

# Chapter 831

A dazzling beam of light came in, and Suzi didn't dare to open his eyes.

Slowly, slowly she chose to open a little bit of her eyes and a lot of this place.

This seems to be an old and abandoned warehouse.

Suzi was lifted out rudely.

“That woman really gave me a good gift. She told me that you are a dirty, stinky and rotten woman. I thought that you and those dusty women must be no different, but I didn't expect you to be so. Pure, pure like a schoolgirl, do you really have a six-year-old child?” A voice came from behind.

It's a male voice.

As soon as Suzi turned his head, he saw a chapter of gloomy scar face.

The man has a big mouth and two eyes hanging from a triangle. He is not a good person at first sight. Although he is wearing a suit, the suit seems to have been picked up, very lacklustre.

Suzi said contemptuously: “Even if you kill me, you have to make me understand, who are you!”

“Aren't you afraid then?” the man asked with interest.

Suzi calmly said, “Am I afraid of being useful?”

The man shrugged: “It's really useless at all.”

“So...” Suzi shrugged and smiled: “Why should I be afraid?”

She is really not afraid, not pretending.

It's not that she is afraid of not, but she has experienced all kinds of ups and downs and all kinds of dangers since she was a child. When her life was less than twenty years old, she had been identified as a murderer. She did not know whether she was arrested for committing a crime and was a death sentence or a living crime. That year, she was less than twenty years old.

I have experienced that kind of thing, let alone now?

Anyway, she lived seven or eight years longer than that time. Now Suzi is very calm, even with a little tiredness. She walked and said with all her heart: “If I guessed correctly, this is Nancheng? You put me in the car and brought me back to Nancheng? “

When asked by Suzi, the scarred man sat up immediately, and she looked at Suzi in surprise.

Suzi sneered and said nothing.

She was right.

This is in Nancheng.

Since it's easy to handle in Nancheng, she has lived in Nancheng for more than ten years. She is very familiar with Nancheng, and now that she already knows her location, the next step is to think about how to save herself.

She is not afraid of death.

But it can't die in vain.

While thinking about how to help himself, Suzi heard a voice.

The voice should be outside this old warehouse, and Suzi is very familiar with that voice.

That voice should be calling: "I'm telling you, people have caught you, as to how to deal with her, are you trying to give me a face? Let me deal with this D\*mn woman personally, let me tell you , I hate this woman no less than you, all my reputation, my status, and my current ruin, all my everything is related to this bltch woman! I must personally smash Suzi's body. !"

Suzi: "..."

It's really a narrow road to Yuanjia, and a narrow road to Yuanjia!

Suzi calmly closed his eyes. After a while, the familiar voice calling from outside walked in, Suzi still did not open his eyes.

She was pretending to be dead, really didn't want to see this woman's face.

"Suzi, raise your head and look at me!" The woman said in a very condescending tone.

Suzi opened his eyes slowly, and his tone was flat and cold: "Walton, I haven't seen you for three days, so you let me look at you with great admiration!"

## Chapter 832

Walton wore a very economical dress and appeared in front of Suzi. When she squatted, the bottom was exposed.

Suzi glanced at him: "You are sick!"

Walton was also not angry, she just said coldly, "Suzi, didn't you expect that one day you will also fall into my hands? No! You finally fell into my hands."

Suzi's tone was still calm: "I'm just curious, why are you still alive?"

"Haha!" Walton laughed wildly: "Am I so easy to die? You Suzi used to be in jail, and you were chased and killed by Arron for so many years after you got out of prison. After returning to Nancheng, Lanita, Siu, you haven't died for all kinds of difficulties, will I die so easily?"

Suzi nodded: "Well, good job, you are very strong."

"Do you want to know how you fell into my hands, Walton?" Walton asked triumphantly.

Suzi smiled: "Well, as long as you are willing to say, I am willing to listen."

"You don't want to listen, but if you don't listen, you have to listen." Walton grabbed Suzi's hair, tugged fiercely, and said to Suzi fiercely: "You listen to me. All my sufferings will be paid back from you!"

Speaking of this, Walton's eyes unexpectedly shed tears.

Five days ago, after she was driven out of the house by Elder Shu, she was taken away by the proprietress of the hotel underneath as soon as she left the house. The torture she suffered throughout the whole night was really beyond ordinary people's imagination. That night, she shouted Not every day, called the ground to the bottom of the spirit.

She picked up a total of sixty people that night.

Sixty!

What is that concept!

The proprietress didn't let her sleep at all, until it was clear that there were hundreds of people in line outside.

Does this make Walton still alive? She begged the wife of the boss bitterly, as long as she was given a chance to call Rayna, she was willing to pay double the money to the wife of the boss.

The lady boss gave her a chance.

However, Rayna didn't come to the hotel here to save her, but to get into trouble.

Not only did Rayna come by herself, she also brought her boyfriend, the young master of the Jun family with an extraordinary status in Kyoto. Seeing that Rayna and the young master Jun were so close, she saw that she had all the clothes on her body. When she was not wearing it, Walton knew that she would lose in this life.

Why is she so unlucky?

She was originally the eldest lady of the upper class that everyone envied, okay!

Although this eldest lady is a fake and is the replacement of Rayna, she has properly been a wealthy eldest for more than 20 years.

What kind of thing is Rayna!

In front of her Walton, she was a dog at best.

But Rayna was able to marry the monarch in Kyoto.

At that moment, Walton, who was undressed, wanted to kill Rayna on the spot.

Helpless, she needs Rayna to save her.

However, Walton did not expect that Rayna, Lenny and Darius went in such a big circle, but in the end they were unwilling to save her. Instead, Rayna shook the house under her name. After coming out, Mom, Dad and her three had to mortgage the old house to the proprietress under the pressure of the proprietress of the underground hotel.

The house sold for three million.

A full three million, but the lady boss didn't even give them a penny, so she drove them out alive.

Walton never thought that one day she and her biological parents would sleep on the street.

She thought, even if Shu's family doesn't want her anymore, even if her aunt doesn't love her anymore, she can still go back to her own house and still need her parents to love herself, and Rayna, a little servant maid, to give herself money. There is also a small farm in the suburbs for shelter.

## **Chapter 833**

But now, their family of three has nothing.

That night was frightened by the pouring rain.

They don't even have the money to stay in the cheapest hotel.

And Walton's body was also hollowed out, very sore.

Frightened by the pouring rain, she and her parents stood under the bus stop sign, shivering with cold.

A black car stopped in front of Walton: “Miss Min, get in the car.”

Walton shrank, she had already succumbed, she thought, go back to the hotel underneath, and follow the proprietress, there is always something to eat, isn't it just waiting for a man, she has unique skills.

“Are you sent by the proprietress? I took my house, and now I'm here to invite me back. I tell you, I won't go back if I don't want me to be an oiran! My Walton is also the best lady in Nancheng as a police officer! “

“We are... Suzi's enemies.” The man said.

Upon hearing Suzi, Walton immediately resented her teeth, “Really? You won't lie to me?”

The man in the car said coldly: “What's the point of lying to you and not deceiving you? You are now a bereaved dog, it is better to cooperate with us, maybe your affairs will turn for the better.”

Walton: “...”

Think about it too.

Anyway, both myself and my parents are desperate, so why are they thinking so much?

Walton got into the car decisively, and the man driving in front dragged the three of them to a hotel to settle down.

After two hours of the meeting, the man was in the hotel's coffee booth and talked to Walton: “We want to catch Suzi, but we've just arrived from Gasing Island and we don't know anything about her. I don't know where Arron's

home is. Even if I know, I heard that there are bodyguards around his home. We can't get close to Arron's body at all. Walton suddenly came to her spirits.

She knew that it was Arron's rival who had quietly lurked to Nancheng, and she was also sending her revenge.

"Why did you think of looking for me?" Walton asked.

"Lanita." The man said, "Miss Lanita said that she and you are good friends. She is still waiting for you to live on Jiaxing Island. In that piece of land, she is the first princess. You are the second princess."

Walton: "..."

These words gave her beautiful visions, and not only that, she could also take revenge.

Once there was a chance, the person Walton wanted to get rid of was Suzi at that time!

There is no second!

Even if it was Rayna, it was because of Suzi's influence and bewilderment. Otherwise, Rayna would definitely not be able to do anything earth-shattering with Rayna's diminutive and frizzy personality.

All are in Suzi.

It was Suzi who turned against Rayna to let her Walton's status, her identity suddenly fell into the quagmire, and her identity was revealed.

Everything is Suzi!

At that moment, Walton sneered fiercely in front of the strange man: “Suzi, this time, if I kill you or tortured you, I’ll hit you to death!”

After finishing the haircut, Walton said to the man: “I promise you can easily catch Suzi, but will you listen to my arrangements?”

The man smiled: “No matter how much human and financial resources are spent, as long as you can capture Suzi, everything is up to you!”

“Perfect!” Walton smiled gloomily.

## Chapter 834

In addition to paying attention to the man, she asked the man to call the design director first under the guise of architectural design.

This attention is perfect.

Even Lanita, who was on Jiaxing Island, didn’t expect it.

The man saw that Walton was at least ten times more scheming than Lanita, and suddenly felt emotional that the woman on the island really had no abilities at all, but who would make her life better?

And the woman in front of her was a ghost for the dead, to put it bluntly.

Leading the way.

Because these people came to the inland from Gasing Island and came to Nancheng, and they couldn’t let Arron know.

Otherwise, they will be wiped out.

Therefore, the man can only find Walton to cover himself.

After hearing Walton's plan, the man clapped his hands and applauded, "Very good! I just need to report this to my son and follow the process."

Walton: "You...is there a boss behind you?"

The man said: "I'm just a runner."

Walton: "Then...can I see your son?"

"In time, it's not impossible," the man said.

Walton was overjoyed.

The man called the son must be a young man, and the man in charge of one side on Gasing Island, Walton seemed to see hope again.

She immediately said vigorously: "Don't worry, I will perfectly deceive Suzi to you, but I have a question, you guys will catch Suzi back..."

"Blackmail Arron!" the man said.

Walton's eyes dimmed suddenly. "But..." The man smiled: "But this woman can be at your disposal, provided that you can't kill her."

Walton was surprised: "Really...really?"

Man: "Of course it is true!"

"Okay, deal!"

This is Walton's deal with that man.

After the man reported to the son, their plan began to be implemented. Of course, he called the director of the design department and asked the design department staff to come to the city to investigate that the call was made by a man.

Even the hotels that come to live in are arranged by men.

As a result, Suzi lived in that room, and they knew who Suzi lived with beforehand.

When Walton saw that Suzi was in the same room with Rayna, Walton was very happy at the time: "They both live in the same room. Now I can get both women. Now, can't I torture them to death? Especially Rayna! You only told me to keep Suzi alive, but you didn't tell me to keep Rayna's life too!"

At that moment, Walton's abnormal hatred expression could not be concealed.

However, the man categorically paused, "Miss Min! I advise you not to make extravagances! The main purpose of our trip to the inland this time is Suzi. This time, as long as we can get Suzi in our hands, we will win! It's all at this time, do you still miss the grievances between you and your cousin?"

Think for yourself!

Do you think that to torture Suzi, you still find Rayna to get revenge!

Think for yourself, tell me when you are ready! "

"Don't think about it!" Walton said: "I'm looking for Suzi and give up Rayna."

She thought about it in an instant, and finding revenge with Suzi is the hardest thing to avenge.

And Rayna, in his Walton's eyes, it's nothing!

Walton believed that as long as Suzi fell from power, Rayna would naturally fall into Walton's hands. At that time, it would not be too late for her to torture Rayna no matter how she wanted to.

"Okay, that's it!"

## Chapter 835

"We act separately!"

After the two agreed, they acted separately.

Suzi was taken to this abandoned warehouse as he wished.

Walton held Suzi's hair condescendingly.

To be honest, Suzi's scalp was sore, but she was still calm on the surface, and she even smiled at Walton.

"Suzi! Do you know where this is?" Walton said with a hideous face.

"Nancheng" Suzi said calmly: "You have been dragging for more than three hours. I am a person who remembers my way. Although I was blindfolded by you along the way, I know all about turning, uphill and downhill. I now In South City."

Actually, Suzi was dumbfounded.

She didn't know if she was dumbfounded, she just wanted to know where she was now.

After knowing the exact location, he can save himself.

After her words fell, she heard Walton's extremely changeable smile: "Suzi, Suzi! I have to say, you are really too smart! Yes, this is Nancheng! But, your husband, you Then I love you like my life, Arron, a man who is afraid of everyone in Nancheng, would you guess that we are back in Nancheng now?"

Suzi: "What do you mean?"

Walton smiled triumphantly: "Isn't it your husband? You should know him best. If you go out alone, then the husband who loves you will definitely chase you to that city, but she doesn't I thought, you were taken out by us as soon as you entered the hotel, and then you went straight to Nancheng. Haha!"

Suzi: "..."

Walton was right.

With Arron's temperament, it is really possible for Arron to go back to her.

If that is the case, then she would have nothing but despair.

A pity came to his heart, and Suzi silently said in his heart: "Arron, where are you? Don't come here. It's also very dangerous here. The people on Gasing Island have already come. How can I tell you? This news? Arron, you must be safe and safe, and you must take the only one well.

I, Suzi, have suffered from suffering in this life. I have just had a good life with you for half a year, and now I have been looted by Walton again.

It seems that this time, I am in a disaster.

I hope my death can be exchanged for you and the only peace.

Arron..."

Two lines of clear tears flowed down Suzi's cheeks.

Walton was very proud to see it.

She stepped on Suzi's face and put Suzi's tears into mud, and then put them on Suzi's face.

Suzi felt painful, but she still looked calm.

"Suzi, do you know how ugly you are now?"

"Thank you for your evaluation." Suzi said.

"What...what are you proud of!" Walton was inexplicably angry.

I just don't like Suzi's calm expression. She is dead, and she has already stepped on her feet. She has muddled the dirt on her face. What is so calm about her!

Suzi smiled peacefully: "I am so proud that I am half angry with you!"

"You... don't let you suffer, you don't know how good I am!" With that, Walton grabbed Suzi, raised her hand left and right, slapped Suzi's face wildly. A few clicks.

Suzi didn't feel the pain anymore, only felt that his cheeks seemed to be roasted by fire, as if they were spiced by hot peppers.

However, she still faced Walton with a smile: "Walton, do you know what you look like now? Actually, it's not much better than me. You have two big dark circles under your eyes, like a female ghost, and your mouth is still Bad breath, when you just squatted down, you also had a bad smell on your body.

Don't you know it, you are just like the bug that crawled out of the stinky ditch."

At this moment, Suzi could feel that she couldn't live, she didn't want to be tortured too much, she just wanted to provoke Walton severely and let Walton slaughter her.

Sure enough, Walton immediately took out a bright sharp knife and stabbed it straight into Suzi's face.

"Assistant!" a voice snapped.

## Chapter 836

Hearing that harsh sound, Walton subconsciously looked behind her.

Suzi also thought that she had met a savior. She also looked at the man behind Walton with joy, but saw an ugly scarred face. For a second, where did Suzi think this scarred face had been seen?

It seems that she accidentally swept such a face on the way to work?

Could it be that when she was working in the company, she was actually targeted by others?

Suzi felt desperate again.

And Walton also said viciously: "Scarface! What are you talking about? You are so mad at me! Do you know that I gave you your money? In front of me, you still pretend to be a big head Yeah! Get out of me! See if I won't kill this woman today, no! I won't kill her, I just want to scratch her face and cut it into a bloody mud. I'd like to see it. How can Arron's face be touched by Arron!"

Seeing Walton getting angry like this, her scarred face was not angry. Instead, she persuaded Walton: “Miss Min, we all listen to you and I know, but you don’t want this woman to taste what you have tasted before. You forgot that four days ago, you one night...”

When the scarred face said that, Walton suddenly remembered something, she glared at Suzi: “Suzi! You D\*mn woman! I almost fell on you! Almost hit your aggressive skills. That’s right! I can’t let you die in vain. Anyway, I can be regarded as knowing one, and before you die, I will give you a big gift.

Very big, very big gift package. “

Suzi’s face is still hot and painful, and she can feel that her cheeks are not lightly swollen. Although she does not have a mirror now, Suzi also knows that she must be ugly and ugly at this time.

However, she still smiled calmly: “I don’t need to look in the mirror, I know I’m ugly.”

“Ha!” Walton whispered: “You know it.”

“Even though I’m ugly, you still prepared about a hundred men or more for me. I guess it’s right? Walton, you are so generous. You are so kind to me. “

Walton: “...”

Suzi was right again.

She has a kind of chagrin and dare!

“What are you proud of!” Walton said fiercely: “Wait later you will suffer! A hundred men, you can just go and die!”

“Not necessarily.” Suzi’s tone became more and more relaxed: “You don’t know that for six years, I have been criticized by Nancheng people, saying that I am a vixen, who specially seduce men.

To be honest, Walton, when it comes to seducing men, you and I are really not the same.

You have always wanted to seduce my husband, but after thinking about it and thinking, my husband didn’t look at you too much.

Later, you wanted to marry Joan again, but you know, Joan has always been my diehard fan. He can save his life for me, and she can beat you in the street for me. Even your cousin Darius, he has always been my diehard fan, and Darius should not be too kind to me.

There is also, the young master Jun you want to marry in your heart. Actually, the young master Jun liked me at first.

Only after he knew that I was his fourth aunt, he stopped thinking of me. Then, interestingly, then, he changed his liking to my best friend, Rayna.

Rayna was trained by me.

So Walton, have you ever thought about a problem? “

Walton was irritated by Suzi and nodded her head with a sneer: “You say, you say, I will let you finish! Anyway, if you are inevitable today, I will be more generous and let you finish!”

“The problem is.” Suzi continued to say: “Actually, I am really as rumored by Nancheng people. I have very good skills, especially when it comes to seduce men. I really have good skills, so Walton, I’m not too happy for the more than one hundred men you found for me.
