

Chapter 479

At this moment, the truth of Galia grabbed the soles of the shoes and violently beat Rayna and Siu.

Before Galia broke out, Linda behind him snatched one of the shoes from Rayna's hands and said, "Miss Min, I also hate Suzi so much. Let's fight together to see who slaps her in the face. It's bad enough, how is it?"

Seeing two people rushing to beat Suzi, the smile on Siu's face increased.

At this time, Galia couldn't help it anymore: "Rayna, you Shabi!"

Everyone was taken aback. One after another, his eyes focused on Galia.

Yan Yanhuo scolded Rayna with contempt: "Rayna! You call yourself eldest lady all day long, as if you are so powerful, in fact, you are also a part-time worker! The real rich lady will be like you. Do you want to buy a high-end skin care product like this? It doesn't matter if you are poor! But if a poor person is used as a gunman by a rich man, you are pitiful and stupid by Rayna! Why are you targeting Suzi again and again? Has your family's ancestor's grave? Or she robbed your man! Nothing, even if she robbed your cousin's husband, why didn't your cousin make her head for several times, but you are willing to take the lead for your cousin again and again! You have to dare to act on Suzi today, I will tear you in half by Galia!"

After she finished the scolding, she glared at Linda again: "Linda, you b!tch! Your own mistake, if it weren't for Suzi to help you solve the problem, you would have been fired from the company! But Suzi didn't ask you for a penny! Are you he? Are you still a human? If you dare to hit the sole of Suzi's shoe, I will bite and disfigure you!"

Rayna: "...". She had retired, and she didn't want to beat Suzi anymore.

Even if she put a broken chair in Suzi's position before, her original intention was only to make Suzi make a fool of herself, but she did not expect that the chair would hurt herself.

In fact, Rayna regretted the chair.

So at this time, when Galia scolded her and was used as a gunman, Rayna flinched again.

Seeing Rayna shrinking, Linda smiled disdainfully: "Rayna! I thought you were so capable. You are a coward and useless. If you don't beat me, as long as Suzi comes back, I will kill her. His face is broken!"

"Linda, you bastard!" Galia suddenly grabbed Linda's hair and hit it. Linda didn't dare to show her weakness, raised her hand and grabbed Galia's nostrils.

The two of them were torn apart without warning.

As soon as Suzi got out of the elevator, he saw the two people fighting together.

"Enough!" She cut off suddenly: "Linda! I asked you to beat me. If you want to smash my face, please let go of Galia! This has nothing to do with her! Siu, I Please let the innocent people go!"

Siu raised her brows: "Okay, very good! It's nice that you are willing to come back! Linda, let Galia go."

Like a dogleg, Linda let go of Galia obediently.

Suzi ran to Galia quickly. One of Galia's nostrils had been bleeding out by Linda. Suzi felt very distressed: "Galia, get out of here. I don't want you to see me being beaten. Go away."

There are people in this world who care about her, and Suzi is already very grateful.

How could she let Galia wade through this muddy water?

Galia: "..."

Here Siu has already ordered: "Linda, give me a hard hit!"

Linda walked towards Suzi step by step, and said in a leisurely tone: "Suzi, I want to see, will anyone come to rescue you this time?"

Chapter 480

Suzi guarded Galia behind him and smiled sadly: "You can fight with confidence, as long as you fight happily. No matter who comes to save me, I won't run away. Fight."

After speaking, she closed her eyes and waited for Linda to hit her.

When Suzi said this, many people in the office couldn't help but sigh.

In fact, in the office, it is normal to have a little grievance between each other. This is an office struggle, but what is going on, it will not cause people to break their faces, right?

Many people can't understand Linda anymore.

Even some people do not want to see such a scene of cannibalism and leave silently.

However, the evil in Linda's heart has skyrocketed. She hates Suzi for being looked down upon by Mr. Jun as soon as she comes in. She hates Suzi for seeing the mistakes in her artwork but not telling her. She hates Suzi for blackmailing her. Ten thousand yuan, what she hates most is that a soil bun, a

female prisoner, and a woman captured by Fourth Master Fu actually crawled onto her Linda's head and pissed!

It is indeed a bit cruel to smash the face of a person, but when she thinks of hitting Suzi this time, Linda will be able to claim credit from Siu, maybe she can be brought into that wealthy circle by Siu, maybe in the future Those noble sons and elder brothers are waiting for her Linda to choose, maybe they can still be appreciated by the king of Nancheng Fu Siye.

After all, she beat Suzi, so she punished the female prisoner for Fourth Master Fu.

After figuring this out, Linda lifted the torn shoes and slapped Suzi in the face without hesitation.

"No..." Galia cried behind her.

But her hand was held tightly by Suzi behind.

Suzi's face was immediately hot and painful, half of his face quickly swelled like a steamed bun, and Suzi's painful ears buzzed. At the same time, the corners of her lips also shed blood.

This sole was very vicious.

Everyone present was silent.

Only Siu was the only one who looked at her with great satisfaction. Her face was very satisfied, and she smiled triumphantly as if she had drunk two or two cat urine: "Suzi, oops! It's great. There is no mirror here. I have a mirror to show you. Would you like to know what your face looks like? I have seen a big face, but I have never seen a face of your size. One cheek goes in and one cheek protrudes so big. Oh my god, you are such an ugly monster! Ah ha ha ha, so fun, so fun! Linda, hit me, don't hit her good face, hit this bad one, I'll take a picture later , I find it more fun."

Suzi: "..."

She gritted her teeth in pain and frowned.

Needless to say Siu, Suzi also knew that he must be extremely ugly now.

She closed her eyes, gritted her teeth and waited for the next sole to arrive. Suzi's heart was dripping blood. It is estimated that her face would have been beaten to a bloody blur, right?

The tears in his eyes fell and fell on his face, painful.

Here, Linda also raised the second sole toward Suzi with a grim look.

"Stop!" A stern rant came from the door. Linda thought it was another unfair man in the company. She didn't look at the voice at all, but said frantically: "Which b!tch is the hero again? Save the beauty? Sorry, Suzi is no longer a beautiful woman, her face is like a pig's head, hahahaha..."

Before Linda could finish laughing, there was a dazzling handcuff on her wrist with torn shoes.
