

Chapter 861

Darius's mother also lived in simplicity.

Therefore, Suzi can understand that Dalia is also very simple, and she may have very few people talking. Now that she has Suzi as a companion, she talks more.

"Thank you Sister Shan for treating me as a friend. Actually, I don't have many friends. I was lonely since I was a child. Later I got to work and met Galia and Rayna. Speaking of Rayna, I still have fate with you." Suzi smiled.

"Really?" Dalia's eyes were clearly flashing. She grabbed Suzi's hand and said: "A person who can be your friend must have a good character. You said she has fate with me, what fate is it? Ah, is it the girl I know, who is it?"

"It's your husband Kraig's nephew, Lenny's girlfriend, Rayna. You two may meet in the Jun's house in Kyoto in the future. You know, Rayna is a bit grumpy, but she is honest. People." Suzi couldn't help but collapsed Rayna.

"That's great. In the future, in Kyoto, I will also invite her to go shopping with her to do beauty treatments. I forgot to talk about beauty treatments. I haven't finished what I said to you just now." Dalia said.

Suzi nodded: "You said Sister Shan."

"I'm telling you." Dalia seemed more enthusiastic than before, and more relaxed: "The son of our family, he is a wolf, and I don't know how he is a 35-year-old man. It's so powerful, and he's so overbearing that he doesn't allow me to wear my favorite clothes. He just likes to see me wearing high heels, wearing a skirt, and twisting my hips. Even if I come here with him now At the shooting range, the mountains and plains can't wear skirts anymore, he told me to wear sportswear with such a waist."

On the surface, Dalia seems to be arranging Kraig.

However, Suzi could hear Dalia's love for Kraig.

"Sister Shan, do you love Kraig very much?" Suzi asked.

Dalia nodded gently: "He is my sister's life."

Suzi originally wanted to say: "If you love so much, then get married soon."
But she didn't say.

The woman loves the South so much, but the two have no intention of getting married. It must be because they think this is the most comfortable way of life.

Suzi is the most transparent person, so he doesn't ask anything.

She only said: "It can be seen that Kraig also loves you very much, because every time he is with a good brother, he will take you with him. This is the standard for family members."

Dalia smiled: "Yes."

"Hey, I said you two women, what are you talking about? Don't come here quickly, we two big men are here to teach you shooting. You came here, but you are talking about the sky." At the other end, Kraig After smoking a cigarette with Arron, they turned around and called Suzi and Arron.

"Come here now!" Dalia said immediately.

If the language was necessary, she walked towards the shooting range with Suzi.

Coming to Arron and Kraig, Kraig said kindly: "Hello, brothers and sisters."

“Hello.” Suzi smiled slightly.

Kraig looked at Dalia again: “Xiaoshan, what did you say to Suzi?”

Dalia whitened Kraig and said, “It’s not about you. You won’t let me wear a little looser when you come to this shooting range. Don’t you know that someone else...”

Halfway through the conversation, Dalia suddenly stopped.

Her face receded, and she said to Kraig cautiously: “Ayu, I’m sorry, I...”

Kraig’s face was slightly cold, and he didn’t say a word.

Suzi looked at Dalia incomprehensibly: “What’s the matter, Sister Shan?”

Chapter 862

Dalia immediately turned to look at Suzi kindly: “It’s okay Suzi, it’s okay.”

Her smile looked like a Wang Qingquan in Suzi’s eyes, but also like a deep pond. I feel like a gentle big sister to Suzi.

Suzi couldn’t help but want to care about it.

However, seeing Dalia’s smile on his lips, Suzi had no choice but to give up.

His own man was right in front of him, and the man didn’t speak, and Suzi couldn’t say anything.

Fortunately, when she saw that Kraig’s face was only cold, she immediately eased it down again. Kraig raised her arm to give Dalia a hug, then put her arm in her arms, and asked warmly: “Is your body uncomfortable? ?”

Dalia shook his head: “No, Ayu, I’m fine. I just saw Suzi wearing a loose style, and suddenly wanted to wear it, but Suzi and I have different temperaments. Suzi wears it. If it is loose and good-looking, I may not be good-looking. Besides, I always trust your vision. The style you choose is the most suitable for me. I like it.”

Kraig’s tone became warmer: “Well, just like it, be good.”

Dalia blushed, and his voice was very small: “I’ll be good.”

The two people whispered like this, but put Suzi and Arron aside.

At exactly this time, several more cars were parked on the periphery of the shooting range. When they saw the cars parked, Kraig let go of Dalia, and then looked at Arron.

Arron said to Suzi: “I’ll teach you later, let’s talk about something first.”

Taking advantage of Dalia’s carelessness, Suzi glanced at Arron in vain. He really didn’t know whether he came to teach her to shoot or to talk about confidential matters.

However, now that there are outsiders here, Suzi has always hated being low-key and sensible.

She said nothing, just nodded.

The two men passed, and there were only two women left in the shooting range.

Suzi came to Dalia: “Sister Shan, are you feeling unwell? Isn’t it here... a period?”

Dalia shook his head: “It’s not... it’s an abortion... a pregnancy.”

Suzi: "..."

Her surprised expressions were all written on her face: "Jun...Mr. Jun, she...doesn't she like children? You...didn't you just say that he is thirty-four-five? Years old?"

Kraig is two years older than Arron, and is already three to five this year.

When do you plan to have children?

Speaking of the child, a trace of loneliness flashed across Dalia's face. She lowered her head, took a deep breath, then looked up and smiled at Suzi: "It's okay."

Suzi: "..."

She could see that she was not a talkative person, especially when it came to other people's private affairs, she would not question too much.

But Dalia asked her, "What about you? I have been with Fourth Master Fu for so long, and...have not been pregnant with one?"

Suzi's face blushed: "Well... we also... don't have contraception, just can't get pregnant. It may be the only time I gave birth, my body is very poor, after giving birth, I will even I didn't do the confinement, so I ran around with my brother and children, so...now I have very few periodical holidays, I think I might not be able to give birth."

Seeing that Suzi's tone has also become dim, Dalia came back to comfort Suzi: "Don't worry, you will have more chances after you are less than 30 years old this year. At least, Fourth Master Fu is willing to let you do it for him. It's great to have a baby. When you have a baby again, I will come to see you at the first time and make you confinement rice. I will tell you that the confinement rice I made is delicious. "

Chapter 863

The big sister Dalia comforted Suzi, which made Suzi's heart warm.

She also casually said: "Sister Shan, you are not too big."

"I'm getting old." Dalia raised an eyebrow and smiled: "Isn't you looking at me as young?"

Suzi: "I'm twenty-seven this year. You look one year older than me? Two years old, right? I suspect that you are younger than me. I still call you Sister Shan."

"Little sister, you are really cute. From the first time I saw you, I thought you were cute, you have your own arrogance, and you are indomitable. It's good. I envy you and admire you. Sister... You are seven years older, and I am thirty-four this year, six months older than Kraig."

Suzi: "..."

She refreshed her cognition again: "Sister Shan, you...what did you say?"

"I have been with Kraig for five years. The year I was with him, I was 30 years old." Dalia smiled.

Suzi: "..."

For some reason, sadness came from it suddenly.

She felt a little pain in her heart.

Such a gentle, intellectual, generous and kind woman, who has been with a man for five years, does this man give her a child?

It may be that Suzi felt sorry for her, Dalia smiled: "It's okay little sister, we are all grown-ups, I love Kraig, and Kraig loves me too. It's quite suitable for us. It's you. , You really met a good man, your man Arron doesn't look cold and ruthless on the surface, but he gives you all his love and is willing to let you have children for him. Cherish it. Your happy life."

Suzi nodded: "Thank you, Sister Shan."

After a pause, Suzi said: "Sister Shan..."

Dalia smiled: "Huh?"

"Sister Shan, if you have anything in the future, if you need my help, just tell me, I am..." Suzi bit his lip and said sincerely: "Actually, I can eat this world. Any hardship, can do a lot of physical work, can bear anything that can't be endured, if you have something, tell me, I might be able to help you."

"I understand, thank you sister. Thank you." Dalia's eye circles were a little red.

At exactly this time, the group of people who got off the car just walked towards Suzi and the others slowly.

Most of the people who came were older than Arron and Kraig, and Suzi didn't know any of them.

When they came to them, the talents respectfully shouted to the two little women: "Hello, Mrs. Fu, and Mrs. Jun."

Dalia smiled and nodded, then hid behind Kraig.

At this time, Arron also introduced: "Suzi, let me introduce you. Those who came today are all the top leaders of the Fu Group and all my confidantes. The reason they are here today to know you is because Because it won't take long, we have to go to Gasing Island."

Hearing Arron's words like this, Suzi was taken aback.

Immediately afterwards, I heard all those subordinates respectfully say: "Madam, we will be as loyal to Fourth Master Fu, and loyal to you."

Suzi burst into tears: "Arron, you...what do you mean by telling me these things? Didn't you bring me to the target today? Why did you suddenly accept them to me? Arron? "

Arron smiled: "As the wife of the president of the Fu Group, you should have known them long ago."

Chapter 864

Suzi cried and looked at Arron: "Arron, it is actually very dangerous for you to go to Gasing Island, right? You are already thinking of a way out for me and the only one, Arron, I don't want you to be like this... Knowing that I have no right to prevent you from letting you go to Gasing Island, because there are all the memories of our mother, I am sure not to prevent you from taking revenge.

But Arron, I and the only one we can go together.

Born to death together.

Can't the three of us die together?

I have never lived a life of great wealth and wealth. I don't want all those riches and powers. I can live without those things. I lived in exile for the past six years. Life is so difficult. My brother, I survived like a beggar.

I am a very viable Arron, and I don't want that wealth and power.

If I and the only one have no you in this life, those powers will not make any sense to us.

Arron! “

Suzi looked at Arron with a pleading expression.

This is the first time that the most core executives of this group of Fu Group have met their president's wife collectively.

It was just hearsay before.

Why Siye Fu violated many of his principles personally for this woman like a prisoner.

All the men in the upper circle of Nancheng turned around this woman.

Even Siye Fu is no exception.

A vixen is a vixen, who is born to seduce men.

And so on, these executives really heard a lot in private.

However, no one dared to comment half a sentence about Master's private life in front of Master. These executives only knew that their Master had lived for 30 years and was very abstinent. What a seductive woman is all dung here in Master.

Only when the Fourth Master met his wife, the Fourth Master returned to normal, giving his wife all the gentleness and pampering that a man should have.

These people have also speculated and discussed in private: “The madam’s skill in seducing men is first-rate!”

“Of course! Otherwise, how could it cause a sensation in the upper circle of the South City back then? You must have a wrist.”

This is a private discussion of these people, and no one dared to say this in front of the Fourth Master.

Otherwise, they still have to be chopped into mashed meat?

However, when they saw the wife saying these things to the Fourth Master in tears with their own eyes, they suddenly realized that it was not the case.

It turned out that it wasn’t the wife who used any superb means to seduce the Fourth Master.

Rather, she is using her heart to love Fourth Master.

An extremely affectionate heart.

There are countless women in this world who want to marry the Fourth Master, but they can tell whether they want to marry the Fourth Master or whether they want to marry the Fourth Master’s financial rights?

If Fourth Master Fu of Nancheng had nothing and became a beggar at the foot of the South City Wall, would those women still rush to Fourth Master Fu?

Definitely not!

But Madam, she will never leave Master.

Madam only needs to be with Fourth Master.

What she wants is not the wealth of the Fourth Lord.

“Madam...” At this time, Christopher said from the side: “Nothing will happen to the fourth master, and nothing will happen to you and the little princess.”

The executives behind them all said: “The Fourth Master and Madam, and the little princess will be fine. Madam, you don’t have to worry about this.”

Arron also squeezed Suzi’s crying red nose, and said plainly: “Are you ugly? In front of so many executives in the company, you have no image of crying at all!”

Suzi: “...”

Chapter 865

She...she doesn’t cry at all, okay!

Since she was a child, she hasn’t cried as much this time as she has been. How long will she cry?

Hate it!

Thinking like this in his heart, Suzi said nothing.

She only pursed her lips and looked at everyone with tears up her eyes: “I’m sorry, I made you laugh.”

Yubi changed a shallow bow to a group of executives.

She is very decent, even when she is crying, she can still maintain the steadfastness she deserves.

The senior executives have a new level of favor with Suzi.

They all smiled sincerely.

This smile made Suzi's heart a little easier. She looked up at Arron: "Arron, don't lie to me... Are you really okay when you go to Jiaxing Island this time?"

Arron sneered: "What do you want? Curse your husband? What is a Jiaxing Island? I was born and died. That was when I was only 20 years old 15 years ago. Now I have a child, a wife. With that, I have long since stopped talking about birth and death. The reason why I chose to be here today for you to meet them is just to ease your tension.

Otherwise, you will be brought to the company directly to meet them directly for the first time. Don't you want to hide yourself in your arms? "

Hearing Arron's words like this, Suzi blushed immediately.

She pressed her nose in embarrassment and said, "Why do I have to let me see them?"

"Do you want to hide?" Arron asked.

Suzi: "What?"

"You are the wife of the president of the Fu Group! In the future, whenever the group company has big events, big occasions during the New Year and New Years, you, the wife of the president, will attend. Even the company will have long-term cooperation with large multinational companies. At that time, it is also necessary for us and my wife to attend together, so that the credibility can be higher. Do you think you, the president's wife, are just walking around the mall, so it's as simple as beautiful nails?"

“Oh...this is true, I will definitely take the responsibility.” Suzi was finally relieved.

Then, there was a smile on his face, that smile looked like a little girl, and the smile was open.

Not far away, in front of another target, Kraig and Dalia also looked at Suzi with a smile.

Suzi was even more embarrassed. She worked hard to eliminate the embarrassment in her heart, and then confidently and humbly said: “I know that Mrs. President’s task is very heavy. I will definitely pay more attention to it in the future. Whenever I need to attend a large-scale event, please elders to teach me more. I think I will be able to perform this role.”

Arron hugged Suzi: “Well, if you want to be qualified for the role of the president’s wife, you must first learn to shoot!”

Hearing the shooting, Suzi became interested immediately.

“Huh!” She raised her eyes and looked at Arron playfully: “I dare not say anything else. I must learn those social situations and so on, and I have to learn it seriously. But I am still very confident about shooting.”

When it comes to shooting, Suzi is really confident.

She once really got good grades.

Her eyesight is extraordinary.

“Well, why don’t you give it a try?” Arron said with interest. He asked Christopher to hand over an air gun. Suzi didn’t need him to teach how to use it. She was familiar with it.

After all, it has been used before!

She has never forgotten her hobby.

She also wanted to show it in front of her husband.

Holding the gun like this, aiming at the target: “Boom, boom...” shot out several shots in one breath.

Christopher has already ran over and took a look.

“Not bad, Assistant Yan?” Suzi asked, raising his voice.

Christopher: “...”

Chapter 866

“Hi!” Suzi still shouted Christopher loudly.

She is very familiar with Christopher, so she is not so cautious: “I said Assistant Yan, you are talking, don’t tell me, you professional, Siye Fu’s bodyguard, you with first-rate marksmanship, and you didn’t beat me so well. Don’t tell me that my results are in the 9th and 10th rings?”

Christopher: “...”

“Assistant Yan, don’t be embarrassed, let me tell you, this is my strength, I have a different talent for designing this sport, you are not ashamed of me...”

Christopher: “...”

Well, I have known Madam for so long.

Six years!

Six years ago, Christopher had a good impression of his wife. He had always felt that his wife was calm and pragmatic. He had never felt that his wife was so indifferent.

“Madam...” Christopher shouted: “You... do you know what it means to miss the target?”

“Puff...” From afar, on the shooting range on the other side, Kraig burst out with a smile.

Dalia next to him immediately beat Kraig: “Kraig, Suzi is still a little girl in her twenties. Don’t laugh at her like that. She will be embarrassed.”

Kraig raised his arm around Dalia’s small waist: “Why, like Suzi?”

Dalia nodded: “I have liked this girl since the first time I saw her. I don’t have any relatives, so I always think she is a relative. What are you doing, Kraig, are you jealous?”

Dalia felt the man’s hand holding her waist tighten.

Kraig’s image to outsiders has always been gentle and graceful, joyful and angerless.

However, Dalia, who has been with Kraig for five or six years, knows how overbearing Kraig is.

Sometimes she thinks again, maybe only she understands why Arron and Kraig are so iron and good brothers.

Because the two people have very similar personalities, they share the same wolfishness, common cruelty, and common coldness.

However, Arron became calm on the surface.

On the surface, Kraig tended to be gentle.

Kraig's eyes looked deep at Dalia: "Of course I'm jealous! Little woman, you can only be mine!"

Dalia's tone was sweet, obedient, and a little bit pampered: "I know, brother Kraig."

Kraig is half a year younger than her.

In many cases, she made Kraig psychologically.

Let him spoil himself, let him speak unreasonable, let him be domineering.

Everything is up to him.

Who made her love him?

"Don't call me younger brother!" Kraig ordered.

"Then what do you want me to call you?" Dalia asked, bending him a glance.

"Husband!"

"I know, husband." She poked him gently.

"Woman, do you want to die!" The man was fiercely on Dalia's abdomen.

Dalia's face suddenly reddened: "Yu, don't... someone will see it here."

"So I ask you, why do you seduce me in front of so many people!" The man began to be unreasonable again.

Dalia: "..."

When did she seduce her.

He asked her to call her husband, she obedient, called her husband, and he said she seduce him.

I really don't want to care about such a man.

She turned her head away and looked at Suzi, who was shy and embarrassed because he missed the target.

Here Kraig gnaws her behind her mirror.

Dalia: "..."

She wanted to be decent, looked at Suzi at the end with a gentle and generous smile, and worked hard to restrain the extremely itchy heart that was gnawed by him.

That is torture.
