

Chapter 945 – 950 of Punished by His Love Novel

Chapter 945

Arron's laughter was dull: "I won't confine your thoughts. If you have anything wrong with my wife and children, you'll be in a different place. Pan Haoyang, know why I let you lead the way. Do you know why I went to your place first? It was purely because of your care for my wife and children."

Pan Haoyang: "..."

At this moment, his mood was extremely decadent.

The entire Gasing Island was so well prepared, and they asked the Jun family in Kyoto to borrow so many weapons and troops, but in the end, it was useless at all.

However, Arron surrounded his monarch's mansion with such effortless effort.

At this moment, Pan Haoyang wanted to die.

Arron had the same eyes behind his back: "Lead the way! If you can give me the most appropriate reason, I might consider not killing you!"

Pan Haoyang: "Okay! Very good, I will show you the way!"

If it was necessary, he walked in the forefront, and Arron led Suzi, led Lilly, and walked slowly in the monarch's mansion like a walker in the park.

Everyone encountered in the monarch's mansion greeted Arron, Suzi, and the little princess Lilly respectfully.

In Pan Haoyang's eyes, this situation made him a little more gloomy.

Soon, they came to the east courtyard where Pan Haoyang was located.

Pan Haoyang led Arron into the living room. He was sitting in the main seat, and Arron and Suzi were the only ones sitting in the guest seats.

At first glance, it seemed as if he Pan Haoyang was really receiving guests.

"Call the monarch Pan Haojing here." Arron said to the mercenaries outside.

"Yes! Fourth Lord!" The mercenary turned and ran out with the gun slung on his body.

"You raised a good mercenary." Pan Haoyang said with a sneer.

Arron was expressionless: "This is the pride of my Fu, who was exiled to a foreign country when he was a teenager. In the past ten years abroad, he did not achieve anything in other places. However, the mercenaries he raised, They are among the best, not to mention a small Gasing Island, just put them in any place, they are brave and wary existences."

Pan Haoyang: "Count you ruthless!"

"Yeah."

Arron smiled lightly at Pan Haoyang: “This is a desperate person who was exiled, and the difference from the fourth son who was born in a noble family like you. Although we are all fourth sons.”

Pan Haoyang’s lonely tone: “Do you think you have suffered in this world?”

Arron no longer looked at Pan Haoyang.

He looked towards the outside calmly.

At the door, a very short old man had entered. Behind the old man were Pan Haojing’s wife, Pan Haojing, Pan Yang Jingshu, and Pan Haojing’s only daughter, Pan Mingsai.

Pan Haojing’s height is at most 1.5 meters, while Pan Yang Jingshu is as tall as 1.5 meters.

Their daughter, Pan Mingsai, is a composite of two people’s height, about 1.58 meters tall. This Pan Mingsai is really not good-looking.

At this moment, all three members of the family came to Arron’s face in a trembling manner, just like a prisoner of war.

Pan Haojing wanted to kneel down. Before his knees were bent, he was scolded by the daughter Pan Mingsai behind him: “Dad! Anyway, we are all going to die! Why kneel!”

Pan Haojing raised his foot and kicked Pan Mingsai: “Dead girl! Kneel down and kowtow to Fourth Master Fu, let Fourth Master Fu go around us and not die!”

Say yes, Pan Haojing looked at Pan Haoyang who was sitting on the main seat of the sofa again: “Fourth! You get me down and kneel here! You don’t want to live, we want to live! Come here and kneel down to redeem your sins, fifty years ago. Star Island originally belonged to the Xia family, and now we

are just returning things to the original owner! Come over and kneel down to make atonement!”

Pan Haoyang sneered at his elder brother: “You are not as good as your daughter!”

Pan Haoyang: “You...you are really mad at me, mad at me! Okay, okay, don't you kneel, Siye Fu, you have seen it too, I will fight in front of you now My fourth brother has severed relations! I have nothing to do with him! I absolutely obey you to take back Gasing Island, as long as you are willing to...”

Before Pan Haojing's words were finished, another person broke in outside the gate.

The man rushed into the room as usual, and when he saw Arron, he was pleasantly surprised and said, “Master... is what you said is true?”

Chapter 946

“Hahaha! You ugly monster, you ran over to make trouble again.” At this time, Lilly, who was lying in his mother's arms, burst out laughing.

The person who rushed over was not someone else, but Lanita.

Lanita is still wearing white tape on her head, really like a clown, plus she is now skinny and her face is not even a little bloody, she is really a clown and a ghost.

However, at this moment, Lanita didn't care about Lilly calling her a clown or a female ghost.

As long as she is sure, Arron will not kill her, and will send her to Nancheng safely.

This was confirmed by the phone call from grandpa just now.

Grandpa really has a way.

The whole world couldn't figure out Arron, but Grandpa could figure it out.

Lanita was extremely proud in her heart.

She ignored Lilly's mocking of her and looked at Arron triumphantly.

Arron looked up at Lanita, and then said lightly to the mercenaries outside:
"Shoot this woman out. If you see her push the door in again, you will break her limbs to pieces."

Lanita: "Four Lord...you..."

"I promised Mr. Shu to let your family of three return to Nancheng alive, but there is no guarantee that you will have fewer arms and legs, living with high paraplegia."

"I'll get out...I'll get out soon..." Lanita cried in shock on the spot, and rolled out of her illness.

"Hahahaha, hahaha..." This ugly monster almost peed his pants in fright.

Seeing Shen only smiling, Pan Mingsai underneath was also smiling.

Pan Mingsai smiled, her nostrils opened wider, and Pan Mingsai smiled at Shen Only.

Shen Only smiled more openly.

Pan Mingsai said: "Children, don't you think that your sister, my nostrils, are beautiful and stinky?"

On campus, Pan Mingsai was always the one who was not afraid of being a fool.

This will make her look down on her parents' practice.

D*mn it anyway, I'm afraid of a bird!

Lilly nodded immediately: "Yeah, your big nostrils are so beautiful. If you can drill a nail on both sides of your nostrils, it will look even better."

"Hey, you and sister want to go together!" Pan Mingsai said excitedly.

After a pause, she said again: "Little attendant, please beg your father. Before he kills me, let me put two nasal nails on my nose."

Suzi + Arron + Pan Haoyang + Pan Haojing + Pan Yang Jingshu: "..."

Are they getting old?

What kind of thinking is this?

D*mn it, she was still thinking about putting a nose stud.

"Mingsai, shut up!" Pan Haojing kicked Pan Mingsai again.

After the kick, he nodded and bowed at Arron, and then squeezed a bitter smile: "Fu... Fourth Master Fu, you see. We are all prisoners, can you let us live a life we fend for ourselves? Are we okay?"

Arron: "..."

Seeing that Arron was silent, Pan Haojing said again: "Four Lord, what happened fifty years ago, I...Although I am very young, I still know the

situation. Back then... Back then, it was really not our Pan family who wanted to seize your Xia family's foundation.

Fifty years ago, Arron didn't want to pursue it anymore.

For him, it doesn't make sense to pursue it.

One is because my grandparents and family have all died tragically.

Even the mother is already under the spring.

The grandfather's family and mother were buried together. They were reunited underground, but Arron had a worry.

Fifty years ago, Arron didn't need to ask Pan Mingsai. He knew that it was nothing more than that the Fu family was relatively strong. The Fu family brought prosperity to the entire island, and the Fu family wanted to take credit and pride on the island.

Chapter 947

However, the Xia family disagreed.

All kinds of conflicts of interest, and the weak power of the Xia family, were eventually driven to extinction.

This was originally a cannibalistic phenomenon in business.

However, after twenty years later, the daughter of the Xia family was forced to become the concubine of the man of the Fu family.

This is the grudge between the Fu family of Nancheng and the Xia family of Gasing Island.

Arron is the grandson of the Xia family and the grandson of the Fu family.
What should he do?

The deceased has passed away. What he can do now is to rebuild the ancestral house for the renters on this island and worship them.

As for the hatred of the Xia family against the Fu family, Arron has wiped out the Fu family and nothing is left.

The only thing left is himself, as well as his father and daughter.

How can I kill him again?

“Do you know my mother?” Arron asked suddenly.

Pan Haojing looked up and thought: “The youngest princess of the Xia family?”

Arron nodded.

Pan Haojing: “...”

He knows a little about Shanna.

But at that time, Fu Zhengxiong’s power in the Fu family was huge, and a small island owner like him could not change much.

“Your mother loves Mr. Arron at the time very much. They are two consensual things. This... we can’t afford to interfere. Besides, I was only a teenager at the time.” Pan Haojing said.

“How old were you at that time, you mean, you don’t know what secrets and regrets my mother has, staying on this Jiaying Island?” Arron asked.

Pan Haojing desperately shook his head: “I really don’t know, absolutely don’t know!”

Arron: “...”

It seems that only Elder Shu knows this secret.

“Go out!” Arron said.

“You...Four Lord, what did you say?” Pan Haojing looked at Arron incredulously.

“Get out!” Arron said again.

“You...you won’t kill me or my family?” Pan Haojing asked Arron in a dreamlike tone.

Arron’s tone understated: “If you linger here for a minute, you, your wife, and your daughter will be in different places.”

Pan Haojing: “...”

After a few seconds, she immediately signed his wife’s and daughter’s hands, and ran outside like Lanita just now.

After running two or three steps, Pan Haojing turned around again. He looked at Arron with a very adventurous expression: “Fu Siye, I...I have a question.”

“Say!”

“It stands to reason that I... The Jun family and Elder Shu in Kyoto have also sent me a very strong manpower, but why can you easily... occupy my entire Canadian Where is Star Island?”

“Is it one minute?” Arron asked.

Pan Haojing: “...”

After the vaccine, he pulled his wife and children and rolled.

In Pan Haoyang’s large living room, there were only three members of Arron, Suzi, and Pan Haoyang.

Seeing his elder brother’s frightened fart peeing, Pan Haoyang was very contemptuous at first, and then he looked at Arron as if he had died: “Mr. Fu! What my eldest brother knows is also what I want to know, Pan Haoyang is on the spot today. Just die, I want to die too!”

Arron’s lips twitched coldly.

Then, he looked at Pan Haoyang tirelessly: “Want to know?”

Suzi, who was sitting next to Arron, also looked at Arron with a fascinating look: “My husband, I also want to know how you managed to take the entire island silently.”

Chapter 948

Arron, who rarely speaks, sighed.

Then I said: “This piece of land originally belonged to my renter family, and the renter family has been in charge of it for generations. Although it is not developed, the folkway here is simple and peaceful to live and work. Later, the

Fu family broke the peace here and made me feel better. Renting a family out and destroying the door made my mother die with hatred.”

“Although my surname is Fu, I also have half of my blood. It belongs to the Xia family. I came here to get what I want. How can I let the people of this land not live and suffer from the war?”

After some words, Suzi couldn't help but hugged Arron: “Husband...”

Arron continued: “I started my plan when I was in exile in a foreign country when I was a teenager, step by step to recruit mercenaries, step by step to strengthen them, and let them spread all over the world where they are in need.”

“Pan Laosi, you don't want to think about it. I have so many mercenaries, all of whom are experienced and capable of fighting well. I can deploy tens of thousands of people at random to occupy your entire island.”

“You and your elder brother Pan Haojing don't even know when I started to inject these mercenaries into Gasing Island. Do you think my six years of time were wasted in vain?”

“I'm infiltrating a little bit. The purpose is not to cause large-scale casualties. The money, force, and weapons allocated to you by Mr. Jun Chengyin and Mr. Shu from Kyoto, any kind of money, as long as they enter Gasing Island, are actually already in my pocket, the more they allocate to you, the more Arron earns.”

“The reason why I chose to come to Gasing Island at this time is because I know that with Jun Chengyin's controllable range, he will no longer be able to transfer extra force to Gasing Island. This is his limit.”

“So, I closed the net.”

Pan Haoyang: “...”

He listened to a heart sinking.

It turned out that Arron had already made strict arrangements six years ago.

It turned out that even if Arron did not come to Gasing Island himself, in fact, Gasing Island was already owned by Arron, and he and his stupid big brother thought they would have a great chance of winning.

He even kept asking for help from the Jun family.

It even endured the Lin family of three pooping and peeing here.

It's ridiculous.

Pan Haoyang looked up at the ceiling.

Arron said blankly again: "Master Pan, I know that you have a high prestige in Gasing Island. Many of my subordinates have told me about you, saying that you have brains and talents. If the Pan family is not dragging you down, Maybe you will be very successful, and it is not easy to say that a well-known entrepreneur, but..."

"But!" Pan Haoyang sneered and looked at Arron: "Arron, do you think that there is only you in the world who have the ability! Only you in the world have suffered hardship! Only you are a hundred forged steel! Lao Tzu is like you!"

Arron: "..."

"Yes, I'm the fourth son of Pan, but I haven't got the love of my father and mother since the day I was born! Even some of my brothers are much older than me! My mother has ignored me since the day I gave birth. Don't ask, my father is also ignorant of me! The reason why Pan Haoyang can live in the eastern courtyard of the monarch's mansion today is my own struggle!" When he mentioned his childhood, there were even tears in Pan Haoyang's eyes.

Everyone thinks that Pan Haoyang was born in the first family of Jiaxing Island.

He is the fourth son of Pan, whom everyone envy.

But does anyone know the real situation?

Pan Haoyang didn't know why his parents didn't like him, but they still wanted to give birth to him. He was sixteen years old from his elder brother Pan Haoyang, and twelve years from his youngest third brother.

When he was born, his three older brothers were big and small, and no one took him to play.

He wanted to be with his parents, but his parents never gave him a smiley face. In Pan Haoyang's eyes, it would be good if his parents could stutter him.

Part of the reason why Pan Haoyang likes Suzi so much is because Suzi's childhood was also unfortunate.

Suzi also came out of such suffering.

And he Pan Haoyang also made it like this.

Chapter 949

“Arron! Do you think you were exiled abroad only when you were a teenager, and are not allowed to return? I was also exiled.”

Pan Haoyang looked at Arron sadly: “When you are exiled abroad, at least your father will give you a generous living allowance, and your mother is a senior architect. She has an enviable job abroad. Although you were exiled,

But you still have no worries about food and clothing, and you still have extra money for you to make friends with. But what about me?”

Arron: “...”

At this moment, Pan Haoyang didn't look like an enemy in his eyes.

It seemed to be complaining to Arron.

“I don't have anything! I can only rely on my own business mind, my cruelty, to create a world for me! The reason why I can live in the eastern courtyard of the monarch's mansion is why I can call my eldest brother Three and four, because I gave my eldest brother one billion yuan, one billion yuan!

What kind of hilltop villa sky garden I will build on Gasing Island for a billion?

Do I need to live in this monarchy and receive relief from others?

I was pitiful to see him!

A Dou who can't afford it! “

Speaking of this, Pan Haoyang looked at Arron coldly: “Arron, I also like the woman you like, Pan Haoyang, and your favorite kid, little princess, I like Pan Haoyang too! My Pan Haoyang is better to Suzi than you! Jiaxingdao ignores their mother and daughter, but I won't! Even if I, Pan Haoyang, die in your hands, I will say to you, I love Suzi! I also love Lilly!”

Suzi: “...”

Lilly: “Uncle Pan, don't be so fierce...”

Seeing Shen's only gentle and soft childish voice, Pan Haoyang's expression immediately eased. He repeatedly said: "I'm sorry, I'm sorry little princess. The scene of the killing. Uncle I'm sorry, I'm not afraid, I'm not afraid."

"I'm not afraid!" Shen Only said proudly: "My father is the most powerful father in the world. My father protects me and my mother, so I am not afraid."

Yubi, Lilly said to Pan Haoyang again: "Uncle Pan, are you my friend?"

"Of course!"

"Then don't be aggressive to my dad, okay, if you are aggressive to my dad, I won't be friends with you! My mother won't be friends with you either!" Lilly pouted at the end.

She was very angry with Pan Haoyang.

Are friends great?

Friends are not as important as Dad!

The inside and outside are close together, and the little things are very clear.

Pan Haoyang suddenly smiled discouragedly.

Arron is really good for life. He has such a good wife and such a good daughter.

"I'm sorry, my uncle is wrong to your dad. My uncle just wants to make good friends with the only one. If I have a chance in the future, my uncle will still ride you as a horse." Pan Haoyang said.

Shen Only: "..."

Pan Haoyang looked at Arron again: “Arron, you are very strong, but I am not as weak as you seem, goodbye!”

Yubi, he suddenly pressed the button on the chair, and the chair fell down in response.

Immediately afterwards, the ground where Pan Haoyang was sitting closed.

Suzi + Arron + Lilly: “...”

Chapter 950

Just when the three of them were stunned, a muffled voice came from the top of their heads.

“Arron! People are not as good as the sky. Although I didn’t know that you had controlled the entire Gasing Island so dead, I, Pan Haoyang, left me a way back from the day I entered the Monarch’s Mansion. Only I, Pan Haoyang, knows the secret path leading to the undersea tunnel. This is the escape path that Pan Haoyang prepared for myself! I will not give up to you!

Never! “

The voice is getting farther and farther.

In the end it disappeared.

Arron immediately called people in to check the secret passage here. The mercenary opened the secret passage before long, but after only walking a short distance, he saw that the other end had been blocked.

More than a dozen mercenaries reproached themselves to Arron: “Four Lord, this is our fault. We have been lurking in this mansion for so long, but we

didn't realize that Pan Haoyang had actually made such a secret road. Over the years, he has never touched this mechanism."

Arron sighed lightly: "Forget it, let him run away."

He hadn't planned to kill Pan's family.

Because Arron is a person who must get revenge, but Arron never hurts the innocent.

Even forty or fifty years ago, Fu, Pan, and Xia had blood feuds, but those were all the things of the previous generation, and the previous generations were all dead. Two of the Pan family's four brothers were already dead, and the remaining two did not harm him, Arron and Suzi, the only one, so Arron didn't plan to kill them all.

Now, seeing Pan Haoyang fleeing so reluctantly, Arron thought of his previous self.

I was a ruthless man before.

I will never admit defeat to anyone.

The same is true for Pan Haoyang, he will not admit defeat to anyone.

Suddenly, Arron felt a bit of sympathy for Pan Haoyang, who had escaped.

When he turned around, he looked at Suzi and Lilly in a daze.

"Don't be afraid." Arron said.

Then he picked up the only one: "Like this uncle?"

The only one nodded: "Dad, he is not a bad guy, he made me ride a horse."

“Then Dad will turn over the whole world and get this uncle back for you, okay?” Arron asked gently.

Shen Only nodded happily immediately.

“Let’s go.” Arron said to Suzi.

“Arron...” Suzi took Arron’s arm: “You just gave up on the secret you were looking for?”

Arron sighed: “It’s been two days. I have searched all the places I can find on Gasing Island. I have prepared for these two days for six years, but I really haven’t found anything, so it seems that Elder Shu is in his hands. The secret of the confession is extremely precious. But Suzi, even if the secret of the old man Shu is precious, we can’t exchange the secret of Lanita’s family of three.”

Suzi shook his head: “It doesn’t matter Arron, it really doesn’t matter. Lanita’s family is far less than the status of Shanna’s mother in my heart. Since Mr. Shu has said it, this is a big secret, and it is closely related to you. , I think the value we exchanged.”

“Thank you, Suzi.” Arron said.

Suzi smiled: “We are a husband and wife, who is with whom.”

She looked at her husband now, and she looked more like a girl than before.
