

Chapter 213

At the same time, Lanita also saw Suzi.

I haven't seen it in six years, and Lanita is now full of jewels, revealing a taste of extreme luxury.

She looks like a wealthy lady.

Suzi sneered in his heart: It was really a narrow encounter.

She looked at Lanita coldly, her eyes seemed to kill Lanita.

If it is said that when Suzi was in jail six years ago, although Suzi hated the Lin family, she did not look at Lanita like an enemy now. Now, Suzi regards Lanita and the entire Lin family as her own enemies.

Unshakable enemy!

In the past, Lanita committed crimes, but the Lin family blamed Suzi and sent Suzi to jail, and Jarod tricked Suzi to accompany a dying man. Actually, that person was Arron, and she was released from the Lin family. Never told her, and framed her again and again.

As a result, Suzi failed to make the child in his stomach justified in the end.

This kind of hatred is unforgettable in Suzi's heart!

If she is still alive in the future, she must take revenge!

The look Suzi looked at Lanita made Lanita scream in fright: "Oh mom! Ghost! Grandpa, grandpa, I saw a ghost!"

Lanita ran into the ward in a panic, shouting in panic as she ran.

Grandpa?

Suzi was startled, when did Lanita have an extra grandpa?

But these things did not allow her to think more, she only followed Arron and led Lilly to Fu Hengsheng's ward.

Fu Hengsheng's ward was crowded with people, some of whom were acquainted with Suzi.

There is also Joan. After six years, Joan has matured a lot. The short stubble is gone, and there is a deep wrinkle on the eyebrows.

When she saw Suzi, Joan was startled first, and then a nervous expression appeared on her face, but due to the presence of so many people in the ward, Joan didn't say anything, but looked at Suzi frequently.

At the same time, when the people in the ward saw Arron coming back, they all gave way to Arron. Coming to the outside of the ward, Arron handed Shen Only to Suzi, and then he entered the ward alone.

Suzi stood outside the ward with Lilly in embarrassment.

At this time, Joan hurriedly came to Suzi: "Suzi, what are you doing back now! Why don't you run?"

Suzi looked at Joan and sneered: "Young Master Ling, don't come here without problems."

"Run! Run now!" Joan whispered.

Run?

Suzi looked at Joan mockingly: "Mr. Ling, can you please tell me, let me run now, is it another game you play with me?"

Joan immediately became decadent. He took a deep breath and said, "Suzi, what should I do about the things back then, will you forgive me?"

I know it is my fault.

No matter what I do, you will never forgive me. It doesn't matter if you don't forgive me, Suzi, but you shouldn't follow my fourth cousin back. "

Suzi sneered sadly: "My brother was dispatched by Arron and I don't know where, and my daughter was held by Arron. Tell me, what else can I do if I don't follow him back?"

Joan: "Your brother?"

"Sanford." Suzi said.

"Lao Ze he..."

"He's not good!" Suzi said: "He and his family were sent abroad by Arron, life and death are unknown."

Joan stepped back several steps, and then he subconsciously looked inside the ward.

Several people standing by the door of the ward were looking in the direction of Joan and Suzi.

Chapter 214

One of them also pointed: "It's her, it's her!"

"Oh my God, Master finally found this woman!"

"The culprit! I was finally caught by the Fourth Master!"

"Now, this woman must be winged and hard to fly!"

"Deserve it! Not to mention that so many celebrities were harmed in the past, but she also ruined Fourth Master Fu's wedding. This incident directly caused the child in Miss Lanita's belly to abort."

"This time this woman will come back, and neither the Fu family nor the Shu family will spare her!"

"I want to see with my own eyes how she died!"

"Fu Siye will definitely kill this woman alive!"

"She is light when she is alive. Look at it, Fourth Master Fu will definitely not forgive her lightly."

Several people yelled at Suzi, but Lilly saw these people attacking his mother at the same time, hiding in her mother's legs in fright, holding her legs with both hands.

Joan asked dimly: "You...your child?"

"Does it have anything to do with you?" Suzi asked.

"She and my cousin...so alike?"

Suzi sneered!

Joan was stunned for a moment.

Before Arron came out in the ward, Suzi suddenly begged and asked: "Mr Ling, can you help me find out which country my brother has gone to? And my brother's family, how are they? Could you please? Help me find out.

If you want money, I will give it to you.

I'm willing to do whatever you want me to do. Could you please inquire for me? "Suzi disgusted Joan. However, for Sanford, she had to ask Joan for help.

"Do you care about Lao Ze so much?" Joan asked lonely.

"Of course! He is my brother!" Suzi's eyes were red.

Joan said dimly: "Okay, I will help you inquire, as long as there is news about Lao Ze, I will tell you immediately."

"Thank you." Suzi stopped looking at Joan.

At this time, Joan was calling out the name of Joan in the ward, and Joan entered the ward immediately. And the three or five people who had just yelled at Suzi withdrew from the ward, came to Suzi and said, "You still come back! Are you afraid that Fourth Master Fu will dump you?"

The other person smiled triumphantly: "She is afraid, but can she leave it to her?"

"Bah!" Someone spit at Suzi unexpectedly.

"Mom, they are so bad!" Lilly looked at Suzi distressedly.

Suzi looked at Lilly indifferently, and softly coaxed her: "It's okay baby, mother is here, mother will always be with you, baby."

Yes, Suzi can guarantee that he will always be with his children.

Whether life or death.

Arron stayed in the ward for about ten minutes before coming out. As soon as he went out, Lanita followed out: "Brother Arron, when shall we watch the movie together? Oh, why are your eyes so dark, Brother Arron? "

Arron didn't even look at Lanita.

Lanita chased up again, and then pointed to Suzi, "Brother Arron, did you find this woman to execute her in front of Quannan City?"

Brother Arron, since we have found her back, we must not spare her lightly! "

Arron still didn't look at Lanita, he only came to Suzi and Lanita, spread out his big hands, held Shen's only small hand again, and led her to go out.

Suzi followed, except for the door of the inpatient area, she said, "Where do I... live?"

"Live at my house!" Arron said in three short words.
