

Chapter 981 – 986 of Punished by His Love Novel

Chapter 981

“Tell you the truth, Mr. Jun, how many years have I waited for you with these weapons? I really feel distressed to buy these weapons with my personal financial resources.”

“But now, I got it without spending a penny! In order to let you jump in, I planned for six years! You really jumped into the pit. I have to say something to you, thank you, Uncle Jun! “

“You...” Jun Chengyin raised his wrist abruptly. He looked at Arron with anger, the truth punched Arron’s head open.

However, Jun Chengyin dropped his hand weakly.

Unless he lives enough.

Now, Jun Chengyin has no ability to fight Arron.

“Uncle Jun, if you don’t try to hurt my heart over and over again, how can I swallow your one-third of your weapons? It’s all you asked for.”

“You can’t beat Kraig even if you don’t lose a third of your weapons in Kyoto, let alone you lose a third of your weapons now?”

“Uncle Jun, your time is over. You can’t beat Kraig, and you can’t beat me Arron! I think Kraig’s face, spare you once!”

After some words, Jun Chengyin wanted to find a place to drill.

After Arron finished speaking, he ignored Jun Chengyin.

He only said to his wife: “Suzi, are you tired? I haven’t gotten home since I got off the plane. Let’s go.”

Suzi nodded: “Husband, let’s go home.”

The couple passed Jun Chengyin and went straight out.

The only thing left is that you become a shade, like air.

But the waiter came up with the bill, and she handed it to Jun Chengyin: “Sir, please pay the bill.”

Jun Chengyin: “Get out!”

The waiter laughed angrily and looked at Jun Chengyin: “You old man! Are you going to eat Bawang meal? We are a high-consumption place. The private room fee for this private room is more than 1,000. Do you want to go wrong?”

Jun Chengyin: “If you don’t get out, I will kill you!”

The waiter stumbled down like a ghost, and yelled as he ran: “Hurry up, there is a tyrannical old man in the private room. He doesn’t pay the bill and he wants me to get out. I said he was going to kill me. .”

Jun Chengyin: “...”

He was really confused.

Although he knew that this private room had nothing to do with him, it should be Arron and Mr. Shu or his granddaughter who should pay for it, but at this moment, if he does not pay for it, Jun Chengyin really can't get away.

Moreover, it will become a big joke that everyone spurns.

At this moment, Jun Chengyin's eyes turned red.

He hurried to the front desk, paid the bill while apologizing, and chased him out.

At this moment, Jun Chengyin wanted to chase Arron to get the bill back!

After chasing the door, Jun Chengyin saw a car parked outside the gate of this leisure club.

This car, Jun Chengyin, is the most familiar, it is the car of his nephew Kraig.

Kraig's now unique boss in Kyoto is much more prestigious than when he was young, and Kraig's limelight has long overshadowed his second uncle's limelight.

At this time, two people slowed down in the car.

Sure enough, it was Kraig and the woman that Kraig took wherever he went, Dalia.

Dalia got out of the car and rushed to Suzi. He looked up and down, left and right, as if two people were sisters.

There were tears in her eyes: "Suzi, I can't get in touch for the past half a month. I'm almost dying of anxiety."

“I called you the night you first arrived at Gasing Island, but you keep shutting down and shutting down all the time.”

“You...are you okay on the island, the only one, why didn't I see the one?”

As soon as Dalia's voice fell, he was hit by someone behind him. When she turned her head, she suddenly screamed, “Ah...what is this?”

Chapter 982

What appeared in front of Dalia's eyes was a burly beast doll that was thick and half-length.

What is this!

Dalia was really scared, tears of scared flowed out.

However, Lilly, who was holding this explosive animal doll, looked at Dalia with innocence and innocence: “Aunt Shanshan, you... are you scared?”

When he heard the childish innocent voice, Dalia endured fear and looked down, and saw that the only little friend of Shen was holding the doll to please Dalia.

“Auntie, the doll for you.” Lilly said.

Dalia: “...”

“You little thing, you want to scare your Aunt Shanshan out of nowhere, let's see how Uncle Jun beats you!” Kraig raised his wrist and squeezed his only nose.

Dalia immediately felt distressed again: “Kraig, don't scare the children!”

Kraig: "..."

"Auntie, do you like it for you?" Lilly asked, tilting his head.

Dalia: "..."

She wants to say she doesn't like it, okay?

She nodded insincerely, and then summoned her courage to hand it to Kraig.

I'm so scared of this doll.

I really can't understand the brain circuit of Xiaopenyou, why is it so strange.

Looking at Kraig, the man was not scared at all. He teased the doll. He raised his hand and pressed the button on the doll. The doll immediately made a ghostly sound.

Dalia: "..."

Kraig laughed wildly.

"Auntie, hug." Lilly opened his hand for Dalia to hug.

Dalia bent over and hugged Lilly in his arms, and looked at Lilly with incomparable affection. The expression in those eyes was as if Lilly were her own child.

"The little thing scares you so much, you still like her so much. You can just recognize her as a damsel." Kraig said to Dalia.

Dalia immediately nodded happily: "Okay!"

As soon as she finished speaking, Suzi blurted out: "Sister Shan, take advantage of you to give birth to Mr. Hejun, give birth to several! You have to have more births!"

When Suzi saw Elder Shu telling Arron that he still had a younger brother, Arron's face immediately had a look of surprise. At that moment, Suzi knew that anyone in this world would like to have multiple relatives.

There can be one more.

Therefore, Suzi hopes that Dalia will have more lives.

Suzi can also see that Dalia actually wants a child in his heart. Not to mention Suzi can tell, even Shen's only child can see that Dalia wants a child very much.

The only reason why he gave Dalia this Explosive Beast doll was to hope that Dalia could have his own child soon.

As soon as Suzi's voice fell, he saw that Dalia's face flashed with loneliness.

It was only an instant, Dalia immediately returned to a gentle smile on his face and said: "I... don't want children."

Suzi: "..."

How could a woman who loves children so much not want her own children?

When Suzi was about to ask, another car drove up next to them.

When the car stopped, Lenny and Rayna got off immediately. At the same time, Rayna shouted excitedly: "Suzi! The only one! I finally saw you!"

Chapter 983

“Beautiful Aunt Rayna...” Seeing Rayna coming, Lilly immediately broke free and got off Dalia. As she ran towards Rayna, she muttered: “Beautiful Aunt Rayna. , I give you...”

Lilly didn't say anything, she was hugged by Suzi, and she blocked her lips: “Don't say it any more, you will scare your Aunt Rayna in broad daylight!”

Shen Only: “...”

After a pause for a second, Lilly nodded: “Oh, yes, my mother!”

Speaking of words, Shen Weiwei continued to run towards Rayna.

Lenny also enthusiastically shouted: “Uncle Fu, Fourth Aunt, Shen's only little sister! I said I will pick you up at the airport, but I can't let it go. We can only pick you up here.”

Rayna thumped Lenny: “The only beauty called Auntie Rayna, but you called the only sister, then what are you calling me?”

Lenny smiled towards Min with a smile: “Xiao Rayna, believe it or not, believe it or not, you will convince me that I will pack it up tonight!”

Rayna immediately called Suzi: “Sister Suzi, Sister Suzi, look at him, you let Mr. Fu clean him up, and he calls Mr. Fu Uncle.”

Before Suzi could speak, Arron immediately scolded Lenny: “Boy! Be nice to your daughter-in-law!”

Lenny immediately obediently said: "Yes! Fourth Uncle!"

It looks better than listening to the words of my uncle Kraig.

At this moment, Jun Chengyin, who had paid the wrong meal in embarrassment and anger, just walked out and saw that the people who came to pick up Arron and his wife outside the clubhouse were all his family members.

There is Kraig and Lenny.

Both my uncles and nephews are here!

Jun Chengyin's face turned black and black.

His hands clenched into fists involuntarily, his eyes flushed with anger and looked at the people next to the car.

, But, his line was completely cut out by Kraig's line.

Although Jun Chengyin is a member of the royal family in Kyoto, he is not as powerful as Kraig, and now he has lost one-third of his weapon control.

What's more, now Kraig and Arron have such a good relationship.

Two people, one has the supreme power, and the other has the boundless power, and at the same time is the ruthless master of the rich and the enemy.

With such a combination of the two families, where is there any room for him to survive in the future?

Jun Chengyin stood behind the glass door of the clubhouse, watching several people next to the car talking and laughing.

“Arron, Kraig’s career is here in Nancheng. This kid doesn’t like politics and business. You have to keep him stricter in the future.” Kraig treats Lenny like his own son. The same.

Lenny scratched his head when his second uncle said about himself.

Arron took over and said, “I dare not say anything else, but he promised Rayna now that he will go to Rayna as his wife, and a quilt will be good for Rayna. If he dares not to fulfill his promise in the future, then Uncle Fu can’t be lighthearted. Forgive you!”

“Hehehe, Sishu Fu, don’t worry, you and my fourth aunt will support Rayna, how dare I.” Lenny’s smiled hippily.

“And me! I will also support the beautiful Aunt Rayna.” Lilly said with his head tilted.

Lenny glanced at Rayna: “Hey! You...you have seen it, this was originally Lenny’s relatives, my second uncle, my second uncle killed my brother. My brothers are all in one mind with you!”

Rayna smiled happily: “That is!”

All the people beside the car laughed loudly.

Even Christopher, the assistant next to him, was smiling.

With that pleasant atmosphere, Jun Chengyin in the gate of the clubhouse was about to breathe fire.

Without hesitation, he took out his cell phone and dialed a group of calls: “I ask you! The woman I asked you to find, have you got it back?”

Chapter 984

At that end, Siu's sneer was heard immediately: "Dad! Of course I will finish what you told me!"

Jun Chengyin gritted his teeth and said: "My daughter is really good!"

Siu said coldly: "Uncle and cousin are trying to separate us?"

Hasn't Arron annexed so many weapons? Isn't he protecting his bitch wife all the time? Then if we die, we have to bite them!

They all got rabies!

That woman will return as soon as possible! We will have a good show right away. "

Jun Chengyin smiled relaxedly: "Then dad don't worry, let's hang up first!"

After closing the thread, Jun Chengyin quietly left through the side door without saying hello to his nephew or grandson.

On this side, no one knows when Jun Chengyin left.

No one knew that Jun Chengyin made the vicious call.

Arron was still talking and laughing.

For Arron during the half month of going to Gasing Island, it was a complete victory.

This is also expected.

In particular, Kraig and Lenny, who have always been involved in it, have been involved in making plans with Arron since the year when Arron planned to take down Gasing Island.

During this period, Lenny served as a courier for his uncle several times.

Therefore, no one hopes that Arron will return with a complete victory than Kraig and Lenny.

“Congratulations, Arron.” After the women had been busy for a while, Kraig had time to say congratulations to Arron.

Arron sighed, “There are gains, but there are also regrets.”

He smiled and said, “Kraig, I actually have a brother. The twin brothers of the same father and mother, maybe he still doesn’t know that he is Fu Zhengxiong’s son, and Fu Zhengxiong doesn’t know that he still has any. A child stayed on Gasing Island.”

Kraig was startled.

This is quite beyond Kraig’s expectations.

After a pause, Kraig asked, “Where is that younger brother?”

“He is the fourth son of the Pan family and the one with the strongest resistance in the Pan family. He is always reluctant to admit defeat, so he ran away by himself and his current whereabouts is unknown.” Arron said regretfully.

Kraig: “...”

For a while, he didn’t know what to say, or whether it was a joy or a sorrow. He didn’t even know whether this brother of the same father and mother would be Arron’s enemy or a friend in the future?

No one can tell.

But it doesn't matter. Soldiers come to cover the water.

If Arron's younger brother wants to work against Arron in the future, Kraig would not agree.

Wouldn't it be better if Arron's younger brother would work with Arron, and Arron would have another relative in this world?

After thinking about these things, Kraig smiled: "Let's go, I'll catch the wind for you."

Arron shook his head: "If I don't go to Kraig, I have to take Suzi home first."

Kraig raised his hand and suddenly patted Arron on the shoulder: "It's really a fear!"

Arron sighed: "Master Shu told me these past events, and it also made me know for the first time the great kindness and great virtue of Master Shu to me and me, but the Lin family must be spared."

Kraig: "..."

"The Lin family is Suzi's great enemy. We went to Jiaying Island this time for another purpose, and that is to destroy the Lin family. As a result, Suzi's wish was never achieved."

Kraig raised his eyes and glanced at Suzi. Suzi was talking with Dalia and Rayna, and Lenny was talking and laughing.

He suddenly sighed: "Arron, I have only now discovered that you and her are a perfect match. She looks weak, but she is very tolerant of you. She has not been able to destroy such a big enemy, but she does not treat you. Don't cry."

Arron also looked at Suzi, and then said to Kraig very proudly: "So, I want to take her home first and treat her well."

“Okay! Another day, we will pick you up again.” Kraig said.

If words were necessary, the two men came to Suzi, Dalia, Rayna and Lenny.

Chapter 985

At this time, Rayna was half-bending and asked Shen’s only words: “The only big woman, you were interrupted by your mother halfway through your conversation with the beautiful Aunt Rayna. I wondered if you were from Canada. Did Sing Tao bring a gift to Aunt Rayna?”

Although Rayna was a little sincere and a little bit naive.

But she also has times when she is little strange.

She has a lot of discernment when dealing with peers, but communicating with a friend like Lilly can show her cleverness.

Just now, Rayna saw Kraig holding a Explosive Beast doll in his hand.

Ugly!

A little dark, but a little bit happy.

The Beast is fat and clumsy.

The teeth above are all music buttons.

Rayna just thought with his toes, and knew that it must not have been a toy bought by someone like Kraig.

Not only can it be bought by Kraig.

It can't be someone else.

Even Suzi, who is most familiar with Rayna, would not buy this kind of prank, heavy-tasting toys, because Suzi is also a serious person who doesn't like to joke.

The only thing that can explain it is that the Explosive Beast doll that Kraig holds in his hands is actually the only gift Shen gave to Dalia. Dalia must have been shocked at first glance, so he was taken by Kraig's second uncle.

Haha!

It's really happy.

Rayna seemed to go up and touch the doll.

If that baby had been given to her Rayna, how wonderful it would be. Like it's dead.

By the way, that was the only gift Shen gave.

Shen's only kid can give it whatever he wants. Rayna can't choose by himself, right?

However, taking 10,000 steps back, since Lilly can give Dalia such a creative and beautiful doll so unique and so happy, then Lilly's gift to her and Galia must be very special.

Ha!

Can't help but look forward to it.

Can't help but ask.

When she asked, Lilly immediately said with a smile: "Well, I bought you all presents."

She has always wanted to say it, and she wants to see them and surprise them!

It was her mother who was stopping her.

Rayna came immediately interested: "Really? Really? What kind of gift, I can't wait to miss Kang Yikang. Hurry up and let the beauty Aunt Rayna Kang Yikang."

Shen Wei took a step back.

She shook her head: "You... keep it secret now, you can't watch it yet."

Rayna blinked at Lilly, "Why?"

Shen Only: "..."

In fact, those gifts were all carefully selected by her Shen.

However, when my mother saw those gifts, she said to her: "Shen, the only girl, if you give these gifts to those aunts, you will be beaten by the three aunts!"

At that time, Lilly didn't believe it.

But now, when she saw that Aunt Shanshan was scared like a nightmare, she only believed her mother's words.

Therefore, at this moment, facing the expectation of the beautiful Aunt Rayna, Lilly was a little bit afraid to take out the present.

“Take it out quickly!” Rayna suddenly shouted angrily!

Lilly pouted: “Then you have to give me a hook first. You can’t beat me when you see the gift I gave you.”

Chapter 986

Rayna: “...”

I beat you?

Haven’t waited for me to raise my hand, your father, your mother, your assistant Yan, your bodyguard, may be able to beat me to death with a stick, including Galia. Should I beat you?

“Don’t hit you! Give me the gift I gave me! If you don’t give it to me, I’ll hit you now, believe it or not?” Rayna took out his iron fist and furiously.

Lilly immediately shrank his head: “Okay, then.”

Yubi ran to the trunk in a hurry and took out the present she had given to Rayna. “

“Yes, beautiful Aunt Rayna.” Lilly tilted his head and handed the gift high to Rayna.

“Ah...” Rayna was frightened, and suddenly hid in Lenny’s arms.

Dalia on the side was amused.

She was really lucky. She felt that the only child Shen still loved her very much. After comparing with Rayna's, Dalia felt that his gift was so beautiful, so warm, and so warm.

Like a fat doll, very cute.

"You...Lilly! I want to break your relationship with you! You...what are you giving me!"

"This is a simulated skeleton."

Lilly proudly said: "Auntie Rayna, the beautiful woman with a button on the skull's head, when you press the button, this simulated skull will change into several colors."

Rayna: "..."

"Also, when it gives birth to hair, it can turn its hair into red, black, and green, and her teeth can also turn black."

"Look, Auntie, when I press the button now, the fake skull's hair comes out red, and its teeth are all red."

"Aunt Rayna, you Kang Yikang, you are very beautiful."

After Xiaohua's words, Rayna, who was hiding in Lenny's arms, looked at the only place a little bit.

Until I saw that simulation skeleton.

He has two big holes in his eyes and two big holes in his nostrils, but he has this big red hair and big red teeth.

This is to frighten her Rayna's courage.

“Lilly...you have such a heavy taste!”

“Suzi, save me, please help me...”

Suzi shrugged and looked at Shen Only reluctantly: “Shen, are you here? You can explain it to Aunt Rayna.”

She gave Shen Only a helpless look again: “Hey...I told her when I came here, she will definitely be beaten by the three of you.”

Lilly patiently explained: “Aunt Rayna, next time your cousin bullies you again, you will use this skeleton to scare her, and promise to scare your cousin to cry. But at night, she accompanies you to sleep. When...”

Rayna: “You...you still want it to sleep with me?”

Lilly nodded earnestly: “She will sing to you, and she sings very nicely. It’s a lullaby, Aunt Rayna, I know that your parents don’t want you anymore, you are alone and nobody coaxes you to sleep... ..”

Rayna: “...”

She cried suddenly and hugged Shen only.

“Only, you are Aunt Rayna’s best friend. Auntie loves you and loves you forever baby, Auntie...” Rayna looked at the gift, suddenly felt that it was very cute and not scary at all.

“Auntie likes the gift you gave me very much.” Rayna said with a smile.

Shen’s only triumphant expression: “Don’t beat me?”

“Never beat it!” Rayna promised.

“Hehe...” Lilly looked at his mother: “I just don’t know if Aunt Galia saw it, would she be scared too?”

The little thing hasn’t figured it out until now. Why are Aunt Rayna and Aunt Dalia so scared?

Why is she so young, but she is not afraid at all?

“What gift is your Aunt Galia?” Rayna asked.
