

Chapter 505 – 510 of Punished by His Love Novel

Chapter 505

It was a crooked nut and a friend of the construction industry. The most important thing was that he was willing to give Linda a sigh of disgust, and Siu's heart immediately jumped for joy.

At this Hongmen Banquet to destroy Suzi, the more allies she drew, the less risk she had for Siu.

It is not that Siu has never thought that Arron would pity Suzi because of his daughter Lilly, but she also has Shangfang's sword in her hands.

Not only that, but now there are more friends from foreign architecture circles.

Everyone witnessed Suzi's cheapness!

Suzi's begging.

Wouldn't it be better.

Haha!

Siu couldn't wait to see Suzi kneeling on the ground, the dog being beaten and kicked by everyone.

Dare to give birth to Arron's child!

D*mn it!

The only woman in this world who can give birth to Arron is her Siu!

No one else will do!

Nor is Lanita!

Don't mention Suzi this splatter!

Thinking of this, Siu called Suzi again. She wanted to remind Suzi not to be too late for the Hongmen Banquet this afternoon.

At the other end, Suzi had been waiting at the fork in the road outside Jun's house for nearly an hour.

Seeing that it was Siu's arrival, Suzi immediately connected: "Don't worry, I will go!"

Siu smiled at the end: "I just remind you, don't forget!"

Suzi didn't answer again, but quickly hung up the phone.

Not far away, under the big tree, the black car she had been staring at finally opened the door.

After the door was opened, the pair of men were still obsessed with each other. The man looked a little younger than the woman, about forty-seven years old, and the woman, who was not Moira?

Suzi didn't expect that she would have such a gain when she came to the Lin Family this time.

Moira and the man have been in the car for more than an hour.

Suzi was not far away and waited for more than an hour.

At this moment, Moira and the man didn't know that Suzi was not far away. The man still didn't let Moira go. Moira pushed the man out hard: "It's all right, I don't think I'm half-old mistress. ."

The man's laughter was extremely wretched: "Where can it be, your age is the most delicious time."

"Death!" Moira gave the man angrily: "Jarod called, and he will be back right away. You can leave now! Don't be bumped by him in a moment, it will be troublesome."

The man continued to laugh frivolously: "It happened to be here that he was pissed off on the spot. So old, he is definitely not useful in any way. Looking at us like this, he still can't be pissed to death? Ahahaha! If Jarod is pissed off Now, all his property, his wife, is mine!"

"Beautiful you! Get out!" Moira laughed and cursed, while pushing the man away, abruptly pushing the man into the car.

The man drove away reluctantly.

Moira sorted out her clothes, came out from behind the big book, and walked to her home casually.

As soon as she reached the fork in the road, Suzi suddenly appeared in front of her.

Moira was frightened: "Ah..."

Chapter 506

Suzi didn't even look at Moira at all.

But Moira, after being frightened, she bluffed Suzi and said, "You...when did you come here!"

Suzi's extremely calm tone: "Don't you worry?"

"What!" Moira thought Suzi would talk about stealing a man from the car behind the tree just now.

Suzi's face remained calm and calm: "Your daughter's grandfather is hospitalized in Kyoto. Don't you worry about the elderly's condition? Or, you and that old man Shu don't have a relationship, so you won't feel sad?"

When Suzi said this, Moira's face suddenly relaxed a lot, even if she could hear that Suzi was actually mocking her.

As long as Suzi didn't find out about her and her acquaintance, Moira didn't care about other things.

Suzi also sneered in his heart.

She knew that Moira was afraid that she would see the scene just now.

In fact, no matter how many things Moira did outside to sorry Jarod, Suzi, that is what Jarod deserves! Jarod deserves the retribution.

Just let Moira think she didn't know.

Sure enough, the frightened expression on Moira's face was gone, and replaced by a kind of arrogance and disgust: "Suzi! What are you doing here?!"

"What do you mean?" Suzi asked rhetorically.

“Huh!” Moira was not afraid of Suzi’s tone: “Suzi, do you hate our Lin family? Did you hate Lanita for stealing your child’s father? But you, fate, it’s useless if you hate it. It’s because our family’s Lanita is lucky. Arron almost took her life at this sight, but Lanita has another good grandfather. This grandfather of Lanita, although not as wealthy as the Fu family in Nancheng, But it is also a scholarly family with a prominent family background.

More importantly, Mr. Shu has many old men in politics in Kyoto. It was just these old subordinates. If Qi Qi put pressure on Mr. Arron, Mr. Arron would not dare to do anything to our family Lanita.

After all, one day, our family Lanita will marry Arron.

Then, your illegitimate daughter, where do you like to go, where do you go! “

“Just admit it,” Suzi said.

“What?” Moira didn’t quite understand what Suzi meant. She said so much, shouldn’t Suzi be angry with Qiqiao?

Why is Suzi not angry at all?

In addition, a few words that didn’t follow in the introduction came out briefly.

“You admit that your Lin family framed me back then, and you took me to save Arron’s life, and then let your daughter Lanita go to Arron for me instead of asking for credit.” Suzi explained.

“So what!” Moira snorted, “Didn’t our Lanita confess to you six years ago?”

“So, she and Arron weren’t married, did they?” Suzi smiled.

“You!” Moira choked fiercely.

I thought that Lanita and Arron were supposed to have a smooth wedding, but it was because of this D*mn thing that Lanita's child was aborted and Arron retired!

After so many years, the Lin family bought a wave of killers to pursue and kill Suzi.

But you can't kill her!

In six years, not only did Suzi not die outside, he was even brought back to Nancheng by Arron.

Chapter 507

Suzi's return once again greatly prevented the chance of her daughter Lanita marrying Arron.

Not only that, Suzi returned with Arron's child, and this was a heavy blow to the Lin family.

Using you as the child proved that the Lin family lied back then.

It proved that Lanita's body was already unclean, and she was pregnant with wild seeds.

In the past six years, if it weren't for the shield of Mr. Shu, Arron wouldn't have said that he would marry Lanita. It is estimated that Arron would have overturned the entire Lin family and had his family of three broken into pieces.

Imagine such a cruel man, how could he tolerate the Lin family pooping and peeing on his head?

Thinking of this, Moira, anxious and frustrated, rushed towards Suzi with her teeth and claws.

Suzi hid gently, and Moira went into the air.

After all, people in their fifties are in their fifties. They are well maintained and have not worked hard. Moira's body is trembling with fat and fat, which makes Moira look very cumbersome.

But Suzi is different. Sanford, who has been running around all the year round and took her daughter with a disability, has never gotten fat before working and going to the construction site. He has always been light and light.

It was Moira. She didn't throw Suzi down, but she lay down on the ground first and fell a dog to gnaw shit.

When I got up, I didn't know if I bit my tongue or something, my mouth was bleeding, and there was some dirt on my lips, just like that, it was ugly to be ugly.

Moira, who got up, yelled angrily: "You little b!tch! I fought with you today, there is a way to heaven, you don't want to go, there is no way to hell. The guts make you dare to come and see if I won't kill you!"

As soon as Moira's voice fell, a voice behind him scolded: "Moira! What are you doing!" Moira's assistant suddenly turned his head to see that it was Jarod who was back.

Just half an hour ago, Jarod called her and asked her if she was playing mahjong outside. If she was playing mahjong outside, let her go home quickly. He wanted to come back to get something. Half an hour ago, Moira was with

the man. Fortunately, Jarod made a call beforehand, or he would have to be caught by Jarod today.

However, now Jarod hasn't seen anything, Moira berates her husband like a tigress: "Are you with dead eyes? You haven't seen a little b!tch!"

Jarod patronized his wife's ugly manner, and indeed did not see that the woman who quarreled with his wife was Suzi.

Taking a closer look now, Jarod was furious: "Beast! Why are you still alive!"

Suzi smiled faintly: "You are not dead yet, I am more than twenty years younger than you, how can I die before you?"

Jarod: "You...you go to death now, let the car hit you to death now!"

Suzi: "Jarod, I know you want me to die ten thousand times, but that's okay. When I give you what my mother wants to give you, it will not be too late for me to die again!"

"What's your mother?" Jarod didn't understand at first.

"My mother." Suzi calmly said: "When my mother is alive, there is a letter for me to give you personally, but I have been reluctant to take it out, and this afternoon I will die. On the spot, so I decided to show the letter to you.

However, my mother has requested that you can only watch it by yourself, not your wife. "

Jarod + Moira: "..."

After a few seconds, Jarod asked Moira to go away. He came to Suzi, "Where is the letter?"

Suzi opened a letter and handed it to Jarod.

After Jarod read the letter, he was stunned at the moment: "..."

Chapter 508

Seeing Jarod stunned at the moment, Moira who was still eating a mouthful of mud and blood not far away was also stunned.

What is written in the letter? Moira wanted to know.

Although she was carrying Jarod outside to steal a man, Moira could never allow Jarod to be unfaithful to her.

"Jarod, tell me what you wrote!" Moira yelled impatiently.

Jarod looked back at Moira.

With just a glance, Suzi suddenly took out a lighter prepared in advance and burned the letter on the spot.

While burning the letter, she looked at Moira with a calm smile on her face.

Moira became more anxious: "Jarod! What did Suzi's mother write to you!"

Jarod replied angrily: "Nothing was written!"

"Jarod! You are playing with my old lady!" Moira immediately furious.

Jarod looked at Moira with an angry look: "Stupid lady, who are you scolding!"

"Scold you! What did that woman write to you, why didn't you dare to tell me what was incongruous between you? You didn't dare to tell me!" Moira forgot

to throw out her mouth. There was blood in her mouth, she gritted her teeth and came to Jarod, pushing Jarod away.

Suzi stepped back and stood calmly watching the couple quarrel.

The letter really didn't write anything.

That is a blank letter paper.

There is not even a word on it.

After being captured by Jarod again in Nancheng, when Suzi first heard that Mr. Shu recognized Lanita as his granddaughter, Suzi had already realized that there must be some connection in this, otherwise, as early as six years. Before, Darius would never say that she looked like his sister-in-law every time he saw her.

Six years ago, Darius said that she Suzi was the granddaughter of Mr. Shu. But six years later, Elder Shu recognized Lanita as his granddaughter. Is there such a coincidence in the world?

Suzi didn't know.

She just wanted to give it a try, what is the relationship between the Shen family and the Lin family?

Or what is the relationship between mother and Jarod?

And at this moment, she showed Jarod this blank letter paper, and seeing Moira's irritability, Suzi could guess that her mother, the Lin family, and Jarod must have a great relationship. .

She guessed something.

But she didn't dare to think about it.

If that were the case, it would only make her Suzi hate Jarod and Moira even more!

Hate more!

I wish I could cramp and pull my bones out!

However, she had no chance to avenge her. This afternoon, Suzi didn't know what her fate would be like.

Since there was no chance for revenge, she just watched Jarod and Moira suspicion and kill each other in front of him.

"Idiot! Old lady with long hair and short knowledge! You didn't see it, this is Suzi playing with us!" Jarod, who was pushed by Moira, raised his hand and slapped Moira.

Moira's face was instantly swollen.

Today, Jarod had a great anger in his heart. He came back to find something, needed in the company, so he called Moira in advance, fearing that she was playing mahjong outside, but the two old ladies came back. , I don't know why, the awkward smell of her body is just like the smell of grotesqueness where she rubbed her body.

Jarod was inexplicably angry when he thought that it would not be a mahjong table, and that he was too close to that wretched old man.

But never thought that he hadn't got angry with this stupid old lady, this stupid got angry with him first.

An idiot is an idiot!

Chapter 509

She was actually fooled by Suzi.

After Jarod slapped her cheeks with fiery pain, Moira was stunned for a few seconds, and then she went crazy, kicking and biting Jarod again, and then beating Jarod again.

Jarod was also annoyed. He grabbed Moira's hair and slammed it aside.

If it is a real fight, when can a woman beat a man?

What's more, Moira is still very rich.

Before she caught Jarod, she was kicked by Jarod with no light or heavy kick. When she returned to the attack, she was hit by Jarod's hair tangled up, and a bunch of them fell off at once, and the hair was bleeding. .

Later, Moira was beaten with a bruised nose and swollen face, and she dared not move.

"Get me home!" Jarod viciously kicked Moira's waist.

Moira didn't dare to speak anymore, and ran home rolling and crawling.

After running out a few meters crookedly, Moira glanced at Suzi angrily.

Standing on the side, Suzi calmly watched the whole process.

She is not happy or sad, without any expression.

Even though Moira glanced at her ferociously, Suzi still had no expression.

Watching Moira go away, Jarod looked at Suzi with a grudge.

“Don’t try to hit me like your wife.” Suzi said calmly: “As long as you dare to hit me with a finger, I will stab you to death!”

Jarod: “...”

Suzi neither expressed resentment nor gritted his teeth.

But in her calm words, Jarod felt a certainty. She said that she stabbed you to death is not a joke. “I’m very curious, why didn’t I act on you?” Suzi asked.

Jarod: “...”

“Because I don’t know what my destiny will be this afternoon, I have to admire your daughter’s ability. Although she is in Kyoto, she can unite with the dignitaries of Kyoto and Nancheng to deal with me, Suzi. One person, if I die in their hands this afternoon, I guess I will regret it. Why don’t I kill you husband and wife at this time?

However, I still want me to live.

Even if I get cramped, even if I don’t even wear clothes on my body, as long as I can live and watch my daughter grow up, I will be very happy.

If I can survive, I definitely can’t kill you.

Because I don’t want to go to jail again for the second time. “

Jarod: “...” When she heard her say that as long as she can live, even if she gets cramped and pulled out of her bones, she wants to watch her daughter grow up.

Hearing these words, Jarod's heart was suddenly stabbed with a general pain.

"Jarod, have you ever had your own child in your life?" Suzi asked suddenly.

Jarod: "..."

"I'm afraid not." Suzi raised his eyebrows and said, "Because you never know what it is like to treat your own child. I hope you have a child of your own under your quilt, so that you can also have a taste. Your child is living outside and being bullied! See if you can't sleep at night?"

After speaking, Suzi turned around and left.

The rest of Jarod, for some reason, burst into tears.

Suzi came to the bus station to check the phone time. It was almost time to go to the appointment. She took a taxi and went straight to the hotel that she had agreed with Siu yesterday.

On the way, Suzi received an unfamiliar mobile phone: "Hello, who are you?"

At the other end, I didn't speak at first, and after listening for a few seconds, he said, "Suzi...I'm...Rayna."

Suzi was extremely surprised: "Rayna?"

Chapter 510

At that end, Rayna's tone was a little guilty, and he also had a sense of inferiority: "Suzi, are you going to a banquet now?"

Suzi didn't have the slightest affection for Rayna, and she answered in a cold tone: "What's the matter!"

Rayna stammered and said, "I...I know, you disgust me, before...before...I was sorry for you, I shouldn't listen to my cousin. If you have such a big prejudice against you, I admit that a large part of the reason I am jealous of you is that you are beautiful and cold.

I...I am jealous of you. "

"What do you want to say?" Suzi said coldly.

"I...I am sincere to you now, I...I never thought of hurting you again." Rayna mustered up the courage to say this.

Next to her, stood Galia who was about to die.

Galia is now with Rayna. After she severely rebuked Rayna, she originally thought that Rayna would treat her as an enemy. Unexpectedly, Rayna regarded her Galia as a friend.

Moreover, Rayna is still willing to prevent Suzi from going to the banquet.

Rayna continued: "Then...that's a feast at the Hongmen. At the banquet, my cousin, and Siu's sister, all the people you have offended, they will go, those women usually No chance, they will punish you once they have a chance.

Suzi, don't go. "

Suzi: "..."

Unexpectedly, Rayna, who had bitten her so hard, would actually help her.

Suzi could hear Rayna's sincerity from Rayna's stammering tone.

She didn't speak.

Because she didn't know why Rayna helped her.

Rayna continued: "I used to...too vain. I always think that the largest shareholder Shu Shao is my cousin's cousin. I am a big lady myself.

In fact, I am also a poor migrant worker.

My parents and I are just servants in the eyes of my cousin.

I was so desperate to be her favorite.

I was too stupid and naive.

Suzi, you don't believe that I should be, anyway, I am now making my own feelings. "

Suzi: "..."

"Oh by the way, your good friend Galia is with me." Rayna added.

At this time, Suzi also heard the stern voice on the other end: "Suzi, I am with Rayna. I had a quarrel with Rayna. Hanging a woman is still open-minded, obviously he is a pauper. But I have to pretend to be Miss!

But the upper class society does not treat her as a beggar!

Who do you think you are!

However, the hanging woman has been made sense by me now, and her words can be trusted.

So Suzi, can you not go to the Hongmen Banquet?

Those women want to kill you! "

“Thank you.” Suzi finally said.

She said to Galia: “Thank you Galia, maybe that’s my fate. My fate may have been destined as early as when I was twelve, or maybe it was destined when I was in prison. Or, I shouldn’t have run away six years ago. It’s a miracle that I can live to this day.”

Galia: “...”

“Galia, you let Rayna listen to the phone.” Suzi said.

Rayna’s relatively inferiority voice immediately came from the other end: “Suzi, I even betrayed my cousin. What I told you is true. There was also my cousin at the Hongmen Banquet today.”

Suzi said lightly, “Thank you, Rayna.”

After speaking, she hung up the phone.

Although Rayna is arrogant and domineering, it can be seen from today that her nature is not very bad. If Galia can be good friends with Rayna in the future, Suzi will feel better.
