this kind of taste. I can’t sleep at all. As long as I close my eyes, it will be all kinds of nightmares, nightmares that can’t come out.”**

**“Grandpa, my knee joint hurts so badly, I can’t walk anymore.”**

**“I can’t eat, I can’t eat anything.”**

**“I’m very hungry. I barely ate something, but I vomited it again. Grandpa, I don’t want to take the nutrient solution anymore. My arm is stabbed and there is no good place. Grandpa, you approve me and don’t let them supervise me. Now, let me... die right?”**

**Lanita really had enough.**

**She lived very well before and never thought of death.**

**Later, when she got this disease, she thought that even if she killed Suzi, she would have to replace the organs in Suzi’s body with her.**

**Now, although she didn’t change Suzi, she also changed.**

**However, what Lanita couldn’t think of anyway was that she was not as good as dead now.**

**If there is no other way, she might be able to accept this reality.**

**But the doctor told her that there are better medicines, and the side effects are very small. Nearly negligible drugs.**

**However, she just couldn't eat it.**

**She can only be haunted by nightmares every day.**

**I was tortured by joint pain everywhere every day.**

**She really is better than death.**

**She doesn't want to live anymore.**

**Lanita begged Elder Shu to let her die.**

**Elder Shu smiled coldly: "You said, I am your grandfather, I have enough financial resources to keep you alive, live well!"**

**If you speak, Mr. Shu turned around and left.**

**"Grandpa..." Lanita shouted heartbreakingly behind her.**

**Elder Shu didn't turn his head back.**

**He had just passed by when Jarod suddenly came in here.**

**His hands were helped, and his feet were very heavily shackled.**

## **Chapter 1185**

**"Dad..." Lanita suddenly came to hope when she saw Jarod. She shouted in surprise, "Dad, my grandpa just left, dad, please go and talk to grandpa, okay? Suzi's grandfather, and you are Suzi's biological father..."**

**Before Lanita could finish her sentence, she stubbornly took Jarod's kick: "Who is your father! You wicked obstacle!"**

**Jarod was handcuffed on his feet, even if he kicked, his legs could not move away.**

**However, the shackles on the feet almost shattered Lanita's head.**

**However, Jarod didn't seem to want Lanita to die, he deliberately avoided Lanita's head.**

**Lanita cried and grabbed Jarod's feet: "Dad, you can kill me!"**

**Jarod stepped on Lanita's hand and crushed it fiercely: "You ugly bald donkey, just live, and suffer alive is the best way for you to repay me! Humph!"**

**Jarod slammed on Lanita's knee again.**

**Her knee hurts in the first place.**

**Now, it hurts even more.**

**The painful Lanita curled up on the ground, crying: "Aoa..."**

**At this time, Moira rushed in, and she knocked Jarod down: "Go away, you are not allowed to beat my daughter like this! My daughter..."**

**"You dead woman, you hurt me so hard, you ruined my life! See if I won't kill you!" Lin Zi grabbed Moira's hair and squeezed it down vigorously.**

**Within a minute, a large amount of hair on Moira's head was squeezed down by Jarod.**

**Moira, who was in pain, turned around and bit Jarod's arm.**

**Next to Jarod's calf, Lanita also went to bite the leg of her father who had loved her for more than 20 years.**

**Seeing this scene, Suzi only felt extremely ugly.**

**What is the difference between this and beasts and livestock?**

**This is how the family of three that nearly killed her and killed her mother?**

**The three members of the former family are now all lying on the ground, fighting together, they are crying, howling, and howling.**

**As ugly as it is, there will be as ugly as it is.**

**From time to time, I can still hear a few curses.**

**"Jarod! You are crazy! You are so cruel to your daughter! She is a patient! Why are you so cruel! See if I won't kill you!" Moira said, biting Jarod.**

**Seeing Moira biting herself, Jarod squeezed Moira's hair even more fiercely: "You D\*mn maiden, you are much crueler than me! Try to get rid of my wife and my biological daughter, you Brought me a child born to you and someone else!"**

**"You make me like a fool to spend my whole life for your mother and daughter!"**

**"You do everything possible to cheat my biological daughter and put my daughter to death! You two put her in jail! Pretending to be her grandfather! Both of you deserve to die!"**

**“Jarod, you didn’t participate in any of these things!”**

**Jarod: “...”**

**He could hardly hear this sentence. When he heard this sentence, his heart was like being digged by a knife!**

**He felt pain as if his whole body had been slashed piece by piece.**

**Thinking of this, the strength of his hands became even harder, and he squeezed a bunch of Moira’s hair again.**

**The painful Moira suddenly wailed loudly: “Wow...”**

**The supervisors finally came.**

**They pulled the three away very rudely, and then reprimanded them: “I have never seen a family of three like you. We humanized you prisoners to see the disease, but your family is fighting here?”**

**Jarod + Moira + Lanita: “...”**

**“Return to their respective wards!” Supervisor ordered.**

**This is Lanita’s ward, and Lanita sat on the bed.**

**Moira clutched her bleeding head and left.**

**The last one to leave was Jarod. He walked to the window, and when he turned his head inadvertently, he saw Suzi.**

**“Good...good daughter?” Jarod shouted suddenly excitedly.**

# Chapter 1186

Suzi's expression was extremely calm.

The supervisor also saw Suzi and Darius. One of the supervisors greeted Darius very politely: "Shu Shao, your grandpa just came here."

Darius nodded: "I know."

Seeing the supervisor talking to Darius, Jarod immediately pleaded: "Supervision, trouble...then, that is my biological daughter, I...I will just say a word to her, just say one thing, But... is it okay?"

The supervision does not answer Jarod.

She looked at Darius.

Darius nodded.

Jarod immediately dragged a not-too-long anklet, detoured from the front door to the back window, and under the supervision of home supervision, talked to Suzi over one meter away.

"Suzi...you...are you okay?"

Suzi: "I'm fine."

"You...what about your mother?"

Suzi's tone is calm: "She is better..."

Jarod rubbed his hands happily: "Dad..."

**Suzi: “I am not your daughter, your daughter...”**

**She glanced at Lanita, who was curled up in the ward with tears on her face and wanted to be frightened like a little rabbit. Then pointed out to Jarod: “Your daughter is there, you just beat her with his mother.”**

**Jarod: “...”**

**After a few seconds, Jarod said to Suzi with great difficulty: “Dad...Dad already knew that he was wrong.”**

**Those longing eyes especially hope that Suzi will take him out because they are father and daughter.**

**Suzi: “What do you want to say?”**

**Jarod: “...” What does he want to say?**

**He just wanted to tell his daughter that he was extremely regretful.**

**After a long while, he said: “Dad made mistakes, unforgivable mistakes, and sins. Dad doesn’t ask you to get me out of here. Dad thought, I can see you more than once in my lifetime. Can you come?”**

**“No, it doesn’t matter if you don’t come often, you... once in half a year, don’t... come once a year?”**

**Jarod’s tone was extremely humble.**

**But Suzi was indifferent: “You can find a second one in this world. The father who ruined the school of his own daughter and sent his own daughter to prison himself?”**

**Jarod: “...”**

**“None of that. I was in jail for two years. Have you visited me once?”**

**Jarod: “...”**

**Suzi smiled: “Oh, I’ve been here, half a month before I was released from prison, you acted as a bail, so that I have one day of parole.”**

**“But, did you seem to be using me that day?”**

**“Afterwards, you plan to kill me in prison, right?”**

**“Dad knows it was wrong...”**

**Suzi sneered: “All the harm you have done to me is this light and fluttering. Did you know it was wrong?”**

**“My university, I have been in prison for two years. I was conceived and was chased by the upper circle of Nancheng. I have a big belly and desperate. Who will make up for me?”**

**Jarod: “...”**

**“Who can believe that these were actually imposed on me by my biological father?” Suzi looked at Jarod with a dreamlike smile.**

**After a pause, she said, “As your daughter, I am the most unfortunate moment in the world.”**

**“To paraphrase what my mother said to Mr. Shu, from now on, please take good care of the essence of your life, and don’t let it go into exile without restraint!”**

**Yubi Suzi turned and left.**

**“Suzi, Suzi, my daughter...” Jarod cried miserably behind him.**

**His biological daughter.**

**His only biological daughter in this life.**

**He ruined everything.**

**Ruined!**

**It was ruined in his own hands.**

**Looking at Suzi’s back, Jarod went through his mind over and over again, how he drove Suzi’s mother and daughter out of the door next door.**

**How he abused 12-year-old Suzi.**

**How he framed and imprisoned Suzi, who had just entered college.**

## **Chapter 1187**

**And how did she bring Suzi out of prison and use her to cause her to become pregnant and want to kill her all the time.**

**That process, like the kind of medicine Lanita took with great side effects, was a nightmare.**

**Just imagine, even if there is no relationship in this world, it will not harm a girl so badly.**

**And he, who was the biological father, actually killed his biological daughter like this.**

**This is really nothing foreign!**

**Jarod cried miserably behind him, and when he turned around, he was about to hit the wall, but was held back by the two supervisors behind him.**

**The supervision relentlessly said: “Mr. Lin, you have no right to die, and you should not harm us.”**

**“Let me die, let me die...” Jarod said: “I can only atone for my sin if I die.”**

**“Sorry, you are not qualified to pronounce your death sentence.” Supervisor said.**

**Jarod: “Oh...”**

**His long wailing was heard by Suzi who was walking outside the gate.**

**At this time, Suzi also burst into tears.**

**Darius beside him felt extremely guilty.**

**He said in a low voice: “Suzi, I...I am too narrow-minded. I thought you would have a sense of pleasure when you saw it. After all...”**

**Suzi remained silent.**

**She said nothing.**

**Just cry.**

**She didn't know what she was crying.**

**Crying for your unfortunate childhood?**

**A teenager crying for his own misfortune?**

**Crying for a father like this?**

**Weeping the ugliness of the world gives her a panoramic view?**

**She didn't know.**

**She cried silently along the way.**

**Darius's letter was guiltless.**

**"Sorry Suzi..." After all, he is too narrow.**

**He didn't know what to say if he was guilty.**

**When it was time to get out of the car, Suzi wiped his tears and smiled barely at Darius: "Cousin, thank you, I know you are kind, I know, I used to hate them so much, I want to kill them myself. Every day, I think they will have a very happy ending, and now I finally see it, thank you."**

**Darius: "Cousin will never take you to see them again."**

**After a pause, he said again: "I will never force you to see my grandfather, you are right, you and my aunt, you have nothing to do with my grandfather."**

**After this trip to see Jarod's family of three, Darius understood a truth.**

**If you really feel that you owe Suzi, let her and her mother live happily and don't have any burdens in their hearts. This is the best remedy for their mother and daughter.**

**Suzi nodded: “Thank you, cousin.”**

**After a pause, she smiled sweetly: “You are the one who paid me. I can’t get my salary for nothing, I went to work?”**

**“Then tomorrow...” Darius asked tentatively.**

**Suzi said briskly: “I will go to my mother’s place tomorrow. My mother didn’t say that she would not recognize her nephew.”**

**“Good!” Darius’s heart was filled with joy: “Hurry up and work.”**

**Suzi nodded and went up.**

**She was only happy in front of Darius, but there was still melancholy that could not be driven away in her heart.**

**She was bored all afternoon.**

**The guidance was about to get off work, Galia and Rayna came to her, Galia said: “Tomorrow we are going to my aunt’s to eat rural vegetables, we will buy some gifts for her after work, so let’s say yes, you pay. ?”**

**Suzi: “You little shrewd ghost!”**

**“Will you go?” Galia asked.**

**“Go! But, do you have to connect the only one?” Suzi said.**

**“Go pick up the one together!” Rayna said.**

**It happened that Arron and Christopher didn’t come to pick up Suzi this evening. Because of something temporary, Suzi and Galia Rayna went to pick up one of the largest shopping malls that Shen only went to.**

As soon as they arrived at the mall, Suzi received a call from Arron, and she connected: “Hey, Arron, are you finished with your business?”

Arron said in a gentle tone: “You come to the top floor and show you something.”

## Chapter 1188

Suzi was startled, and then asked: “What is it?”

Arron’s tone is slightly mysterious: “You’ll know when you come up.”

Suzi: “

...”

What is going to ask again,

Arron hung up over there.

Suzi turned around and looked at Galia and Rayna. She asked with a grotesque smile: “You two, what the hell are you doing?”

Galia smiled: “Your husband wants to give you a surprise. Someone like President Fu really thought that he could still think of such a romantic scene. He also specially asked us two to bring you to this mall. Come on, go up and take a look.”

Rayna also said seriously: “We really don’t know what the surprise is.”

Lilly also urged: “Mom, go and see!”

**Suzi took the only one with Rayna and Galia, and went straight to the sixth floor of the mall.**

**The sixth floor is the top of the mall.**

**The first floor of the mall is a cosmetics and shoe bag area.**

**The second and third floors are the clothing hall.**

**On the fourth floor is the Living Home Pavilion.**

**The fifth floor is the gourmet and leisure floor.**

**Suzi has been to this commercial building several times. She thought that the food floor would be gone on the fifth floor, but she never knew there was a sixth floor.**

**The direct elevator reached the sixth floor. After exiting the elevator, Suzi realized that the sixth floor was so quiet.**

**Coming out of the aisle, Suzi was stunned by the sight in front of him.**

**This turned out to be a furniture hall.**

**The so-called furniture hall is not ordinary furniture, it is all antique, or even original wooden furniture.**

**Although Suzi didn't understand precious wood, but when she saw these pure wood furniture, she fell in love with these things at a glance.**

**Good things are good things.**

**Good things are really unforgettable.**

**Suzi saw Arron from a long distance. She came to Arron and asked in surprise: “Arron, these furniture are really good-looking. At first glance, they are superb. Should a coffee table cost tens of thousands of yuan?”**

**Arron smiled and said, “Well! I didn’t expect that you, an architect, would still study furniture so much.”**

**Suzi: “I haven’t eaten pork, haven’t you seen a pig run?”**

**Arron nodded: “These furnitures are made of pineapple. A piece of tea costs tens of thousands, almost hundreds of thousands. The entire set of furniture for every style here is more than one million or more...”**

**Suzi: “...”**

**Her eyes were round.**

**After a long while, she said, “Arron, we don’t lack furniture in our house.”**

**Arron snorted coldly: “You have always said that you owe your mother, and you have always said that your mother has never had a good life in her life, and you have...”**

**He used a series of parallel sentences.**

**Suzi immediately smiled embarrassedly: “Arron, thank you, thank you so much, for being so thoughtful for my mother.”**

**Arron: “I personally let her elders come to see it, I’m afraid she won’t want it, so I ask you to come over and have a look first, and if you find it, we will send it to her.”**

**Suzi immediately said: “Arron, you really know my mother too well. My mother may have been influenced by my grandma. She really likes this**

kind of substantive and antique things. She definitely likes it, that's...  
..."

It's too expensive.

Although it was his husband who paid for it, Suzi was still very sorry.

Here, Arron has already said to the shopping guide who bought the furniture: "That set is needed. I think that set is pastoral."

The shopping guide said: "One thousand eight hundred million?"

Arron nodded: "Yeah."

Suzi: "..."
