

Chapter 885

Dalia: "..."

How come this little thing is going to happen like this.

No wonder she often heard Kraig say: "Old Fu has become a daughter slave now! Who was he before, he killed and decisively, never saw a smiling face, and never had feelings for anyone! It's good now! Every day, as soon as I come back from the company, I go home directly. Interact with that little thing."

If anyone has such a small thing, whose heart will not be melted?

"Come on, Auntie, my mother is still waiting below," After Dalia quickly washed and put on makeup, Lilly led Dalia out of the living room together.

She only heard her mother say yesterday that she would take another aunt to the mall.

Lilly likes to make friends most.

There are a lot of friends in the kindergarten.

Mom's friend is also her friend.

Just like that, the little thing in the flaming red skirt led Dalia downstairs.

Dalia has always been with Kraig in a slightly mature dress, decent and generous.

Only today, when she was so stunned by a little thing, she looked much more fascinating.

Originally a 35-year-old woman could not be considered young by reason, but Dalia has followed Kraig in recent years and has been well taken care of by him, and she has nothing to worry about, so she looks not much bigger than Suzi. .

At this time, Suzi was sitting in the living room, talking to Kraig.

Kraig is gentle and smiling, but Suzi has always been quiet. The two people have been sitting in the living room downstairs for a while. Suzi didn't speak much, it was Kraig who was asking her.

"It was good to practice shooting yesterday, right?"

"Yeah."

"Your architectural design..."

Suzi: "What's wrong?"

"The work is getting smoother, right?"

Suzi: "Yeah."

Kraig: "..."

He patted his knee and smiled: "I really don't know how you two get along with Fu."

Suzi smiled slightly: "Actually, it's okay."

Now when she is in front of Arron, her words have changed a lot, including when she is in the company, getting along with colleagues, and with Rayna and Galia.

It's just that she is not very familiar with Kraig, so she asks and answers each sentence.

"Your children and you are different...The little thing is ghostly, I suspect that she has said what you two said alone." Kraig laughed.

Suzi lowered his head lightly and smiled: "Uh..."

At this moment, Lilly led Dalia downstairs.

Suzi was shocked, and then blurted out: "Sister Shan, you are so beautiful!"

Although she is not familiar with Kraig, she has a deep affection for Dalia. Until now, Suzi still remembers the first time she married Arron to meet Kraig and the others, in a big box, she seemed to go to Standing in the box like the execution ground, Dalia always looked at her with a slight smile at that time.

When people are at their most depressed, the person next to you can not fall into trouble for you, but encourage you with a smile, handing you a chapter of paper to wipe, handing a bottle of water to drink, it is enough to make her grateful for a lifetime.

When Suzi said this, Kraig also looked up at Dalia who had just walked down the stairs. His eyes met Dalia's eyes, and Dalia's face turned red.

"Does it look good, Kraig?" she asked nervously.

Kraig was stunned: "..."

Chapter 886

To be honest, the woman in front of me has changed a lot from the past.

In the past, her mature dress revealed a sexy taste, which was also Kraig's favorite taste.

Today, she is dressed very vigorously and jumpy, yet mature and sexy.

There is also a layer of pure vitality.

After all, the woman is taking care of it so well. Putting on this dress, it is hard to tell that she is in her thirties.

It's like a charming little girl.

Kraig's heart was entangled.

He joked gently: "Whatever you wear is beautiful."

Dalia smiled and said, "Kraig, I'm going shopping with Suzi."

Kraig: "..."

She seldom goes out. In her home in Kyoto, there are so many wealthy people who want to go shopping with her for tea. She doesn't go there. She always stays deep and simple. She is only willing to come out if he takes her with him when he is going out. .

At this time, I heard her saying that she was going to go shopping with Suzi and Lilly in a shopping mall, but it was quite a surprise to Kraig.

Kraig could tell that Dalia liked Suzi very much.

What is this?

Gather people in groups?

She is a woman who doesn't make troubles, and Suzi is even more so, so the two women are very close to each other.

Kraig took out a black gold card and handed it to Dalia: "I am older than Arron. Suzi should call your sister-in-law. When you go shopping together, you should pay for all the expenses of the sister-in-law."

"I know." Dalia took the card.

"Come back early, your health is not good lately, don't be too tired." He asked her again.

For some reason, she always felt like she would stop being abducted by other men in this suit.

"I know!" Dalia smiled softly.

The little dumpling next to him looked at Dalia and Kraig. She suddenly shouted, "Uncle Jun."

"Yeah! Little thing, what are you thinking of calculating my tricks!" Kraig calmly looked at Lilly.

Suzi humorously stopped Lilly: "The only one, don't be as big or young as Uncle Jun!"

Lilly lay on Kraig's lap and said solemnly: "Uncle Jun, today auntie wears so beautifully, only a little worse than my mother, but she is very beautiful and beautiful, and there is no Aunt Shanshan on the street. Such a beautiful woman, I decided to help Aunt Shanshan find a beautiful boyfriend, what do you think, Uncle Jun."

Kraig: "..."

After a pause for two or three seconds, he lifted his slap: “I beat...”

“Coco...” Shen’s only short-legged jogging don’t slip away.

Suzi and Dalia also looked at each other and smiled.

Suzi said apologetically: “Mr. Jun, she is the only one who was spoiled by Arron at home, don’t mind. Let’s go first.”

Kraig nodded.

Suzi came by car. Dalia could not drive. She and Lilly only sat in the back.

The little guy is a silly talker, so he got in the car and started chatting with Dalia: “Auntie, we have to pick up two aunts.”

Chapter 887

“Oh...” Dalia looked at Suzi, “Suzi, is it convenient for me to see your friends?”

“What’s the inconvenience? One of them is also your Jun’s fiancée. You may see each other frequently in the future. Her name is Rayna, and the other is my colleague, Galia. You will love it if you meet.”

Suzi was right. Dalia liked this little girl very much when he saw Galia who was lively like a little pepper.

Rayna, who was standing with Galia, was a little shy.

Dalia asked Suzi in a low voice: "Didn't you say that this girl is also quite savage?"

"She!" Suzi glanced at Rayna: "She is just a nest! She dares to be aggressive when she is acquainted with her. She is stupid if she is unfamiliar."

Dalia was amused.

"That..." Rayna said embarrassingly: "Lenny told me when I came, he said you are him...aunt, let me call you aunt. Aunt. Hello."

Dalia: "Rayna, right?"

"Auntie."

"Why are you so honest?" Dalia couldn't help worrying about Rayna.

Dalia still knew a little bit about Kraig's nephew Lenny. She didn't know how Kraig fell in love with this honest little girl, who was probably carrot and green vegetables.

She could see that the little girl was very, very loving.

However, the Kyoto family is not an ordinary family.

No one in the whole of Kyoto can match the monarch's family, and because of the great family, there will be differences within the monarch's family. The reason why Dalia can be alone is because no one's rights in the entire monarch's family can exceed the monarch's rights. Kraig. But for the remaining people, you vie for me, you rob me, if you are a sincere person like Rayna, you will really suffer.

Hearing Dalia boasting about herself like this, Rayna respected Dalia more: "I...actually, I used to be very bad, and my character was not very good. After

I got closer to Suzi, I suffered. I don't have much culture or ability under the influence of Suzi. Please auntie to bring me more in the future."

Dalia smiled and said, "Okay..."

In my heart, the little girl looked more and more happy: "When I come to Kyoto in the future, I still have a companion."

Rayna thought so too, she nodded happily: "Yeah."

Due to Suzi's connection, the four women quickly got to know each other. Dalia was older and therefore more stable, while Suzi and Rayna Galia were about the same age and were relatively lively.

The little servant Lilly always wanted to be in line with the four big beauties, so he always regarded himself as a little adult.

Seeing the four beauties chatting in full swing, the little attendant followed the four beauties with stitches and murmured: "Four aunts, you can have the only one to help you carry the clothes and bags."

"I'm your mother!" Suzi scolded angrily.

"Um, little dumpling... are you sure, you can carry it?" Galia looked at Lilly only kindly.

Rayna said sympathetically: "Oh, my little bun, you...this will crush you so you don't have to grow your head. For a while, you won't have to carry it alone. Auntie will help you carry it."

Dalia, who is a little older, has a kind of motherhood on her body. She squatted down and gently said to Lilly: "The only one, how come you are so behaved, such a sensible baby, you are only six years old, and you know how to help mother and aunt. Are we carrying bags?"

Dalia liked the kid more and more.

In particular, the child immediately said with an air: “Well! You are all my mother’s friends. How happy my mother is with you. Seeing my mother happy, I am also very happy. Help you carry your bags. Not tired.”

After finishing speaking, Lilly blinked his eyes and looked at Suzi who had just rebuked him.

Suzi’s heart was warm, and he hugged Shen’s only head and kissed fiercely: “It’s really mother’s baby...”

Lilly was also surrounded by four big beauties, and he was very happy.

Just like that, no one noticed that not far away, a woman was looking at five beauties, four big and one small.

There was a lot of jealousy and vicious light in the woman’s eyes. She took out her phone and dialed out: “Dad, I saw Suzi and Dalia, talking and laughing, and Rayna. They, unexpectedly united. Together!”

Chapter 888

The woman is Jun Liuye.

Jun Liuye married from the Jun family in Kyoto to the Xu family in Nancheng for a reason.

Jun’s family is second to none in Kyoto. Jun Liuye naturally looks down on Xu Zetong, but when Jun Liuye was in his twenties, he liked a foreign man.

But never thought that the foreign man is a spy.

Back then, because he wanted to get more information from Jun Chengyin, he deliberately approached Jun Liuye.

Later, the foreign man was found out, but Jun Liuye had been pregnant for five or six months. Fortunately, the Jun family's big business had concealed the scandal of Jun Liuye, and he was pregnant for six months. The child was also secretly dropped.

It was a black kid who looked like a piece of black charcoal from head to toe.

They are all formed, but they have no right to live in this world.

Although Jun Chengyin kept the matter very strict, some people in the upper circles inside knew something about it, so that no one wanted to marry Jun Liuye even if the Jun family was so wealthy and powerful.

Jun Liuye can only marry away to Nancheng.

It happened that Xu Ze had just returned from the same family in the same year and didn't know much about domestic affairs. He thought he was married to the eldest lady who had great wealth. Later, he discovered that Jun Liuye was equivalent to being kicked out by the Jun family.

Jun Liuye didn't go back to her natal house very often, and the Jun family seldom communicated. Xu Zetong couldn't use the power of the Jun family to expand Xu's career.

So, this... For many years, Jun Liuye didn't eat well at her husband's house.

Jun Liuye has always wanted to win some light for her in-laws, and she has always wanted to ease the relationship with her natal family, after all, her father still holds an important position.

At this moment, when Jun Liuye saw that Suzi, Dalia and Rayna were together talking and laughing while shopping for dinner, Jun Liuye's heart trembled.

In the past, it was just that Kraig and Arron had an extraordinary relationship.

Now, the women and children are all together.

Jun Liuye immediately told his father the news.

At that end, his father Jun Chengyin's tone really sighed: "Eh...Since my father was demoted because of your business, Kraig's sphere of influence has been in full swing until now. Instead of me, he became the most authoritative person in our Jun family. Actually, this is not surprising, Kraig has always been towards Arron."

"Dad!" Jun Liuye said: "But this shows one thing!"

Jun Chengyin asked: "What's the matter?"

"Arron is brazen about Jiaying Island!" Jun Liuye said.

Jun Chengyin: "..."

"Dad, for the sake of Grandpa Shu, you seconded so much manpower to Gasing Island, but now Arron is still so casual. What does this mean? It shows how much you can second to Gasing Island and how much Kraig can second to Gasing Island. Yes. Maybe more than you. If this is the case, Arron is sure to win! This time in the battle of Gasing Island, if Arron wins? Dad, have you ever thought about the consequences." Jun Liuye asked back.

Jun Chengyin: "..."

He hasn't thought about it.

However, the daughter was right.

If Arron was defeated, it would mean that Gasing Island was captured by his Jun Chengyin. Because of this military exploit, Jun Chengyin's position in Kyoto should be overtaken by Kraig.

But if Jiaxingdao falls into Arron's hands because of Kraig and Arron's union, then the Jun family will have to split first.

At that time, Kraig will definitely not let go of his second uncle.

"Liu Liu, you are right. Thanks to you reminding Dad that you can come to Kyoto when you have time. Dad will give Zetong a few projects to do." At that end, Jun Chengyin said to Jun Liuye. .

"Thank you dad, being a daughter should share some worries for you. This is what I should do. I will fly back to Kyoto to visit you with my child in a few days." Jun Liuye said very happily.

"Good."

"Dad, I'm dead."

After closing the thread, Jun Liuye hid behind the pillars of the mall and watched several women talking and laughing.

Suzi looks ruddy and healthy.

The unscrupulous one who smiles with a stern face, at first glance, is uncultivated!

Chapter 889

There is also that Rayna who is even less educated!

A shrew who wants to be uneducated, uneducated, and has no family background! But married to the eldest son of the family of the emperor, Jun Xiao, the young master Lenny!

Why!

Looks vulgar and disgusting!

And that Dalia!

It was a beggar back then!

A woman who is sold as a commodity! So fate with Kraig!

In the past six or seven years, if Kraig hadn't protected her, how could the upper class in Kyoto respect her! How could it be possible!

A wandering woman, a woman who almost starved to death in beggars, was even more moisturized than her, Jun Liuye, a real eldest of the Jun family!

Jun Liuye looked at the four women who were talking and laughing, and the more they looked, the more they became unbalanced.

Four women, all of them are humble embryos.

Suzi has also been in jail!

Wandering for many years!

Dalia's situation is similar to that of those in jail. Although the other two are better, they are just ordinary people in the market.

They really gather people and divide them in groups!

If Rayna and Dalia really marry into Jun's house, sooner or later Jun's house will be destroyed in the hands of these lowly women.

Thinking of this, Jun Liuye took out his cell phone and made a call.

It took a long time for someone to connect on that end.

"Hey, I thought you would never return to China in your life." Jun Liuye said angrily

The voice on the other end is very far away: "I want to come back, but I can't walk away..."

"If you don't come back, Kraig will really take that woman..." Jun Liuye said.

"Really...really?" The tone of that end was extremely flustered.

Jun Liuye sneered: "Why should I lie to you!"

Say yes, hung up the phone quickly.

Then she glanced at a few women again, she sneered and left the mall with a large bag of her own things.

At this moment, on the long chairs in the center of the mall for customers to rest, four women are talking and laughing, very happy.

“Sister Shanshan, you really lost your blood today. I’m embarrassed. The first day I met you today, you bought me so many things.” Galia looked at Dalia with some embarrassment.

Rayna was also embarrassed: “Yes, Auntie, how can I make you spend money?”

Dalia smiled: “You have called my aunt! The first time my aunt meets my nephew and daughter-in-law, she always has to give her a meeting ceremony.”

Dalia was indeed very happy.

Kraig saved her one million in this black gold card. This card was originally used by Kraig to keep her with her, but Dalia is a woman who doesn’t like to bring money. He and Junjing usually go out. Together with Yu, she can’t spend her money, so she usually doesn’t spend money.

But today, it was a happy time for her mouth to spend money.

With Suzi, Rayna, and Walton with three girls who were slightly younger than her, Dalia felt that his heart was much younger. At the very least, you don’t have to think about it like you did with Kraig’s other friends.

Today, she is very relaxed.

Also relaxed was Suzi. The happy Suzi was about to greet a few people to eat together, but the phone rang.

I picked it up and saw that it was from Gasing Island again, and the smile on Suzi’s face immediately disappeared: “Hey! Who are you!”

Chapter 890

Suzi thought that Joan might be calling.

At the other end, it really was Joan, with a kind of sadness in his gentle tone: “Suzi, it’s me, Joan...”

“I know it’s you!” Suzi was still very angry.

“Are you angry with me Suzi?” Joan asked.

“Young Master Chu, in fact, I shouldn’t say a lot of things, because after all, you went to Gasing Island because of me, but Young Master Chu, do you know that you can’t help me at all!” Suzi became more angry as he said.

Sitting next to her, the little dumpling who helped her hold the bag couldn’t help but look up at Suzi: “Mom, who are you arguing with? Mom, is someone bullying you? If someone bullies you, you Tell the only one, the only one will definitely hit her!”

Even though it has been more than half a year since being brought back by Arron, Shen’s only child still has to protect his mother at every turn.

Little things love mother very much.

Dalia next to him couldn’t help but feel sorry for the child.

Dalia held Lilly in his arms, and said to Suzi: “Suzi, you should speak quietly. If you have anything to do, you have to solve it slowly. Keep your breath still. This will scare the child.”

Suzi looked at Dalia gratefully. She covered the microphone and said to Dalia and two other friends: “Please take the only one to the gourmet side and find an Internet celebrity shop to sit down first. I will come over after I call. “

The three women nodded very understandingly.

Then, they led Lilly to the gourmet floor.

Suzi said to the phone: "Chu Shao, your parents found Arron because of your visit to Gasing Island."

Joan immediately explained over the phone: "Suzi, I have nothing to do with you when I came to Jiaxing Island. It was not you who encouraged me to come, but I did it voluntarily!"

"I know! But do your parents think so? They think I bewitched you, and then you listened to me, and then went to Gasing Island and worked for me! But I have never done such a thing!" Shen Speaking of Suzi's grievances and grievances and angrily.

After all, it has been so many years, the Nancheng people's mistakes made her always bear a lot of pressure, but one day, she will not be able to bear it.

At that end, Joan said, "Sorry, I didn't expect this..."

Suzi also said immediately: "I'm sorry, I'm sorry Chu Shao, I'm sorry! I...I shouldn't be angry with you, you...Listen to me, you don't want to do anything, just take advantage of it. When no one on Gasing Island knows about you, you should come back quickly. If someone knows that you are avenging the Lin family, if others know that you are Arron's cousin, you will be dead, do you know?"

"You are very worried about my life, right?" Joan asked.

"Of course!" Suzi blurted out.

Joan smiled: "Suzi, do you know?"

"What?"

"I went to the hospital secretly before coming to Gasing Island."

Suzi: “?”

“Your brother...” Joan smiled with a happy smile: “The hospital where Sanford recuperated, please forgive me for not telling you the address of that hospital, because it is an absolutely confidential hospital. , I can only tell you that Sanford is recovering very well now. Every day there is a doctor to help him exercise. Now he can walk a long way without crutches.”

“Really...really?” Suzi’s eye circles immediately turned red again.

When picking up the only two days after school, the only one who was still in the car sullenly asked Suzi: “Mom, where is your uncle? I miss your uncle. Uncle knows that I have a mom and dad who loves me very much now?”

Whenever Lilly asked Suzi like this, Suzi coaxed him: “Lilly, my uncle went to a closed nursing home to treat his legs. When you see your uncle in the future, your uncle will be able to walk. Are you happy?”
