

Chapter 183

"Smash her with rotten eggs!"

"Moral depraved woman!"

"Master Fu, don't be merciful, keeping such a woman is a curse!"

People watching the wedding from outside have appealed to Fu Hengsheng.

Fu Hengsheng looked at Suzi angrily, and Suzi looked at Arron expectantly. Arron's tone was surprisingly calm: "Suzi, you are too much!"

However, his tone made the people around him feel a deep murderous intent.

"My Arron gets married once in my life, but are you going to break it? I signed the contract with you, and I promised you a huge contract fee, but what do you say? You say you and my mother are a real friendship, you It's not for money.

And now, are you here to ruin my wedding? "

Suzi: "Arron..."

"Get out!" Arron yelled suddenly!

The sound was so loud that the camera of the man who was standing twenty meters away with a camera in hand trying to record this strange event shook off.

The man picked up the camera and fled in a panic.

Suzi looked at Arron dimly with teary eyes.

"Go!" Arron said again.

"You don't believe what I said?" Suzi asked.

Arron said for the third time: "Don't let me see you again in this life, or I will make you worse off than death! I will let you personally feel what is the most filthy, lowly and dignified woman in this world! I am cruel to women. Not inferior to my cruelty to men! The reason why I didn't act on you today is because you took care of my mother for two months. Now, right away, get out!"

Suzi: "...". She knew that Arron was not joking.

Arron has always been a person who does what he says. Suzi has seen how Arron handles his opponent.

Suzi shivered in shock.

Arron stopped looking at Suzi, but only looked at the four bodyguards and said: "If this woman is allowed to come back this time, the four of you won't have to come back again. Cut your throats yourself!"

"Yes! Fourth Lord!"

The four bodyguards dragged Suzi out without expression.

Fu Hengsheng stopped them: "Wait."

The four bodyguards looked at Fu Hengsheng: "Master, do you tell me?"

"Take your tattered clothes away! Don't be dirty and smelly anymore, let my guests get dirty virus!" The old man lifted his foot and kicked Suzi's two snakeskin bags to the ground. .

The zipper of the snakeskin bag was broken.

Inside were exposed Suzi's cheap clothes, even washing clothes, and a few dollars of bath soap all fell out.

"This is really a scavenger girl."

"The scavenger girl has the guts?"

"The more such a woman, the more whimsical she is. She is not afraid of everything. The so-called barefoot are not afraid of wearing shoes."

Suzi's ragged clothes became everyone's joke.

Suzi was completely kicked out of the wedding scene. Four bodyguards threw her on the main road one kilometer away from the wedding scene and left.

Suzi hadn't gotten up yet, but saw a big truck on the opposite side dashing towards her.

"Hurry up!" A figure quickly pushed Suzi away.

Chapter 184

The truck whizzed past Suzi, and Suzi was pushed away and quickly rolled down towards the edge of the road.

The edge of the road is the hillside.

There is a huge despair in Suzi's heart.

She felt that when she rolled down, not only could she not keep the child in her stomach, but she might also be dead. However, she didn't feel the pain. Upon closer inspection, she realized that she was being hugged by a man.

The man used his body as a cushion for Suzi. Every time he rolled, he caught her with his arm until both of them began to roll down the hill. Suzi frightened: "Ah..." .

And the man quickly reached out and grabbed a sharp stone. The man put his arm around Suzi with the other hand, and the two did not roll down.

Suzi gasped in fright, then looked intently, and then said in surprise: "Sanford, it's you? You... why are you here?"

Sanford's head is densely covered with sweat beads, and his words are not so neat: "Suzi, I heard Shu Shao say on my way here, you...do you have Arron's child in your belly?"

Suzi burst into tears: "He... will not want my child anymore. I told him all the details and he didn't believe me. He told the bodyguard that if I came back to ruin his wedding, he Just let the bodyguard cut his throat.

He also said that if I come back, he will let me taste the taste of a really low, dirty, and dignified woman.

Arron is a man who can do what he says.

Just turning on the car and hit me, it showed his decisiveness. "

The sweat on Sanford's face became more turbulent. He said weakly, "Suzi, you have only been released from prison for three months. You don't know how fierce Arron is. Four months ago, Arron was in charge of the Fu family. His half-brother Fu Shaocong, at that time everyone thought that Arron was Fu Shaocong's prisoner.

However, Arron turned around overnight.

Not only that, he also degraded all the people who had trampled on him in the entire Fu family...

No one of them has a chance to live. Do you understand? "

Suzi nodded: "I understand, Ze Shao, why did you sweat so much in the winter? What's wrong with you?"

Suzi looked at Sanford up and down, only to see that the arm where Sanford was grasping the sharp stone was bleeding from the palm of his hand.

"Shao Ze, are you bleeding? You quickly loose the stone. Quickly loosen it!" Suzi cried heartily.

Sanford smiled with a collapsed smile: "You can't let it go. If you let it go, you roll down, and the child in your stomach really won't be able to keep it. I know you have no relatives anymore, and the child in your stomach is the only relative. I'm fine. Skin trauma."

"Ze Shao, thank you, uuu..."

She just watched Sanford's hands bleed outwards until ten minutes later, Darius rushed over to rescue the two of them.

A black car parked on the side of the road.

That was Sanford's.

Sanford stopped here to wait for Darius to reply to him. Fortunately, he stopped here. Before the news of Darius arrived, he saw Suzi being thrown on the road by several big-shaped men. He hadn't waited yet. Suzi got up, and the truck on the opposite side slammed into it.

That was directly taking the life of Suzi.

That was not ordered by Arron, who would it be?

"Arron is angry. He won't keep Suzi alive. The truck hit Suzi just now. I must take Suzi away now." Sanford ignored the bloody appearance of his left hand and only opened the door and got into the car. Said to Darius.

Darius nodded: "Go!"

Suzi looked at Sanford's hand: "Your hand..."

"You can't die, first use your clothes to tear into a strip of cloth to stop the bleeding, and wait until I get out of Nancheng." After that, Sanford had already started the engine.
