

# Chapter 725 – 730 of Punished by His Love Novel

## Chapter 725

At this moment, the appearance of the man standing there, as if receiving the worship of thousands of people.

Suzi pursed his lips and smiled: “Hello.”

“Madam, we don’t know if you see you coming to your hometown. We hope you can forgive us for your imperfections.” The man apologized a series of apologies.

Suzi pursed his lips: “It’s okay.”

“Madam, we first stop the construction, and then find a special mage, and find a full-time staff to build the grave. They will be there in a while. We will first pick up your father’s ashes, and then find a place for you to bury it. But this First of all, you must be satisfied with the place. Also, regarding the demolition money, and the feng shui treasure of your father’s tomb, we have converted it. How about giving you one million? If you think it’s inappropriate, We can add more.”

Suzi: “...”

She was never a bad person.

She also never thought about asking for any demolition money, her main purpose is to take away the ashes of her parents.

Because this land has no good memories for her.

The insults suffered by the family of three in this land are far more than happiness.

Dad always said to Suzi and mother during his lifetime: "I have inconvenient legs and feet. If my legs and feet are convenient, I will take your mother and daughter away. Our family of three will never come back, nor will we come back if we die outside!"

Suzi knew that his parents were reluctant to stay here and be bullied.

Why not take her father to Nancheng now and let him live in a good cemetery, so that Suzi can take the only one and Arron to see his father when he is free.

Thinking of this, Suzi said calmly: "When my father was alive, the best thing for my father was Grandpa Shen Er next door. Grandpa Shen Er is very honest. I hope you will help Grandpa Shen Er more in the future. I don't want one million demolition funds. For so many years, Grandpa Shen Er helped us to look at our family. Let the demolition funds go to Grandpa Shen Er."

The man immediately said: "Madam, you...you are such a good person. Okay, I will talk to Old Man Shen now." After a while, Grandpa Shen Er came to Suzi with tears. Next to the car: "Suzi, where can Grandpa Second accept such a gift from you?"

"Grandpa, take it for you." Suzi said firmly.

Then she got out of the car and helped Grandpa Shen Er into the crowd. She said coldly: "I am here today to declare to you that the demolition fund of my house is one million I am giving to Grandpa Shen Er voluntarily. Yes, although

there is no boy in the second grandfather's house, if anyone dares to bully the second grandfather's house in the future, he will have trouble with me, Suzi!"

None of the villagers who bullied the second grandfather's house in the past dared to speak up.

They have long eyes, and they can see the situation on the spot.

Although Suzi is a weak and weak yellow-haired girl, her husband is a personally scary character. So many people with a face and a face all looked at Suzi's man's face and acted, and everyone in the village saw it.

The few villagers who are the most degrading and stigmatized every day immediately began to curry favor with Grandpa Shen: "Second Uncle, if you see what you want to do in the future, tell your nephew, and your nephew will do it for you."

"And my elder sister, let her come back with her son-in-law. When we come back, we will do some business, and the days will become more prosperous."

Grandpa Shen Er's eyes filled with excitement and tears.

Suzi also leaned his head on Arron's shoulder and looked at Grandpa Shen Er with relief.

Just then, her cell phone rang.

The phone was originally turned off. It was Arron who had dealt with Shen Cuishan before she retrieved her phone. However, the screen of the phone was broken and there was no time to repair it.

Although I don't know who the caller is, Suzi probably should call Galia or Rayna.

She immediately connected: "Hello?"

At the other end, a gloating smirk suddenly came out: “Suzi, you are being played by a man now, is it cool?”

## Chapter 726

Hearing Lanita’s voice, Suzi suddenly became furious. All her hatred, her mother’s life or death, and the humiliation she suffered this morning gathered together at this moment, making Suzi instantly cruel. Get up: “Lanita, you don’t want to live anymore. Tell me, I promise to make you dead more uncomfortable than living!”

“Haha!” At that moment, Lanita smiled more and more frantically: “Suzi, the purpose of my life in Lanita’s life is to fight with you! I tell you the truth, Suzi, you and your mother originally You shouldn’t come to our house, you and your mother should die when you were twelve years old!

You shouldn’t be alive!

You and your ugly and earthy mother should have died long ago! “

“Yeah!” Suzi vomited at Lanita through the phone.

She was really confused.

If Lanita was here now, Suzi would dare to kill someone with a knife!

She has always been calm and calm, and has never been so uncomfortable. Three days ago, the family banquet was made by Mr. Shu. The Hongmen banquet that Siu prepared for her a month ago was an insult to her throughout the year. Every time, Suzi could deal with it indifferently, including Suzi was captured by Shen Cuishan this morning and detained in a box, Suzi was not so excited.

But at this moment, she really wants to lose her mind, okay!

“Lanita, listen to me! I, Suzi, must take your skin off in this life! You have your sinews, and you help me tell your sc\*mbag father, tell him, as long as I, Suzi live , I will smash her Jarod into ten thousand pieces one day! I will crush Jarod into ten thousand pieces!” Suzi was really annoyed.

It’s so annoying.

At the other end, listening to Suzi’s anger in the receiver, Jarod stepped back in shock.

Then, he froze with anger: “Niezhang! Niezhang! I have raised you for eight years, and I haven’t seen you respect me for the first time. You want to break my body into pieces? Niezhang! Lanita! Tell Shen Cuishan! Just say it’s me. What Jarod said! Let Shen Cuishan kill this evil barrier now! Find a few more people! The more the better!”

Suzi heard Jarod’s roar on the phone.

It is estimated that Lanita deliberately turned on the speakerphone to let her hear.

“I heard Suzi, my dad asked Shen Cuishan to find you a few more men for you to enjoy, how about it? Although you are just my dad’s adopted daughter, my dad still loves you very much.”

Suzi sneered indifferently: “So, you confessed in person that your Lin family and Shen Cuishan were in collusion with each other, and even the demolition funds of our Shen family were swallowed privately, right?”

“Yes! So what?” Lanita confessed without shy. Not only that, she also said to Suzi with a smile: “Our Lin family not only colluded with Shen Cuishan, but what Shen Cuishan did to you today is also the same as me. What about Shen Cuishan? Although you have such a powerful husband to protect you, you are still planted in my hands. I want to know if you are caught by dozens

or more. The man sleeps, and you become a pile of tatters. Will Arron still want you at that time?

I'm afraid that when you smell the strong odor on your body, you have kicked you into the stinky ditch, right?

Haha!

The more I think about it, the happier..."

"Shen Cuishan is dead." Suzi said calmly.

Lanita: "..."

After a few seconds, she said viciously: "What did you say!"

"She was killed by my husband, and my husband is right in front of me now." Suzi said calmly.

Lanita: "..."

Before she could say anything, Suzi asked calmly, "Where is my mother?"

Lanita: "Your mother is dead!"

Suzi: "My mother lives and lives and news, I will not ask you again, because I know, even if I ask you will not tell me the truth, Lanita, you tell Jarod again, I'm Suzi. Jarod's corpse will be smashed into thousands of pieces in his life!"

# Chapter 727

Will definitely break Jarod's body into thousands of pieces! "

Speaking of words, Suzi immediately hung up the phone.

She couldn't guarantee that she would go crazy if she talked again.

After all, in front of so many people now, it really doesn't look good for her to go crazy.

Suzi thought that after returning to Nancheng from here, she must personally come to Xingshi to question her crimes. If she overturned the Lin family's home, she would not be called Suzi.

Until this moment, Suzi didn't know that Lanita's family had fled to Jiaying Island.

And the person who helped them escape to that island was Elder Shu.

After Suzi hung up the phone, he looked at the people present apologetically: "Sorry, I made you laugh."

"Where, Mrs. Fu has done a lot of magnanimity."

"You can give millions of assets to someone who has helped you before. It shows that you have a kind heart."

These people are all people who are accustomed to meeting the wind.

But their compliments to Suzi are sincere.

Just a minute after Suzi hung up Lanita's call, the full-time grave-lifting staff and Taoist priests also came here. Suzi and Shen Er's grandfather led these people to the back of Suzi's house. , Here is a clearing, all overgrown with weeds, in this wild grass, Suzi saw his father's tomb

Because he hadn't been home for more than ten years, only a small mound of soil remained at the grave of Suzi's father. Fortunately, there is a tombstone standing there. Suzi can see that this is father's tomb. She immediately knelt in front of the tomb, crying silently: "Dad...daughter is coming to see you, dad...you are alone. Are you lonely living here?"

I know you must be very lonely and lonely.

Sorry dad, sorry!

My daughter was too late, so I almost got you buried here.

Dad, but it's okay now, my daughter will come to take you away and go with me. We will never stay in this place that has humiliated you for a lifetime. "

Yubi Suzi deeply knocked his father three heads.

After Arron helped Suzi to get up, the grave maker began to dig the ground.

Due to the large number of people, plus the Avia forces that hindered Arron, the grave work and rituals were all done smoothly.

When it was almost time to eat this morning, things in Suzi's hometown had already been dealt with.

Suzi held his father's urn and Grandpa Shen Er said goodbye: "Second grandpa, I will live in a hotel in the county town for these two days. If you have anything to do, you can call me or Arron."

“Suzi, slow down. Although the house has been demolished, the villagers are all in the same relocation community. You can come back if you want to come back in the future. This will always be your home.” Grandpa Shen Er said with tears on his face.

Suzi nodded, and turned into the car with his father’s ashes in his arms.

The car slowly drove out of the village entrance, and the villagers followed behind to see off.

When Suzi watched, he was very moved.

As the car drifted away, Suzi also received a lot of emotion. But now is not the time for her to feel emotion, she can’t wait to ask about her mother.

“Arron...you said that my mother was imprisoned by Jarod at home, what’s the matter?” Suzi asked anxiously.

## Chapter 728

Seeing Suzi holding his father’s ashes in his heart, Arron couldn’t bear to say this to Suzi.

He held Suzi tightly in his arms, and said in a low tone: “You have me now, you have the only one, and Sanford. You have two good friends. You must be strong.”

Suzi pursed his lips and smiled.

She moved closer to Arron’s arms, and her tone became calmer: “Arron, I... have suffered so much and experienced so many things. Actually, what do I have I’m all calm, I can bear it, you don’t need to comfort me, and you don’t need to vaccinate me. I can bear no matter how cruel things are.”

“Let’s talk about it.”

Suzi thought about the cruelest consequence in his heart.

My mother was imprisoned by Jarod!

And she was in Nancheng at that time!

Just in Nancheng!

But she didn’t know.

That self-blame made Suzi unable to calm down, but in order to prevent Arron from worrying about her, Suzi kept as calm as possible.

Looking at her calm face, Arron said, “For a while, the three of the Lin family saw that you got a lot of goodwill from my mother and me, and they were terrified and jealous.

The fear is that you and Lanita compete for me.

What’s jealous is that I never look at Lanita more, but I care about you very much.

At that time, Jarod thought of many ways to deal with you to no avail. In the end, he sent a lot of people to search for your mother all over the country, but they even found your mother. “Suzi heard this and sneered again and again: “So, Jarod went to jail and told me that my mother was sick and needed a lot of money. Are they lying to me?” “

Arron sighed and nodded: “I lied to you. Jarod wanted to find a dead ghost to fool me at the time. Such a woman was very difficult to find at the time. Later, he thought of you. He originally planned to let me use it all. After your body, you will be sent to prison again, and then you will be charged with a felony, and you will die in prison.

So it doesn't matter to them whether your mother is dead or alive.

However, the Jarod family did not expect you to be released from prison soon.

It was me who fished you out of prison again. I fished you for my mother.

So the Lin family was caught off guard at the time. “

Suzi is a smart person. Even if Arron hasn't said it yet, she has guessed that the Lin family must have been looking for her mother for the best assassin, and threatening her against Suzi.

“But...what about my mother?” Suzi suddenly looked at Arron with tears in her eyes. She hardly dared to ask, “Is it killed by Jarod? Because I ran away, because I sabotaged. Lanita and your wedding, so Jarod killed my mother in anger, didn't he?”

Arron shook his head: “No! Your mother seems weak, doesn't seem to talk, doesn't speak, and is very earthy, but she is very witty. She was locked in the Lin family basement at first. It's a domestic helper from Lin's family who brings her food every day. Your mother actually got close to that domestic helper. The domestic helper rescued her and then released your mother. That domestic helper doesn't work in Lin's family either. Up.”

Regarding Suzi's mother being imprisoned by the Lin family, Christopher inquired about the domestic helper who suddenly disappeared.

That domestic helper was originally Moira's confidant. Because Moira trusted her, she asked her to deliver meals to Suzi's mother every day, but the domestic helper helped Suzi's mother in the end. The domestic helper knew that she would stay here for sure. There will be no good end. On the day she let Suzi's mother go, the domestic helper also left Lin's house overnight.

Go without a trace.

A while ago, Arron asked Christopher to investigate the Lin family's affairs, asking for an investigation that could not be missed by an ant. Christopher checked the domestic helper hired by the Lin family over the years, and found the domestic helper.

Because the domestic helper wanted to avoid the Lin family's making things difficult for her, she had already taken refuge in a very remote country.

However. No matter how remote, he was found by Christopher.

## Chapter 729

When she found her, the old lady was startled.

After hearing Christopher's explanation, the old lady was relieved. Thinking of Suzi's mother, the old lady couldn't help but shed tears: "That's a good woman. She looks very earthy and doesn't have the jewels worn by our wife. But I saw that woman was very polite and elegant, like a lady, kind.

I'm an old lady, and I can't bear to do that kind of hurtful things.

Then I thought, saving a life is better than building a seventh-level buddha, so I saved the woman.

However, I just let her go, and then I never contacted her again. She doesn't have a mobile phone. I am also a poor person without a mobile phone. She is not young anymore. I am older than her, neither of us. I know how to use a mobile phone, so I disconnected.

Hey, I don't know if that woman is alive now?

I miss her a lot.

That woman can compose poems, and she even memorized a poem that she composed herself, which is very nice. “

This was what the old lady of the Lin family said to Christopher at that time. Christopher burst into tears at the time.

However, he also had some hope from this.

That is, Suzi’s mother may still be alive.

Hearing Arron telling himself this, Suzi had already burst into tears.

Her tears wetted Arron’s clothes: “Arron, are you comforting me by telling me this?”

“No.” Arron said. “Arron, do you think I can find my mother in this life?” Suzi asked again.

“Yes!” Arron only said one word, but he was a little tight with the strength of his arms around her.

“Actually, you don’t know if you can find my mother, do you?” Suzi muttered to herself: “After so many years, six full years, she has not returned to her hometown, she has no money, she is older, She is in poor health, Arron...I may never see my mother again in this life. Not only can I not see my mother, but I may not even be able to find my mother’s bones... .”

She cried silently.

The crying finally awakened Shen only.

“Mom...” Shen Only yelled softly in a childish voice.

Suzi turned around and hugged his daughter in his arms: “The only one...”

“Mom, I love you, Dad and I will love you, mom, don’t be sad.” Lilly raised his little hand to wipe the tears for his mother.

Arron also put his hands on Suzi’s face and gently wiped the tears from her face.

After wiping, he kissed her on the forehead again.

At this moment, Arron’s cell phone rang. He thought it would be the local staff in this county who wanted to eat with him. When he picked it up, it turned out that it was the security captain of his own community.

What will be the security call?

Arron immediately connected: “Hello? What’s the matter?”

At the other end, the head of the security team heard a respectful voice: “Fu...Mr. Fu, there is a female tramp who scavenges waste just now inquiring about your situation in a community like ours.”

Arron suddenly sat up straight: “What are you talking about, a female tramp who scavengers?”

## **Chapter 730**

Arron glanced at Suzi subconsciously.

Suzi didn’t pay much attention because he was immersed in sorrow. When he saw him sitting upright, he asked him: “What’s the matter with Arron? What’s wrong with the scavenger girl?”

Arron shook his head: “It’s okay.”

To be sure, he said to the security guard briefly: "I see." Then he hung up the phone.

Putting the phone away, Arron hugged Suzi again.

Suzi's face was buried in his chest, and he didn't see what Arron was doing. In fact, Arron was making eye contact with Christopher.

Christopher has been the most personal bodyguard who has been with Master Forty for more than a decade.

What Master wants to do and what needs to be done, Master just gives Christopher a look, and Christopher immediately understands.

At this moment, Christopher knew that the Fourth Master needed him to immediately mobilize his hands to check the female tramp.

Both people thought at the same time that this tramp should be the woman who crashed into Suzi's car on Sunday.

There seems to be a certain number in the dark?

At this moment, Arron was relieved.

The man who has always been calm and calm has an impulse to blurt out his guess, wanting to tell Suzi of his guess. However, when he thinks that Suzi is so sad now, if he tells Suzi at this time, Suzi will definitely be very happy.

But what about after being happy?

If it's not what he and Christopher thought, then after making Suzi happy, his mood plummeted?

Arron could no longer look at Suzi sad.

For every point of Suzi's sadness, Arron would be very troubled in his heart.

At this noon, Christopher drove the family of three back to the hotel where Suzi had already stayed. The four of them ate Chinese food in the hotel.

After eating and returning to the room, Suzi is still depressed

After all, there are three things that have been demolished in one day, the husband and wife raised their graves, and the mother's whereabouts are unknown. Before that, they almost fell asleep. Anyone who was replaced would be gloomy and listless.

Therefore, this afternoon, all the people in the county who have a reputation will call in to invite Arron, and they want to see Arron.

However, Arron rejected all the people with many scenes.

There is only one reason for his refusal: "Sorry, my wife has been busy all morning, she is tired, and I have to take care of my wife in the afternoon."

Hearing Arron's words like this, the men in the entire county were stunned.

This is the king of a city in the country's largest trading city, the current president of the largest and most famous company in Nancheng?

It's not like it.

Where is he the president?

He is simply here to protect his wife.

That's right!

This afternoon, Arron didn't go anywhere. Anyway, he came here just to do one thing, that is, he picked up the grave of Suzi's father and moved back to Nancheng not far away. Once this is done, nothing will happen. Arron personally took a bath for Suzi and massaged her whole body in the large suite of the hotel where they lived.

Then, Arron knelt on one knee again, letting the foot of his body step on his knee, and he personally massaged the sole of her foot.

Suzi: "..."

She couldn't be more moved.

"Arron, you really don't need to wash my feet. I can wash myself. When did you serve others like this when you grew up? For a long time, even if you are exiled and have no inheritance rights, you have no shortage of people around you. Maid, when have you done these things?" Suzi asked her husband gently.

The man did not speak.

He always talks less.

But the movements of his hands were very good, and the toes massaging her made her very relieved.

She was indeed tired today. She went to Murakami early in the morning, but was caught by Shen Cuishan, and then went to the village with Arron, and then picked up her father's ashes.

Tossing back and forth, she was really tired.

After the man massaged her feet and toes, he hugged her to bed: "Take a good night's sleep, the only one and I are here looking at you."
