

Chapter 773

She told herself that she still had Arron, and she still had the only one.

They are a happy family of three.

She is eager to get more from Arron to heal her anxious wounds.

As soon as Suzi said these words, they all wanted to laugh, but they didn't dare to laugh, and they didn't even dare to cover their mouths.

Huh!

That's a suffocation!

Fortunately, it's enough for Suzi: "I won't bother you, you come back early, I can't sleep without you, I'll hang up first, and bye bye husband."

A series of sweet tones made Arron feel refreshed.

In the past, Arron never liked sweet things.

Even the coffee he drank was the most bitter and strongest coffee in the world.

Now, I don't know when since when Arron drinks coffee, he also likes to put a sugar cube.

He felt that the mellow coffee had a little sweetness and the taste was very beautiful.

This evening, Arron came back very late.

Back home lightly, thinking that Suzi was asleep, but found that the light in his large bedroom was still on.

Is she working overtime to draw the blueprints?

Arron denied it.

Because Suzi never draws artwork in his big bedroom, she is afraid of affecting his sleep and messing up his big bedroom.

Since it's not working overtime to draw artwork, then what is it for?

When he opened the door gently and saw the scene before him, Arron was taken aback. His large bedroom is actually a living room, and the space inside is as big as a medium-sized room in an ordinary home. There is a large open space in the living room, and there is an ironing rack on that open space now.

At this moment, Suzi was wearing an apron, and he was ironing Arron in a decent way.

On the hanger next to the ironing rack, she had already ironed several suits and hung them like new ones.

Arron was taken aback.

Don't look at her wearing an apron, but her figure from the back is very beautiful. It is kind of gentle and gentle, very beautiful with the taste of life.

His big house has always been very cold.

Cool-toned wallpaper, cool-toned wardrobes, cool-toned carpets, and even the sheets and quilts on the beds are dark gray. That's because Arron has always been a hard-hearted person. He thought he would never need warm colors in his life.

However, at this moment, seeing the woman's back, the goose-yellow apron, and the skillful movements of the woman's hands, Arron was completely intoxicated.

"Come over and give me a hand, I can iron your clothes, can't you stand at the door like an overseer, right?" Suzi looked like he had eyes behind his back and didn't look back, but knew he was back.

The man put down his briefcase, came to the woman very obediently, took the woman's newly ironed suit, and hung it on a hanger.

"Wrong! Stupid!" the woman groaned.

Arron: "Is it wrong? My wife, please forgive me. It's the first time I lay hands on you, and I will become more and more skilled in the future."

Suzi immediately smiled. She turned her head and said to him with a thumbs up: "I always said that the wrong voice is sincere, my head is great, my head is lowered, and my wife will give you a thumbs-up."

She will print a handprint on his forehead.

It's like giving him a thumbs up.

Arron lowered his head obediently, and the woman nodded heavily on his forehead.

Before he took his hand away, he hugged her, pressed her on the bed, his tone of voice became hoarse: "Little woman, your methods of seduce your husband are getting better and better."

"Hahaha...itchy, husband!" Suzi's forehead shrank with a smile.

At this moment, the man's cell phone rang suddenly, and he reluctantly picked it up to connect: "Hello?"

“Master, there is action over there!” An anxious voice came from over there.

Chapter 774

Arron asked immediately: “What’s going on?”

At that end, the subordinate reported back: “Pancera, the monarch of Gasing Island, is speaking in front of the public. The content of the speech is to resolutely resist the invasion of Nancheng!”

Arron sneered: “Heh! What am I doing against him? He values himself too much.”

The subordinate immediately asked: “Four Lord, what shall we do now?”

Arron sneered again: “Isn’t he going to defend against Nancheng’s invasion? Then add another hire team to him. Let him know how strong he is.”

“Understood the Fourth Master.” The subordinate at the other end said respectfully: “Excuse me to rest, Fourth Master, goodbye.”

“Yeah.” After closing the thread, Arron saw that the little woman under him had sat up from the bed.

She looked at the man earnestly: “You are working intensively in the company today, not because you went back to my hometown two days ago and delayed your work, but are you ready to conquer Gasing Island?”

Arron nodded: “Yes.”

Suzi: “Will it be dangerous?”

“No.” Arron answered quickly.

“What are you hiding from me?” Suzi held Arron’s face and looked at him seriously: “From ancient times to the present, as long as there is no danger in any war, you tell me that there is no danger now?”

Arron raised his eyebrows: “What kind of danger your man has never seen? When I decided to take down Gasing Island, I had already made all-round deployments, step by step deployment for so many years, let alone now Wanting to win a party’s land does not necessarily have to be resolved by force, but force is actually the most clumsy method.”

Suzi: “Really...really?”

“The art of war is clear.” Arron said solemnly.

“I don’t have to worry about you?”

“Of course not!”

“I still want to fight with you. Don’t look at your wife, I’m weak, I’m capable of fighting.”

“Of course I know that you are capable of fighting, and I also know that you are courageous. So, if necessary, you still have to go to the island with me.”

“Well, no problem, I want to live and die with you, I will bite when necessary, and bite that person to death.”

Arron looked at Suzi and said seriously: “Some people can only be dealt with by you. No matter what you decide, I will support you. I will capture them alive and leave them to you.”

Suzi: “Thank you, husband.”

“Why do you thank me?” Arron asked.

“Reward you!” Suzi suddenly plunged into Arron’s arms, wrapped his hands around his neck, and said in his ear: “Your unexpected reward!”

If the language was necessary, he started to attack

But in the end, she failed again. She originally wanted to reward him, but was rewarded by him.

The next morning, when she woke up, it was bright. She stretched out her arm and touched it aside. The man was not around. She touched the skin on her face. It was smooth, and she was full of energy.

Only the bones really fell apart.

Suzi got up and got out of bed, took a shirt on him and put it on him, then came to the full-length mirror and said to himself: “Suzi, you are getting more and more fascinated now, I really don’t know how to be ashamed!”

After speaking, he smiled.

Chapter 775

A blush naturally appeared on his face.

After coming out of the bedroom to change his clothes, Suzi came to the dining room and did not see Arron.

After seeing Suzi coming out, Li Sao said: “Mrs., my husband has been to the company more than an hour ago. It seems that these two days have been quite busy.”

“Well, it’s okay.” Suzi turned and went to the balcony.

The balcony was full of various indoor flowers and plants, each full of vitality. Before breakfast, Suzi took care of those flowers and plants.

She thought of her mother again.

Regardless of their poor Shen family, but their mother is a person who loves flowers and plants very much.

In the past, Suzi never knew that his mother, as a poor peasant woman in the countryside, could no longer be poor, why was she different from those women?

Mother can play the piano.

Mother likes to grow flowers and grass.

Mother is also good at using the water soaked in jasmine flowers and rubbing it on her head.

In fact, my mother knows a lot.

Suzi didn't know before, but now Suzi seems to understand, because he understands, Suzi is even more disgusting Shu old man.

One hundred thousand points of disgust.

When he went to work again, Suzi put down his bag and went to Darius's office of the president.

Darius looked up and saw Suzi. The surprise and surprise on his face were obvious: "Suzi, are you looking for me?"

Suzi calmly said: "Mr. Shu, can I trouble you to tell Mr. Shu not to come to me again in the future, no matter if it is trouble for me. Or whatever, don't come to me, okay? Huh? I don't want to see Elder Shu again in this life."

Darius: "Suzi, do you... so hate my grandpa?"

Suzi shook his head: "Frankly, it doesn't matter to hate, I just disgust him in my heart, and I don't want to have anything to do with him in this life."

"Why! If your identity is true, he is your relative..."

"It's never possible!" Suzi interrupted Darius's words: "President Shu, if I remember correctly, you told me more than once that the reason why your grandfather cares about your granddaughter is because your little aunt has always followed My little mother lives together and has never been treated by your grandfather. Later, I learned that your little aunt was not the child born to your little mother, but your grandma's own birth. That's why your grandpa felt ashamed of your little aunt, didn't she? ?"

Darius was deeply ashamed: "Yes...it is true."

"So!" Suzi sneered: "How can you know whether your sister-in-law wants to meet your family? How can you know, your sister-in-law's offspring, would you like to admit your relatives? When he went back to his daughter and found his granddaughter, what about when he was not guilty? And, did he feel guilty for that little mother and his c0ncub!ne?"

Darius: "..."

He never thought about this problem.

He just wanted to satisfy his grandfather's wish and get his sister-in-law back.

Suzi sneered, turned around and left.

At this time, her mobile phone rang. When she picked it up, it was Rayna who called, and she immediately connected: “Rayna, why haven’t you come to work in the past two days?”

I didn’t know what was said on the other end, but Suzi’s expression suddenly changed: “You...what did you say?”

Chapter 776

On that end, Rayna cried: “Suzi, come and save me...”

“Don’t cry, Rayna, you tell me the address, and I will pick you up right away.” Suzi asked immediately.

“This is the underground hotel of the slum generation that you lived in six years ago. It is said that it is an underground hotel. In fact, it is all people who do that kind of thing. They sold me to an old man, and that old man will come in another hour. It’s...”

Suzi felt very distressed: “I’ll go right away. If the old man comes before I come, you must fight him to the end. Do you know if you can buy more time?”

Rayna said: “Yeah.”

Suzi immediately hung up the phone. Without saying hello to the design director, she took her bag downstairs again and drove out.

On the way, I said to the director: “I’m sorry, director, I have something to go out temporarily, and I will be back soon.”

Suzi didn’t want anyone to know about Rayna. This would be bad for Rayna’s reputation.

She never expected that Rayna was knocked out by her biological parents and sent to that place.

The slum, that is where she lived six years ago.

Even if Rayna couldn't describe the harsh environment there, Rayna knew better than anyone what the hell it looked like in that place.

Driving all the way, Suzi couldn't figure it out all the way.

Why are Rayna's parents so cruel?

What kind of person can do justice to his own daughter and love his niece so much?

Isn't it your own?

At this time, Suzi's cell phone rang again.

She thought it was Rayna who called, but she picked it up and connected it to see that it was Darius. Suzi was a little impatient: "President Shu, I know that you are a good person, and you have helped me, but this cannot offset your grandfather's attitude towards me. He has hurt me countless times for Lanita's sake. In fact, the injury can't be regarded as injury, but your grandpa has always wanted my life.

Not to mention that I am not the cousin you are looking for. Even if I am your cousin, how can I recognize my grandfather?

Never can you understand?

I, Suzi, can die poor and be humiliated by anyone, even if I don't have the ability to resist, I can bear it, but I will definitely not be a pug!

I starved to death and was tortured to death, and I don't even eat food! "

At that end, Darius Zhen listened with incomparable emotion.

The more Suzi said so, the more Darius felt that Suzi was his little cousin.

Because Darius kept the grandfather's concubine in his hands, which could be regarded as his little grandmother, and Darius kept a calligraphy and painting of the little grandma's in his hands.

Although the calligraphy and painting are not made by everyone, and they have no collection value, Darius really likes the style of the painting, the inscription and the handwriting in the painting.

That picture is a painting of plum blossoms in the snow.

The beauty of the artistic conception makes people like Darius who do not understand painting feel that it is a very proud, very lonely and very tolerable beauty.

The inscription next to that painting is even more beautiful: How can the plum blossoms smell sweet without a bit of cold?

Originally, Darius had no affection for the little grandma who had never seen her before.

What can be good for someone who is an outside room?

However, because of this painting, the inscription on this painting, and the handwriting, Darius suddenly felt that little grandma should be a person with a story, but it is a pity that little grandma has passed away for many years before he was born. Therefore, when a friend sold the calligraphy and painting to Darius and told Darius that it was his little grandma's work, Darius collected it without hesitation.

Since then, Darius has respect for the little grandma in his heart.

He even felt that although the little aunt had followed the little grandma's life since she was a child, the little aunt educated by such a little grandma would definitely not be bad. He should also be a very dignified and arrogant person, so it is inferred from this that the little aunt's child should also be upright and arrogant, would he rather die than bend than bend?

Just like Suzi now.

Chapter 777

Compared with Suzi, Lanita is just the opposite.

Where is Lanita's temperament?

And Walton.

The cousin he had loved for more than 20 years now made Darius feel sick the more I watched Walton.

Thinking of Walton, Darius thought of Rayna.

At this moment, Darius called Suzi to ask about Rayna. He said apologetically on the phone: "Suzi, I'm sorry. Many times I am anxious. I apologize to you. I won't push you anymore. , But we are still very good friends, aren't we?"

Suzi calmed down: "Well. I will always treat you as a friend. You are asking me about this when you call?"

Darius said: "No, when you left me just now, I heard you answered a call from your friend Rayna. Rayna hasn't come to work for several days. Is something wrong with her? Up?"

Thinking of Rayna, Suzi felt even more anxious.

But she couldn't tell anyone.

She said in a perfunctory tone: "It's okay. She has been uncomfortable for the past two days. It is physiologically. I bought brown sugar ginger tea for her to warm it up."

"Okay, let her have a good rest and don't rush to work." Darius said with concern.

Suzi nodded: "Then I will hang up first."

"Yeah."

After closing the line, Suzi continued to drive.

From where she works to the slums are two opposite directions, Suzi's driving skills are not so good, and she does not dare to drive too fast. It took almost an hour to drive so cautiously all the way to the slum.

During this hour, Rayna never called her again. When Suzi took out his mobile phone and called Rayna, the phone was turned off.

Shut down!

There was a bad feeling in Suzi's heart. She drove around in the alley in the car. Fortunately, she was very familiar here.

Regardless of the six years that have passed, the entire Nancheng has undergone earth-shaking changes, but this is still here.

No one develops here.

It's still dirty and messy here.

Suzi was anxiously running around in this messy alley. She wanted to find Rayna quickly so that she could rescue Rayna quickly.

However, after drilling three alleys in a row, there was no clue.

“Rayna, where are you? I can hear you howl louder.” Suzi poked his head out of the car window in despair and said to himself.

As soon as she poked her head out, she saw a pair of underwear that was thrown at the top of the trash can.

That pair of underwear was bought by Suzi when Rayna was kicked out of the house. She had no clothes to wear.

Suzi immediately stabilized the car, got off the car and came to the small door face, which led to the basement. She pushed the door abruptly and went directly down to the basement.

Four big, big and rough men immediately surrounded Suzi: “What are you doing!”

Suzi took out a photo with Arron and said, “I am Arron's wife. I am ransoming someone with money, and Rayna!”

Four big men: “...”

“Rayna, where are you?” Suzi shouted openly.

“Suzi...Suzi, I am here, woوو...” Rayna's cry came from a dark room not far away.

Suzi ran over immediately, ran to the door to see the scene, and was immediately shocked.

Chapter 778

In the dimly lit room, Rayna didn't even wear any clothes. Next to her, an old bald man fell in a pool of blood.

And Rayna shivered with fright.

"Rayna?" Suzi shouted.

"uuu..." Rayna crawled up from the ground. She ran forward to Suzi without clothes. Suzi immediately took out her square scarf from the bag she carried with her. , Reluctantly wrapped Rayna.

"Rayna, are you okay, have you hurt anything?" Suzi asked distressedly.

"Suzi...I didn't. I listened to you. I always resisted to death. I didn't follow them. They took off my clothes and threw my underwear away. Then this old man Soon, he hit me on the head. I always endured it. When he took off his pants, I took the opportunity to take out his belt and hit his head with his belt button all the time.

Oh, I'm scared...Will I go to jail? "

Suzi hugged Rayna: "Rayna, you are doing the right thing, you are great, you are doing the right thing. You are self-defense and you are fine."

As soon as she finished speaking, a woman behind her walking on high heels came to Suzi: "Are you here to be nosy?"

Suzi glanced back at the woman.

Woman with big wavy hair and cigarette dangling from her mouth, at first glance, she has been in trouble for many years.

Suzi sneered coldly: "I just showed my pictures to all four of your subordinates."

"The wife of Fourth Master Nancheng?" The woman sneered.

"Can't it?" Suzi also asked coldly.

The woman said in a contemptuous tone: "Chonnam City, the self-proclaimed Fourth Master Fu's wife can pull two trains. I am more trustworthy! This woman's parents borrowed one million dollars from me, and when they borrowed money They agreed to use their daughter to pay it back. I originally planned to sell her enough for one million to return her freedom. If she is willing to continue to be with me, I will also have money for everyone to make it together.

I have said this very authentically. Isn't it impossible for you to take her away today, obediently give me one million, and the old man's medical expenses for 500,000.

Also, you can't let me work in vain in these two days, and I will add another 300,000 yuan.

It adds up..."

"I'll give you two million!" Suzi didn't want to listen to the woman anymore and interrupted the woman directly.

The woman was startled: "Okay! Two million, take it out!"

Suzi immediately took out a card from his bag and handed it to the woman, and at the same time told the woman the password: "I have five million in this!

You took two million, and the remaining three million is a lot for me. Next, otherwise, don't blame me for being rude to you!"

Woman: "..."

She handed the card to the men behind her, and said, "Call and check right away."

The subordinate immediately took out his mobile phone and dialed the number. After a check, the subordinate reported to the woman: "It's true, there are five million in the card, and..."

The woman was surprised: "And what?"

The subordinates covered the woman's ear and said, "This card is a special card for Nancheng Fu Siye and Arron."

Woman: "..."

The cigarette in his hand suddenly fell to the ground.

She immediately followed Suzi with a smile on her face: "Yes... I'm sorry, Mrs. Fu... I, we don't know... She is your friend, if you know. If we do, no matter what..."

"Hurry up and buy some clothes!" Suzi roared.

"Yes...yes... go buy it now." The woman stumbled up, and after giving her a command, she came down again and respectfully took the one that Suzi gave her just now. Handed the bank card to Suzi.

"Mrs. Fu, there is a shop that buys clothes not far away. Although it is not very good, it can wrap your body. This...this is your bank card. We...we share it. If you don't receive the money, please... Your grown-up doesn't care about the villain..." The woman stammered and explained to Suzi.
