

Chapter 837

Because, as long as I instigate against it, three, five, seven or eight, or even more is not impossible. They can save me. Not only can they save me, but they can also easily kill you. “

Walton: “...”

She has always known that Suzi is reticent. As long as Suzi is in trouble, Suzi chooses to be silent most of the time, choosing to resist silently and evilly. Walton had never seen such a sharp-toothed Suzi.

And Suzi seems to have reached the point.

Walton was trembling with anger and her lips turned purple. She raised her slap and greeted Suzi again fiercely: “You dead woman! Dead woman! You killed me so terribly! I was second to none in Nancheng. Miss! I had the opportunity to marry Arron. No matter what, I could marry Joan. No matter what, my cousin still loves me very much, but I was taken away by you and destroyed by you! You shameless woman, I beat your face into a pig head today, I see how you seduce those hundred men!”

Suzi suddenly smiled.

She felt that her victory was in sight.

As long as Rayna disfigured her face, those men would definitely not be interested in her anymore.

It doesn't matter, it doesn't matter if her face is disfigured. As long as she is alive, she will still be able to see her husband and tell him that someone is already lurking in Gasing Island.

As long as she can live, she can still watch her children grow up.

Enough.

Let Walton disfigure her face.

Walton's slap was even more cruel. The corners of Suzi's lips bleed from the blow.

But Suzi still didn't change her face, she just looked at Rayna with such a calm smile.

On the small window at the other end of the warehouse, a man in a white suit is looking at all this with a binoculars. The man's voice is warm and moist: "It's so beautiful. It's a casual dress. It can be worn without being decorated. This beauty is pure to the extreme. Is her face swollen? But it doesn't affect her beauty. I now finally understand why Arron, the king of Nancheng, who is so powerful in Nancheng, likes this woman."

He was talking to himself.

No one dared to say anything from the subordinates behind him.

But the qualitative change, Walton still changed too much to hit Suzi in the face.

After all, she was tired from the fight, and suddenly remembered: "D*mn! Almost fooled by you again! Suzi, you are indeed resourceful, don't you just want to be tortured to death by a hundred men? Well, I just can't do what you want."

Yubi, she turned to look at Scarface: "Scarface! If you leave it to you, your face is a little swollen, but it doesn't affect your interest. I can tell you, this woman is very strange, you don't want it. Be merciful, remember to line up, line up...everyone has a share."

Scarface rubbed his hands straight: “Well, Miss Min who listens to you, thank you, then I... will I be the first?”

Suzi: “...”

At this moment, she was extremely desperate.

No, she must find a way to escape from the body called Scarface, and when Scarface approached Suzi step by step, and when Suzi quickly figured out a solution in her mind, another message came not far away. Sound.

The voice was gentle but cold, as clear as a piece of very textured jade: “Suzi is my guest, who dares to move her?”

Chapter 838

The man’s voice was getting closer.

There was a comforting voice behind the man: “Four Lord, Fourth Lord, you can’t show up. Once Arron’s woman sees you, you are very dangerous, Fourth Lord...”

Also called Master.

It is the same as outsiders’ respect for Arron.

Suzi turned his head to look at people.

Her eyes were swollen and dazzled by Walton, and she couldn’t see clearly. She only felt that a person wearing white trousers and leather shoes was walking not far away.

“Four Lord?” Walton also turned her head, and when she saw someone coming, she was taken aback.

The man who walked from the door of the warehouse was at least 1.8 meters tall. This man looked taller than Joan and Lenny. The man’s white suit set off his whole body a little fairy.

But the man is thin and weak, and he looks weak and windy.

However, the face of a man is three-thirds more beautiful than that of a woman.

If you say who is the best man with the most masculine and masculine features in Nancheng, then Arron deserves it.

However, Arron was too masculine and too cold.

But the man in front of him and Arron were completely different in another kind of beauty.

This man has a feminine beauty. Although this beauty is not as full of masculinity as Arron is, it does not have a romantic charm.

What’s more, the man followed no fewer than twenty followers.

Those entourages are respectful to the men.

Among those entourage, there was the man who had joined Walton.

Walton is not stupid, she guessed at once that the man in front of her should be the ‘boy’ who the man who joined her said.

Walton raised her eyebrows with joy.

She didn't learn other skills the night in the underground hotel, but she learned a lot of techniques.

Although those men are rude.

However, several of them taught her how to enjoy themselves when they were tyrannical. She Lanita is a woman who has experienced more than a hundred men. She has experience in this area.

Moreover, because of her good mood these days, her entire face has become smoother. Now she is compared to Suzi, who was beaten all over with bruises, a face swollen like a fat melon, and blood on her lips. Fairy, one is the shit of a mad dog.

Haha!

The opportunity is here.

Walton gracefully stepped on the catwalk and came to the man in the white suit: "My son..."

The man was startled: "How do you know my name is Gongzi?"

'Young Master' is Pan Pan Haoyang's nickname.

In Gasing Island, the powerful and powerful princes in the circle all honor him as "the son" because of his immortal spirit, great momentum, and power.

He didn't expect that his reputation had spread to Nancheng, which was far away?

Pan Haoyang's long and narrow peachy eyes glanced at Walton carelessly.

Walton's smile became more charming.

“A smell!” Pan Haoyang immediately pinched his nose.

Walton: “...”

She smiled awkwardly, and then went up to meet her: “My son, you can smell all the smelt on my body? You are indeed a master of flowers, ha ha ha ha.”

“Did you spray perfume?” Pan Haoyang asked.

Chapter 839

“Yeah.” Walton accompany her smiling face and leaned closer to Pan Haolong: “I will tell you, son, my son, I specialize in spraying in that kind of place, so...”

“So, it’s a mixture of sorrow and perfume.”

“Does it smell good?” Walton asked.

Pan Haoyang squatted down and asked Suzi, who was lying on the ground with a bruised nose and swollen face that was beaten by Walton and couldn’t get up: “Do you think her smells good?”

Walton suddenly laughed and said in a narcissistic tone: “Oh, my son, what do you ask her for, an ugly monster, you see her face is ugly, her eyes can’t be opened, I know she belongs to you Guest, don’t worry, you all know that she is your guest. No man here would dare to kill her, but these men are okay. They can’t be with their wives all the year round. Anyway, this woman is so ugly. Let these men get rid of their gluttony?”

I assure you that I will not kill her.

Let me tell you, this woman is very tough, she didn't die when she came out of prison.

After being chased by Lanita for so many years, he didn't die.

The one who ran around with a child did not die. A while ago, she was calculated by Siu, the eldest lady of the Jun family, to be like that, but she did not die.

Don't worry, even if a hundred men have played with her, she will still not die.

In the end, she will be your guest and will be taken to Gasing Island by you obediently. “

Walton thought she was the most understanding woman.

She thought that Suzi was beaten like this by her, and her face was almost broken. This ugly woman, except for this group of migrant workers, who doesn't hate Suzi? It is estimated that even if Arron is here, she is not willing to look at Suzi more?

Huhuhu!

It's too cool.

“You talk a lot!” Pan Haoyang glanced at Walton: “You also have a bad breath, a bad smell, don't you know it yourself?”

Walton: “...”

She was embarrassed and unable to deal with herself.

The man didn't look at her, Pan Haoyang only looked at Suzi on the ground, and continued to ask: "Do you think her smells good?"

Although Suzi couldn't open his eyes and his cheeks were swollen and painful, he could still maintain a calm heart. She sneered: "As a son, you are also one of the best aristocrats on Gasing Island!"

"Well, that's right!"

"Pan Haoyang?" Suzi handed over his name directly.

Pan Haoyang was startled: "This...you all know."

Suzi sneered and stopped talking.

"You haven't answered me yet?" Pan Haoyang said.

Suzi: "You can kill me, you can take me to Gasing Island, you can even let the men called by Walton ruin me to death. This is the right you hold now. As for prying Open my mouth, it depends on your ability. Pan Haoyang, let alone those people, you came to ruin me personally, if I Suzi kill you, I am not a human being!"

Pan Haoyang: "..."

"So, you have two choices, either don't get close to me and beat me to death, what kind of torture you choose. The other way, as long as you get close to me, come one and I will kill the other, or two of me. Kill two!"

Pan Haoyang blurted out: "You are beautiful."

Suzi smiled unceremoniously: "Thank you for the compliment. I'm beautiful and I knew it a long time ago."

“Suzi! You ugly...” Before Walton had finished speaking, she stubbornly took Pan Haolong’s kick.

“Get out of here! If you don’t get out within a minute, I will let a hundred men strip you naked, so that you won’t even have blood left in this warehouse!” The man who was still warm and moist just now, The tone at this moment suddenly resembled a ghastly ghost.

Walton: “...” She ran away in fright and ran out of the warehouse. Walton, who had miscalculated this time, was afraid that the man in the white suit would kill her again. Find a place to hide.

And here, Pan Haoyang squatted down and hugged Suzi in his arms. Suzi trembled in shock: “What...what are you going to do?”

“Be my woman, no one dares to bully you.” Pan Haoyang said softly.

Chapter 840

Suzi: “Let go of me! Otherwise...”

“Kill me?” Pan Haoyang laughed, his gentle voice, his narrow peach eyes, and his beautiful face, if it weren’t for seeing his Adam’s apple and hearing his male voice, Suzi would really know how to do it. Thought he was a woman.

She looked at it for a moment.

Pan Haoyang went on to say: “If you follow me, you won’t lose money.”

Suzi: “...”

“First of all, I am two years younger than you. Secondly, I haven’t taught my girlfriend yet, but you are different. Not only have you been married, but you also have a six-year-old child. So, you followed me. You are not at a loss.”

Suzi: “You...”

There is still such a settlement in the world?

You don’t even ask, my old lady, am I willing to talk to you?

Am I willing!

She really wanted to kick at the lifeblood of this dead thing!

However, she had no strength to be beaten by Walton, and she could only let this man hold her.

“Let me down! Pan Haoyang, you ba5tard! You are also the fourth brother of the island owner of Jiaxing Island! Can you be like a person!” Suzi used all his strength to curse Pan Haoyang.

Pan Haoyang smiled even more coquettishly: “Suzi, if you struggle like this, I’ll gag your mouth with your mouth?”

Suzi: “...”

Thinking quickly in his mind, follow him first to see where he is going to hold himself?

As soon as he thought of indecent, then she pretended to obey and hit her to death.

Seeing that Suzi was honest, Pan Haoyang picked Suzi in the car and ordered the driver to drive away.

When Suzi was about to take a look at the road conditions outside, Pan Haoyang put on a pair of blindfolds for her: “I am wronged, your current husband and I are rivals. From now on, he and I have entered a state of fighting. In the future Either he died or I died, so now I must be careful everywhere in his territory.”

Suzi: “...”

The car drove out for about two hours before stopping at one place again.

Suzi’s blindfold was taken off, and it took her a while to see from the darkness that this place was surrounded by mountains.

Have they entered the deep mountains?

Suzi’s heart slammed.

Pan Haoyang comforted her in time: “Don’t worry, although this is a deep mountain, the facilities and everything in my villa here are very good, and there is my personal doctor in it, he can give you a face, he can give you Apply medicine.

It must be said, Pan Haoyang didn’t wait for Suzi’s willingness or not, and once again hugged Suzi horizontally, and walked straight to the villa.

Suzi is much calmer than two hours ago.

Being held by him, she didn’t struggle anymore.

She only asked calmly: “Is this by the sea?”

Pan Haoyang: “As expected of Suzi, what is the name of the woman who helped us catch you? Walton, right? She is not even smart enough to have one of your toes.”

Suzi smiled coldly: “Thank you for the compliment, so I guessed it right, this is by the sea?”

Pan Haoyang said: “I’m curious, how do you know that this is by the sea?”

Suzi sighed indifferently: “Is it hard to guess? Because I heard the sound of waves.”

Pan Haoyang: “Yes, I also like to stand on the beach listening to the sound of the waves.”

Suzi asked again: “Is there an escape tunnel here?”

Pan Haoyang was startled suddenly.

Chapter 841

“You are too smart! Suzi, you are too smart!”

Suzi sneered: “So, I shouldn’t be able to go back, right? Because I know your escape tunnel, you must kill me, right?”

Pan Haoyang didn’t speak any more, but carried Suzi into the villa all the way.

The villa is indeed magnificent and luxurious.

Inside the villa, as Pan Haoyang said, there was a private doctor inside. He saw Pan Haoyang report that a woman with a swollen face like a big bread came in. The corners of her lips were bloodshot and her hair was messy. The doctor asked immediately. Said: “Four Lord, this...”

“Come with an ice pack, apply her face, check her for internal injuries, cuticles, and hair injuries, and cover them with the best medicine.” Pan Haoyang didn’t even see the family doctor, but ordered with a cold face. Tao.

The family doctor respectfully said: “Yes, Fourth Master!”

Pan Haoyang put Suzi on the sofa, and the doctor began to get busy.

First, the ice pack covers his face. When the two ice packs are placed on Suzi’s cheeks, Suzi immediately feels that his cheeks are much more comfortable, and even his head is clearer.

Immediately afterwards, the doctor put a cool swelling medicine on her face.

After everything was processed, it was already two o’clock in the morning.

Pan Haoyang hugged Suzi tightly in the bedroom, put it on the bed, and said: “Take a good rest tonight. When you wake up and recover from your injury, I will talk to you again.”

Suzi: “...”

Isn’t she too good to be treated like this?

Is this softening her?

Suzi doesn’t care! Sleep first. Only when you wake up can you have the energy to escape.

This was the dawn, and Suzi, who woke up, felt that the swelling of his cheeks had subsided. Before she could take a look at the layout of the bedroom, she hurried to the mirror to look at her face.

Except for fingerprints, the face is no longer swollen. The hair is very messy. She picked up the comb and combed her hair, tied a ball high up, making her whole body much refreshed.

The clothes on her body are the same as yesterday's clothes, and Suzi can't manage that much anymore. She only gently opened the door to go out.

Outside the bedroom, there was silence.

Suzi walked down the corridor and down the stairs to the living room. Just about to check around, he heard a calm voice characteristic of early morning: "Are you awake?"

Suzi was taken aback by the sound.

She turned her head and saw the man sitting on the sofa.

The man's white suit yesterday is no longer on his body. It is replaced by a smoky gray fit suit. The man's hair is not messy, and the beard on his face is clean and shaved, leaving only a layer of blue and black. The man is long. The posture of sitting with folded legs gave Suzi an illusion, as if he hadn't slept last night and he had been sitting here all the time.

However, the man changed his clothes.

Although this suit is smoky gray, it looks clean when worn on a man.

A man is indeed a clothes rack, Suzi thought to himself.

What about herself?

Although when she was in the bedroom just now, she brushed her hair a few times and pulled up a ball head, but because of her impatientness, plus the elastic cords, bows and the like that didn't tie her hair, she could only tie her hair with her hair. .

Just now I walked downstairs, and my hair was loose again, and a lot of hair was messy on my cheeks.

Although her face was swollen, the blue and red complexion on her face was a plain face without makeup, and it suddenly looked like a little tabby cat playing outside with a dazzling face.

Coupled with her a little dirty white casual sweater, and her blindfolded eyes wandering around.

This kind of Suzi, standing in front of a man in a suit and leather shoes, looks like a teacher or uncle of a high school student who has done something wrong.

The man sitting on the sofa was stunned.

“I want to talk to you about the future of our two people.” The man said gently to Suzi.

Chapter 842

Suzi smiled.

When she smiled, she tilted her head, she really thought the man in front of her was ridiculous.

“May I ask, do I know you?!” Suzi, who tilted his head, asked Pan Haoyang straightforwardly.

“You know my name is Pan Haoyang.”

“That’s because of my husband! Do you understand my husband? My husband is going to take down your entire Gasing Island, so my husband

treats you Gasing Island owner and all his relatives. You Pan The family knows everything well. Therefore, I can tell that your name is Pan Haoyang based on your age and body appearance alone.” Suzi sniffed.

“So I said, you are very smart.” Pan Haoyang had 12 points of patience with Suzi. He just sat on the sofa and looked directly at Suzi.

Suzi actually saw a kind of eagerness in his eyes.

That’s right.

Pan Haoyang looked at Suzi with eager eyes.

Suzi was clever and got goosebumps. Moreover, she was speechless for a long time without speaking: “...”

Pan Haoyang’s breath is extremely stable: “Suzi, while you understand our Pan family, I also understand you. Would you like to listen to me?”

“Say!” Suzi nodded with a sneer.

“You have been very unfortunate since you were a child. You lost your father at the age of twelve. Your mother also disappeared while you were in jail.” Pan Haoyang said.

“Jarod told you!”

Pan Haoyang: “So, I know that you have been in jail, that you were pregnant when you were unmarried, and that you were chased and killed by Arron for six years. You and your brother led your daughter to live a life of displacement.”

“That was me who was chased by Jarod’s family! Not my husband!” Suzi was angry and laughed.

“But you used to think he was chasing you, didn’t you?” Pan Haoyang asked rhetorically.

Suzi: “...”

“Why do you think Arron is chasing you?” Pan Haoyang asked and replied, “That’s because you wanted to marry Arron, and Arron was very cold to you, extremely cruel, even if you did your best to take care of him about to die His mother, you are so good to his mother, and he still despises you very much. You used to be so desperate under his nose, didn’t you?”

Suzi: “...”

“Suzi, you are very responsible. And very conscientious.

This can be seen from the fact that you agree to go to jail for Lanita. Not only do you have a conscience, you also know how to repay you, even if the Lin family is not good to you.

You missed the chance to go to university because you went to jail for Lanita.

But even so, you can learn architectural design in prison.

This shows that you are able to endure hardships, and you are willing to study, and that you are talented.

Your talent is not only reflected in architectural design, but also in the world.

You have a cool head, just click and pass, very transparent.

A woman like you is hard to find in this world. “

The words and sentences that Pan Haoyang said were all funded by what he wanted to say in his heart.

Of course, when Lanita said this to their Pan family, she was not talking about Suzi's merits, but a term that pointed to the opposite. But even so, Pan Haoyang was still able to analyze the real cause of the matter.

When he was still in Gasing Island and had never seen Suzi before, Pan Haoyang thought in his heart: What exactly does Suzi look like?
