

# Chapter 291

All three people in the ward were stunned.

At this time, Dr. Fu Hengsheng, who was in charge of Dr. Fu Hengsheng, also came to the ward round. There were also some young doctors, special nurses, head nurses, and nurses. A group of people stood at the door of the ward.

No one reacted for thirty seconds.

Later, Fu Hengsheng's attending physician was the first to respond: "Oh my god! Father's condition can't be tossed, where is this child from? This child is too horrible, too naughty, too beautiful and raised up, hurry up and blow this child. Get out!"

The doctor knows that there is no such young child in the Fu family.

This is definitely not a child of the Fu family, nor a child of the Chu family.

Then this child must have nothing to do with Fu Hengsheng.

When I was about to blast the child out myself, I heard old man Fu Hengsheng suddenly laugh: "Hehehehe, whoops, my dear grandson, you are about to gouge out the nostrils of grandpa, grandpa itchy, Let go, let go, grandpa gives you delicious food, grandpa scolds them and let them apologize like you, okay?"

Shen's only hand still stayed in the nostrils of the old man: "Old man, what are you saying is true?"

"Called Grandpa." Fu Hengsheng roared.

"You let them apologize to me first!" Shen Wei pouted and bargained.

The originally sick old man would be very energetic. He looked at his son, daughter-in-law, and grandson, and ordered: "You three, apologize to my great granddaughter! Hurry up!"

Fu Zhengxiong + Qin Wenyu + Arron: "..."

Special care of doctors and nurses in the hospital: "..."

Everyone looked at this little doll.

It was a little Lolita who was born out of nowhere. "Hurry up!" Fu Hengsheng said with a cold face.

"Yes... I'm sorry." Fu Zhengxiong said first.

Then Qin Wenyu also said, "I'm sorry, kid."

Lilly looked at Arron again: "Smelly badass, and you!"

Arron smiled lightly: "Okay, Dad tells you I'm sorry."

Only then was Lilly only satisfied that he twitched his fingers from the old man's nostrils. The old man was holding back, coughing several times, his coughing face flushed.

The scared doctors and nurses rushed up to check the old man's body.

Arron took the opportunity to lift Lilly from the old man and stood watching. After a lot of tossing, it was already more than an hour after the various instruments were checked, and the old man Fu Hengsheng pushed out from the examination room with surprisingly good spirits.

The doctor also smiled and said to Fu Zhengxiong and Qin Wenyu: "It's really a strange thing. The old man was in a very serious condition yesterday. After examination today, he found that his physical signs are all very good, and the old man's condition has improved greatly."

In a few days, he can be discharged from the hospital. "

Fu Zhengxiong's heart was immediately relieved: "Thank you doctor." After speaking, he glanced at the child sitting next to Arron.

Although the child is a girl, his facial features are very similar to those of Arron.

At first glance, he is the child of the Fu family.

She was not afraid of being afraid that day, and suddenly being able to climb onto the old man's hospital bed and restrain him from the act was really strikingly similar to that of Arron.

Both father and daughter have very difficult personalities.

Fu Zhengxiong looked at Lilly and became more and more happy.

At this moment, Fu Heng Shenglang said, "This child belongs to the Fu family and must be named Fu!"

## Chapter 292

Arron looked at Father Fu calmly: "I am her father, and I have the final say on her surname. Don't you want to take a look at her, since you have seen it, she should go to kindergarten."

After speaking, Arron looked at Lilly: "Lilly, go, it's time to go to kindergarten."

Lilly rolled Arron's eyelids, reluctant to follow him.

Who told him to say bad things about his mother just now.

Arron's face stretched: "Didn't you already apologize to you! Didn't you do anything wrong?"

Lilly: "... She was tricky, but she couldn't speak to Arron, and Arron apologized to her. She must admit this.

If you don't want to follow Arron, you must follow Arron.

Along the way, Lilly stopped talking to Arron until Arron sent her to the door of the kindergarten and was about to lead her to the teacher. Who knew that Lilly ran into the kindergarten quickly by himself.

After running a long distance, Shen Only came back.

"What's the matter?" Arron asked gently.

"When school is over in the afternoon, I don't want to see you!" Lilly said with a pouting mouth.

Arron was expressionless: "Okay, I don't need to show up at the school gate."

After speaking, Arron left.

This afternoon, Lilly rushed to the gate of the kindergarten very happily, lying on the first one, she was waiting for her mother to pick her up.

The bad guy said he didn't show up at the school gate in the afternoon, so it must be his mother.

However, it was Uncle Christopher who was waiting outside the kindergarten.

"Huh! I don't want to see you!" Shen Only put his little hand in Christopher's hand, stomping his feet to walk without cooperating with Christopher.

Christopher smiled: "Little princess, you don't want to see me. I understand. I can leave your sight immediately, but the question is, who will drive you back to see your mother?" Shen Weiwei: "He will drive too!"

"Who is he?" Christopher asked.

"Smelly badass!"

"Who is the badass?" Christopher held back a smile and asked deliberately.

Lilly: "...It's my badass dad."

Christopher deliberately raised his voice: "But, I heard your father say that you don't want to see him either, Lilly, don't tell me what you are saying is the irony, actually you really want to see your father, right?"

"No! I don't want to see him!"

Christopher raised his eyebrows and said: "Then there is no way, I can only drive you home to see your mother."

"Okay then!"

Followed Christopher and got into the car, but Shen Wei only saw Arron sitting in the car.

"Hmph, I said I don't want to see you!" Lilly pouted his mouth and didn't want to get in the car.

Arron was expressionless: "Yes, you can go home by yourself."

Shen Weiwei: "...". She found that she couldn't beat the bad guys, and she couldn't beat the bad guys' drivers either.

She can't go head-to-head, she has to think out of her mind.

Standing outside the car, Shen's only small eyeballs were ticking around, Christopher was whizzing in his heart, and instinctively told him that this worldly little loli even dared to dig the nostrils of her grandfather, what else could she do? Dare to do?

Christopher just wanted to hide away.

After Lilly's eyes rolled, he smiled and said, "Well, I will sit with you and go home in Uncle Christopher's car. Is my mother waiting for me at home?"

Arron nodded: "Yes."
