

Chapter 563 – 564 of Punished by His Love Novel

Chapter 563

“Thank Sister Li.” Suzi smiled.

“Mom, I am late for kindergarten today.” Lilly looked at his mother a little unhappy.

“Sorry baby, mom won’t get up late in the future.” Suzi apologized immediately.

Here Arron solemnly said to Lilly: “Your mother was in poor health yesterday, did you forget it!”

“Oh.” Lilly nodded.

At this time, Sister Li brought a small glass cup and placed it in front of Suzi: “Madam, this is the best blood bird that my husband just brought back from Kyoto. You drank it while it was hot.”

The best blood swallow?

Suzi has never eaten it, but she has heard of it.

I heard that some small bowls cost tens of thousands of dollars?

She immediately looked at Arron: “Such an expensive thing, I...why do I drink it?”

Before Arron could answer, Lilly immediately stood up and questioned his father: “Huh! You said you came back early, and you didn’t have time to give me toys, but you brought my mother such expensive and delicious food! Dad, you are partial!”

Suzi: “...” Somehow, I felt a little warm.

Arron looked at her girl-girl calmly: “Don’t you think you are alone?”

Lilly: “What do you mean!”

“You are alone, don’t you feel lonely!”

Shen Only: “...”

Arron: “One day, when you have a few more younger siblings, you will be your eldest sister. At that time, you will beat whoever you want, and you will order whoever you want. Are you unhappy?”

“Wow! Really? I have many younger brothers and sisters?” Shen Only asked.

“If your mother can keep a little better, there will be a lot.” Arron took a sip of porridge and said slowly.

He did not look at Suzi. But he knew that Suzi blushed.

Little lady!

Looking at the usual humiliation, it is that you didn’t really poke the place where she was flustered. Once you poke the place where she was flustered, she would blush and heartbeat with a few words, extremely uncomfortable.

Lilly: “Oh oh oh, I am so happy. But dad...”

The little thing looked at his father mysteriously: “I know, if you give my mother this supplement, you don’t necessarily want my mother to give birth to my younger brothers and sisters. You just want to please my mother because you are afraid that my mother will be dismissed. My handsome uncle snatched it away, so you are trying to please my mother.”

Arron: “...” The man who was said to be in his heart by his daughter, wanted to beat her daughter in the A55 very much at this moment!

“Cough cough cough...” The man coughed dryly several times.

“Hehe...” The little thing guessed his father’s thoughts and was even happier: “So, even if my father didn’t bring me the toys, I would be happy because my father is kind to my mother.”

This little thing!

She is always attentive to her mother at all times.

Mother was happy when her handsome uncle chased her outside, and her mother was held in the palm of her hand and ignored her, and she was so happy.

Really owe it!

The man gave Suzi an angry white look: “You have a good girl!”

Suzi lowered his head to eat bird’s nest.

She has never eaten bird’s nest, let alone the best blood bird’s nest.

It's silky and tender, with a bit of sweetness and red dates, which is very suitable for breakfast.

After eating the bird's nest, she put down the tableware and chopsticks, and then said softly, with a warm tone: "She is your seed first."

Arron was stunned at the moment.

Little lady!

No matter what the circumstances, even in bed, when each other's hottest, he still thinks she is stupid, how at this moment, he discovered that she is also a master of Tiao Qing.

Just such a sentence: "She is your seed first" and Arron was adjusted, and her heart was pulled a bit.

Chapter 564

Seeing the man startled for a while, Suzi immediately realized that what he said just now seemed to be mingling with him.

I am embarrassed again immediately.

The man didn't trouble her anymore, but got up and said: "I was late for today, we have to go out immediately."

Suzi nodded: "Yeah."

The husband and wife each held Shen's only hand, and a family of three colleagues went out.

Behind him, Li's wife and Tian's sister, were all pleased.

Sister Li sighed: “My wife is an honest person, and my husband just doesn’t like talking, but he has never treated our domestic helpers kindly. I really don’t know why I want to pass on my wife like that on the Internet! I want to know who it is. Go and reason with them.”

Sister Tian said: “No need for Li’s wife, all those public opinions were blocked this morning. Once the husband comes back, he can handle everything.”

Sister Li immediately relieved her heart: “That’s good. It is time to arrest all those who report such untruths, and see if they dare to be so harmful in the future.”

Li’s wife is just an injustice.

What she didn’t know was that the entertainment companies, studios, and the like behind those reporters all disappeared overnight.

No one knows where those people are going.

This city is very big, everyone is busy, who can control whom?

No malicious remarks about Suzi can be found on the Internet. In addition, Suzi usually doesn’t like to show off, and he doesn’t like to show off his clothes. Therefore, even the comments about her and Arron on the Fu Group’s official blog are still there. It was overwhelming, but when Suzi walked on the street, no one really recognized her.

The first one is that good things do not go out.

Bad things spread for thousands of miles.

The marriage between her and Arron was so happy, and the two were so sweet. Although everyone ate melons at night and envied them, in general, they did not have the vicious rumors about her much faster.

Sitting between the husband and wife, Shen Weiyi, the family of three went to the kindergarten together. It was also because it was a bit late today. The children in the kindergarten all went in, and Suzi did not meet the parents of the students like before.

Suzi quickly returned to Arron's car.

She looked at Arron and stopped talking.

"What's the matter?" Arron asked.

Suzi bit his lip: "I...I still won't go to that company. I can look for another job again."

She is not picky about her work.

You can move bricks on the construction site.

As long as it is work, she will take it seriously.

However, her phone rang as soon as she dropped her voice, and when she picked it up, it turned out to be a call from the personnel department of the construction company. To be honest, Suzi still had a little trouble in her heart.

After all, Linda is gone.

Although Linda took the blame.

After hesitating, Suzi answered the phone: "Hello..."

At the other end, the HR manager said in an official tone: "Miss Shen, I don't know why you didn't come to work today. You didn't come on Monday. The company has already dealt with your monthly holiday according to your monthly holiday. If you don't do it today If you come, the company may deduct

money. If you want to take personal leave, you must first make up the leave from your director.”

“Oh... well, ok, I'll come to work right away, today... there is a traffic jam on the road. So I am late.” Suzi said immediately.

“Okay, then you go as soon as possible.” said the personnel manager.

“Well, I am as soon as possible!”

After closing the line, before Suzi said anything to Christopher, Christopher had already speeded up.

A stone fell to the ground in Suzi's heart.

She wants a job in architectural design.

One is that she really likes this job, and secondly, she is also like inheriting the wave of Aunt Shanna, carrying forward her design philosophy.

In fact, Suzi seems to be soft and weak, and she usually talks very little, but she is also a person with her own ideas and ideals.

Moreover, she is very tough.

What she wants to do, even if she encounters great difficulties, she will not easily fail.

Chapter 565 – 566 of Punished by His Love Novel

Chapter 565

The thought that the HR manager had taken the initiative to call her to let her go to work, Suzi felt it was an inspiration in his heart.

What happened yesterday has become a thing of the past.

Even the malicious remarks on the Internet have been searched for less than half a point.

As if it was just a nightmare.

Suzi didn't want the past, but only looked at the future.

In the future, she will be a very accomplished architectural designer. When her work is stable, she will immediately return to her hometown to visit her mother's grave. Maybe she will move the tombs of her parents to Nancheng together, so that she can I can visit Mom and Dad from time to time. Besides, it is to seek revenge from the Lin family.

She will definitely not take the Lin family lightly.

Especially Jarod.

If Jarod is really what she guessed, then her biggest enemy of Suzi in this life is Jarod.

Thinking of these thoughts along the way, Suzi didn't talk to Arron either.

Fortunately, the man is also a few words.

She didn't talk to him, and Arron didn't feel embarrassed alone, but Suzi, after thinking about her own thoughts, turned around and saw how Arron's tie was crooked, and let go.

It suddenly occurred to me that it was the clothes she put on him and the tie she gave him this morning.

Is her technique bad?

The tie hasn't been tied for a long time, and then opened it again?

Suzi turned around and collapsed naturally on Arron. He looked up at him. He grabbed Arron's tie with both hands, and muttered: "Why is the tie crooked? How bad is your image when you go to the company like this." ... Sit upright, and I will tie you again."

Arron: "..."

Christopher driving ahead: "..."

Is he good at driving? His driving skills are enough to compete with professional racers!

But at this moment, Christopher almost hit the tree. He broke out in a cold sweat, slammed the brake and then slammed the reverse plate, so that he could not hit the tree.

Arron hugged Suzi in time to avoid knocking her head.

Suzi also looked back at Christopher, “Assistant Yan, what’s wrong with you? Are you very tired today?”

After the question, she said Arron: “I have never seen Yan Zhu to rest. Why don’t you give him a holiday? Let him rest. If you work hard like this, it is normal to drive with fatigue.”

Arron: “Well, give him more holidays in the future.”

Christopher hiccuped several times.

“Assistant Yan, are you sick?” Suzi asked concerned.

Christopher: “...”

That...Madam!

I’m not sick!

Master gives me a holiday every month!

I am not tired.

Didn’t get sick either.

I choked on the dog food you sprinkled!

The Christopher at this moment was really caught off guard!

He has been accustomed to eating too much dog food sprinkled by the Fourth Master these days, but he has never eaten dog food sprinkled by his wife.

The madam accidentally sprinkled a wave of dog food in a very natural and explosive manner. How could Christopher be able to resist it?

Christopher didn't reply, but he heard Arron's hiccup.

Suzi looked at Arron: "You...what's wrong with you?"

Chapter 566

Arron: "... He was also choked, okay!

Early in the morning, she teased him twice in a row.

Unexpectedly, she turned out to be a master of tricks.

Early in the morning, I said: "She is your seed too." Arron was almost banned from work today.

And now, in front of Christopher, she could collapse on him so naturally to tie his tie.

Like...

For many years old husband and wife, the old wife sees the sloppy husband going out untidy, so she has to make some corrections for her husband.

Her movements can no longer be natural.

Suzi didn't know how upset Arron's heart was.

She rarely takes the initiative to him.

Rarely regard her as her husband.

This sudden change made Arron flattered.

A murderous man, who was extremely calm and deep, was flattered at this moment.

Arron laughed at himself.

Christopher was right.

He is afraid of it.

Yeah!

Fear!

The man cleared his throat: "If you hold on to my tie and pull up hard, your man will have to be strangled to death by you, and you will have to be a widow."

Christopher: "Puff..."

Suzi: "..."

Immediately let go. She said with a very embarrassing expression: "Yes... I'm sorry."

She was wearing a tie for the first time. She didn't know how serious it was, how tight and how loose it was. It turned out that she made it too tight and he loosened it himself. She thought she didn't tie it well.

"You should get out of the car," the man said.

Suzi looked at Arron incredulously: "What...what do you mean?"

Yesterday, I gave her a sigh of anger, and it was good for her all night. She finally felt a little warmth, and he was going to turn his face again?

Men are sc*m!

sc*m!

Suzi was annoyed to cry.

“You have already arrived at the company and don’t want to get off the car? Do you want to absent from work again today? Or do you want to follow me to the Fu Shi Group Company and use the rights of the wife of your group company’s president?” The man said to the woman with a serious face.

“Ah...” Suzi’s expression was embarrassing.

Christopher in front can’t help it = want to laugh.

I was afraid that I would laugh out loud at this time and would be shot down by my own master.

After following the master for so many years, Christopher knew that the patience of the master was only given to two people.

One is a little beauty named Shen, Shen is the only one.

The other is a beautiful woman named Shen, Suzi.

As for his kind of assistant, he can’t make trouble in front of the Lord.

However, since he has two beautiful women around him, his patience and measurement are much better than before.

The current master's measure can pretend to be his love rival without getting angry.

Christopher desperately held back a laugh and peeked at his wife.

Suzi was embarrassed like a little girl, with a nose and a pouting smile, then opened the door in a very embarrassed manner and got out of the car.

Then he ran to the company without looking back.

In that appearance, there is a kind of unspeakable sweetness and cuteness.

Christopher suddenly thought that his wife was only 26 years old this year.

Chapter 567 – 568 of Punished by His Love Novel

Chapter 567

Most girls in their 25s and 6s are still unmarried. In fact, the lady is still the girl who gives her some sunshine, she is very brilliant.

The reason why the lady has always been so cold and calm is because she has received too little warmth in this world.

Christopher was right.

Suzi is indeed a girl who can bloom sunflower flowers in her heart as long as she has a little sunshine.

She almost bounced and tightened the elevator. When she arrived at the elevator, she only managed to curb the cost when she saw someone in the elevator.

Suzi has no social phobia.

On the contrary, she also likes to make friends if she meets someone who gets along well.

However, Suzi also knows that others have always vilified her, and all she can do is to be silent.

Therefore, Suzi habitually bowed his head slightly when he saw someone in the elevator.

However, when the two female employees in the elevator saw that it was Suzi, they immediately bowed to Suzi respectfully: "Fu...Mrs. Fu."

Suzi was taken aback for a moment.

Then his face blushed.

She can bear any attack on her by others.

The more others attacked her, the more she could straighten her spine, even with silent resistance, she could withstand any wind and rain.

However, suddenly someone respected her so much, but Suzi was a bit at a loss.

She had a bit of a sentence: “Um... we... are all colleagues, you don’t need to do this to me, just call... call me Suzi, that. ... The elevator has arrived, I...I’m getting off. Good morning... Good morning!”

After that, Suzi also ran away from the elevator.

Behind them, the two female staff looked at each other and laughed at each other.

“In other words, Mrs. Fu has been working in our company for more than a month and has always been so honest and dutiful. It is those people who are just like others. They are rude and clumsy. It’s because Mrs. Fu is low-key. They bullied people without revealing their identities, but Mrs. Fu was so secretive that she had never bullied anyone.”

Another female staff member smiled and said, “Mrs. Fu is so cute, and she looks like a little girl.”

“By the way, her daughter is five or six years old.”

“So pure and beautiful.”

When the two female employees said this to Suzi, Suzi had already come to his design department.

She didn’t dare to come in at the beginning, and stood outside the door, a little hesitant.

Song Zhuoer was the first to see Suzi.

“Suzi! You are here!” Song Zhuoer shouted in surprise.

Then several other male colleagues also saw Suzi one after another, they got up to welcome Linda, everyone tacitly didn’t mention Linda.

After all, Linda got used to being domineering in the company.

He took the soles of the shoes and hit Suzi in the face so viciously, so at this moment, where Linda went, whether it was alive or dead, no one in this office cared.

Even if it is dead, what to do with them.

Linda took the blame.

Even the female designers who have a good relationship with Linda have tacitly chosen to remove Linda at this moment.

They also wanted to deal with Suzi without barriers, just like a few male colleagues.

However, several female colleagues dare not.

The only female colleague Sun Moli who had never squeezed out Suzi before came to Suzi boldly: "Shen...Mrs. Fu, you are here for work."

Suzi immediately took out a lipstick from her bag and gave it to Sun Moli: "This is the lipstick my husband brought back from Kyoto. I realized that the color of this lipstick is quite consistent with your lip color. I hope you like it. "

Sun Moli was flattered: "Thanks...Thank you Mrs. Fu."

Suzi was a little embarrassed: "But... can you call me Suzi?"

"Thank Suzi!" Sun Moli changed her words immediately.

Then, the two women laughed at the same time.

The other women, in their eyes, don't mention too much in their hearts.

However, no one dared to take the initiative to seek peace with Suzi.

Suzi didn't matter, she had no more important people, she picked up the landline on the table, she called out, and the other end was connected quickly: "Hey..."

Suzi immediately shouted: "Galia..."

Chapter 568

On the other end, Galia hesitated: "Shen...that, Mrs. Fu, yes... I'm sorry, I... I didn't know you were Fu... ..Mrs. Fu, so offended you so much, and... please forgive me."

Suzi groaned: "Galia! When did you become stuttering!"

Galia: "..."

Is she scared?

Also, she was actually angry with Suzi.

Obviously it is Arron's wife, but she wants to conceal her identity. She always sympathizes with Suzi and feels that Suzi is pitiful. Actually, she is a big boss!

At that end, Suzi coaxed with a good temper: "Galia, I have known you for more than a month, and I haven't seen you stuttering. If you don't tell me why you stuttered, I will go up to you now. Up."

Galia said in a panic: "Don't come up to me, I'm very busy at work, I'm hanging up!"

Galia hung up the phone immediately.

On this side, Suzi felt a little guilty.

She likes Galia very much.

She is not as good at talking and sociable like others.

Since childhood, she has made a friend very much.

It's the same as she cherished Joan before.

She decided to organize the work at hand, and then went to find Galia in person.

Even if she apologized to Galia, she was willing.

I haven't come to work for a few days. I thought I couldn't do this job. At this time, Suzi picked it up and sorted them one by one. She had always been responsible for her work, and she was organized in order, within two hours. , The work has been sorted out. Her tired neck was sore.

He raised his head and stretched.

Next to her, a cup of milk tea was handed to her, and a very flattering female voice said respectfully: "Mrs. Fu, drink a cup of milk tea when you are tired. I ordered the milk tea specially for you according to your taste. Don't look at your short time in the company. I have always cared about you. I can see that you love sweets. You taste it, it will suit your taste."

Hearing this voice, Suzi felt disgusted.

This woman is called Lina, and she has the best relationship with Linda.

She also often muttered to Suzi in front of Linda, and even Suzi was in front of her. Linda said, "Don't tell me, she is here." But this Li Na would still blatantly trample on Suzi.

Suzi came to work on the first day and saw the two gossiping women in the elevator, among them Li Na.

Although Li Na did not beat Suzi viciously and put Suzi to death like Linda, Li Na was not a good person either.

So Suzi doesn't like Li Na, who is exquisite and double-faced.

"Take it." Suzi said calmly.

"Mrs. Fu, try it. You will know that I have not lied to you." Li Na didn't hear it at all, she still smiled at Suzi with a smile on her face.

Li Na believes in a saying that is not to hit a smiley person by reaching out.

Sure enough, she pushed the milk tea in front of Suzi again, but Suzi did not refuse.

Li Na felt happy for a while.

Humph!

She hasn't had a thorny head that she can't hold.

She Lina is notoriously exquisite in the office, and she is a small public relations expert in the office.

Feeling happy, I was about to turn around to show off to a few colleagues, but saw Suzi very indifferently putting her in the trash can with a cup of milk tea in front of Suzi.

Li Na: "..."

Her face was more embarrassing than crying father.

Suzi was not angry with Li Na.

She is not angry with anyone.

She just felt that there was no need to accept Li Na. She would never need a friend like Li Na in her life. Since there is no need to deal with each other, why bother?

Make yourself unhappy?

She doesn't hate Lina.
